EDIT: Updates for 2017! Added more spells, illustrations and a glossary. I compiled this Book of Shadows from a collection of spells I have been using since I started down my path. This book contains over 100 spells, a list of runes, how they can be used in spell casting and even crafting your own spells. I've collected these spells from several different sources, mostly from witches I have met in my travels and covens I have been a part of. I've tweaked a few of these spells to fit my needs from time to time and you can do the same as the words aren't what give the spells power, your energy is what really matters, so feel free to do the same and change what you want to suit your own needs. The craft of Magic is a constant fluctuating living thing and our ancestors have borrowed, changed, and made from scratch what we practice today. I hope this book helps you grow as a person and a spellcrafter. -Brittany Nightshade -Brittany Nightshade

Candles have been used for centuries to light the way in churches and temples, in religious ceremonies and in most religious practice. But you don't need to be a priest or priestess to use the energy radiated by candles. Cooper's book shows how to use this age-old energy to train your mind and change your life by the magical glow of candles. Easy-to-learn techniques and instructions are presented so you can create your own rituals, set up an altar, and make your own temple space.

Everything You Need to Know to Start Working Candle Magic Today The use of fire is universal in religious and spiritual practices throughout the world. However, it could be said that Wicca and Pagan traditions are where fire really takes center stage, whether it's a ritual bonfire, tall candles honoring the Goddess and God, or small tea lights marking the boundaries of the sacred circle. One of the most delightful ways to work with the transformative Element of Fire is through candle magic. Simple, elegant, and highly symbolic, candles make it easy to work with this power in the form of a single, mesmerizing flame. Candle magic is a way of harnessing the unseen energy of the Universe into particular thoughtforms that work to effect a change in the physical world-whether that change is tangible, like more money in your pocket, or intangible, like a more positive outlook on a situation that once seemed hopeless. Candle magic is not only powerful, but is also regarded as the easiest and most simple form of magic for beginners to learn. This makes it an ideal starting point for anyone looking to start practicing Witchcraft. But while this guide is written from the perspective of Wiccans and other Witches, you need not identify with these paths to benefit from the practice of candle magic. No matter your spiritual leanings, you will find valuable, empowering information within these pages. Unlike many other books on this fascinating topic, Lisa Chamberlain's Candle Magic goes beyond simply providing spells and a brief list of color correspondences. While these are certainly essential components of a book on candle magic, there's a much bigger picture to understand. Using core concepts found in the ancient wisdom of the Hermetic Principles, as well as long-held traditions of color associations relating to specific goals, Lisa takes readers through a step-by-step explanation of how fire and color work together to manifest the changes you seek. Rather than wondering whether magic works, you will actually know how it works, which tremendously strengthens your odds of success! Foