P. T. Barnum, the great American showman of the 19th century, wrote this short book about making and keeping money. He certainly had life experiences that qualify him for the subject--he started a small newspaper in his twenties, bought and transformed a museum into a showplace for curiosities, built a circus empire that gave performances in America and Europe, promoted a performing tour of a singer, fell into debt in the 1850s and pulled himself out by lecture tours, was a mayor, and founded a hospital. Excerpts: "Those who really desire to attain an independence, have only to set their minds upon it, and adopt the proper means, as they do in regard to any other object which they wish to accomplish, and the thing is easily done. But however easy it may be found to make money, I have no doubt many of my hearers will agree it is the most difficult thing in the world to keep it. ... True economy consists in always making the income exceed the out-go." "Unless a man enters upon the vocation intended for him by nature, and best suited to his peculiar genius, he cannot succeed. I am glad to believe that the majority of persons do find their right vocation. Yet we see many who have mistaken their calling..." His advice is indicated by the chapter titles: DON'T

richest 1% live by. There are two major sources of financial opportunities - and dangers: The first danger stems from the major financial institutions, such as banks and Wall Street: these companies pay their employees and executives high salaries and bonuses - with your money! How does it work? Their investment advice, for example, may be based on making you invest in what gives them (or their employers) the highest commission. This means that the advice their financial "advisors" give you - most of the time - actually serves their needs - not yours. The practices outlined in book will give you the tools necessary to turn the tables and manage your finances to achieve your needs and desires. The second danger is market volatility, which is expressed by inflation, deflation, fluctuations in interest rates, currencies and the stock market. The practices outlined in the book will give you the ability to take steps to protect your money in times of uncertainty. You will learn how to use the volatility of the market as leverage to your advantage, to maximize your investments and earn a lot more money! Are you a "hunter" or a "fisherman"? While "fishermen" wait for things to happen ... "hunters" create thier own reality! As a "hunter" in the world of personal finance management, you face survival in a world of banks and financial institutions determined to achieve their own goals - at the expense of yours. Challenged by many dangers, eager to capture the best opportunities, you have to be equipped with the right tools. The Money practices outlined in the book will give you all the tools you need to become a successful "hunter" who knows how protect his money and achieve his dreams and

You Don't Need to Make Millions to Get Rich. Believe Me. This comprehensive 8-step guide provides the blueprint to achieve financial freedom at a young age, regardless of income. No B.S., just answers. In Get Rich Action Plan, you will learn the lifelong habits to become financially independent sooner than you thought possible. Do we really need another personal finance book? YES. The outdated status quo advice of "Save 10% for 40+ years" simply doesn't work. It's time to rethink the conventional wisdom that only serves to continue the vicious cycle of wage slavery and the "live to work" mentality. In an age of globalization and abundance, I'm here to tell you there is another way! It is time to change how we think about personal finance, budgeting, and investing. The 8 steps in this book each work in unison to create a rapid snowball effect that will make your money work for you immediately, so you can afford time off of work or even retire in your 30's. From saving money to investing to growing your income, all of the specifics are covered in this action plan. Get Started on the Right Foot and Change How You Think About Finances I have never made much money by Western standards. In fact, I have never made more than a middle class income. But by employing these strategies, I was able to increase my net worth dramatically at a very young age. It took only 6 years of full-time employment to

build an "FU money" fund of hundreds of thousands of dollars, providing me the freedom to travel and take time off of work to pursue other interests. I was able to do this by quickly taking action and ignoring conventional advice. After years of trial and error, I have developed a strategy and philosophy that simply works. And I want to share with you everything I have done to build this large nest egg. I have nothing to hide. The truth is that the path to wealth is not complicated, and you do not need to make millions to get there. More and more of us are realizing that financial freedom is possible in 10 years or less. But the media will never tell you this. Your politicians will never tell you this. They want you to live to work instead of work to live. Now is the time to flip the script and live free! The Time To Take Action Was Yesterday. The Next Best Time is Now. Whether you are in your 20's and looking for sound advice to get started, or you're later in your career and haven't really thought about financial freedom, it's not too late to start! Once you put these systems in place, financial independence will no longer be a lifelong battle. Ditch the 40-year plan and live the life you want to live. Get started today! **BONUS MATERIAL INCLUDED** I'm also excited to share **FREE** bonus material that highlights "27 Ways I Slashed My Budget By \$1818 Per Month." What is that lyric in that one song? "The lure of easy money has a very strong appeal". Maybe you decided to get into the day trading business of investing and/or investing and trading because you saw some late-night TV commercial about day trading with flashy offers. Perhaps you received a spam e-mail touting some day trading method or system that said you could make easy money in the markets; I suggest you reconsider if that's the case. *Death by Day Trading* is for all beginning aspiring investors and traders who are just getting their head around doing the day trading business who go online and do a search to find information on how to do financial market trading and it should be the first book a brand new beginner reads before any other books on trading as far as I'm concerned and will be the most harsh and brutal day trading book they have ever read. Everyone has their own ideas of what they think day trading is and what it can do for them; you need to look at it from a realistic perspective

from the start and *Death by Day Trading* is absolutely going to help you to do that. This book is for beginners and will detail many of the things that a brand new trader must learn not to do before they can become consistently profitable in the live markets. You're heard the saying "just say no to drugs", just say no to day trading and you and your account will be waaaaay ahead of the game to start off. Don't say I didn't warn you, OK, continue with your insanity and read the entire book to give yourself a fighting chance. *Death by Day Trading* can help you keep it simple and filter the huge amount of information out there down to only what you need to know right away and then can work towards adding more information and studies as you go. My trading philosophy is to start small and build on success have limited exposure while you hone your skills, then progress as you become more competent. You can use *Death by Day Trading* and the references, suggestions and tips in it to go further into your educational studies of the markets and there dynamics. Knowing market dynamics is going to be critical for you to have the winning edge you will need to be a successful market participant. By studying what this book suggests you will not become one of the 97% of the sheeple of the herd, don't become one of them.

story of lucrative applied probability with charm, wit, and humor. Whether you visit casinos for fun, dinner money, or a living, or whether you're simply interested in a story of romance and casino intrigue, this lively biographical novel will capture and delight you. Illustrations by the author. "I found the story tremendously entertaining, with a pantheon of compelling characters such as gambler Ed Thorp and bookie Manny Kimmel taking us from the casinos of Nevada to those of San Juan, Puerto Rico. Les Golden's novel is a triumph begging for adaptation to the screen."—LANA WOOD, Film and T.V. Producer, Actress ("Diamonds Are Forever") Best-selling Author, Natalie, a Memoir "Les Golden has an ever-increasing influence and burgeoning popularity. A significant name in the industry, the 'go to' man for strategy and anecdotal literary dexterity. I cannot acclaim his star highly enough."—JAMES MCKEOWN, Editor, iGaming Business Magazine and Gambling.com Magazine "Les Golden is a comedy genius. It really is as simple as that. An expert in the field, he makes getting educated not only painless but actually funny."—DAVE BLAND, Editor, Flush Magazine, British television pundit "I learn more about strategy through Les' writings than I do through many failed trips to Vegas. Always concise, easy-to-read, and intelligent."—JON YOUNG, Editor WPT (World Poker Tour) Magazine "Les Golden makes numbers hilarious. He's simply the funniest gaming strategy writer there is. His writing is 'rakish' and 'bond-esque.'"—PHILIP CONNELLER, Editor, Bluff Europe Magazine "The dialog crackles and the fictional elements brilliantly illuminate how cool Ed Thorp is. And there's just the right amount of blackjack and math. I love it."—AARON BROWN, Professional gambler, Wall Street risk manager Author, The Poker Face of Wall Street

prepare for and survive disasters, and a leader in the area of Disaster Recovery, Richard Lowe lays out how to make you, your family, and your friends ready for any disaster, large or small. Based upon specialized training, interviews with experts and personal experience, Lowe answers the big question: what is the secret to improving the odds of survival even after a big disaster?

You're thinking about your financial future and wondering how much you'll need to save to retire comfortably. But the real question you should be asking yourself is, "What is my income going to be and where is it going to come from after I retire?" The ballgame isn't over when you decide to stop working. You need to keep playing. Sam Marrella, a wealth manager with more than three decades of experience, can help you devise a powerful offensive strategy for your retirement years that focuses on creating a continuous stream of income. His financial game plan helps you achieve a "triple-double" and overcome the three great risks of retirement: -Bad timing-retiring before you're ready or right before a downturn in the markets -Inflation-having your money lose purchasing power over time -Longevity-living longer than you expected or longer than you can afford Chances are your pension, Social Security, and 401(k)s as they stand may not be enough for the long game. You need your nest egg to work harder in the last quarter so you can maintain your desired lifestyle. It's time to put Your Retirement Game Plan into action to help provide a lifetime of inflation-adjusted income...and win!

Praise for BUFFETT'S TIPS "John Longo and his son, Tyler, have performed a valuable service, taking the wisdom of Warren Buffett (the supply of which is ample) and distilling from it 100 'tips,' with the authors' own explanatory text, to guide the reader from financial ignorance to a degree of financial literacy. Along the way, there are useful lessons for life in general. If

Teacher shows you how to achieve financial independence through smart investing — without being a financial wizard. Author Andrew Hallam was a high school English teacher. He became a debt-free millionaire by following a few simple rules. In this book, he teaches you the financial fundamentals you need to follow in his tracks. You can spend just an hour per year on your investments, never think about the stock market's direction — and still beat most professional investors. It's not about get-rich-quick schemes or trendy investment products peddled by an ever-widening, self-serving industry; it's about your money and your future. This new second edition features updated discussion on passive investing, studies on dollar cost averaging versus lump sum investing, and a detailed segment on RoboAdvisors for Americans, Canadians, Australians, Singaporeans and British investors. Financial literacy is rarely taught in schools. Were you shortchanged by your education system? This book is your solution, teaching you the ABCs of finance to help you build wealth. Gain the financial literacy to make smart investment decisions Learn why you should invest in index funds Find out how to find the right kind of financial advisor Avoid scams and flash-in-the-pan trends Millionaire Teacher shows how to build a strong financial future today.

Have you been living from paycheck to paycheck? Do you have some money stashed under your mattress? Have you been thinking of ways to grow your finances? Do you practice financial discipline? Whether you've been wishing you were financially independent, or you've been living frugally wishing it would make you rich, this might be

a good book for you! The truth is, you don't have to be a math whiz to make your finances work! At 25 years of age, I've gathered my thoughts on personal finance and put them into this short book with the goal of sharing my experience so far. As far as personal finance is concerned, the most important thing I realized is that managing your finances is not only beneficial to your bank account. It is through proper personal financial planning that you can create a sense of stability that helps you achieve your personal, financial, and professional goals. This is something I truly believe in. As a worker and beginner investor, and as an average fellow like most, I can honestly say that I'm proud of my professional achievements so far. One of them is the writing of this book, the first of many I hope. Having purchased my first real estate investment property at the age of 24, I am now in the process of exploring new ways of investing the money I earn. Apart from the real estate investment, I own stocks from S&P 500 companies, I lend money to small companies and individuals using peer-to-peer lending platforms, amongst other things. And I wrote a book about it to share my views on optimizing personal finance management. A large part of planning our finances is about anticipating your dreams and needs. Although there is a chance that you already do this to some extent, you may not have thought about what you may need in the next 2, 5, or 10 years to come, right? Figuring this out is not an easy task! Here, I have put together what I think is helpful information to steer you in the right direction. In this short book I address the following subjects; -The basics of personal finance; -My golden rules
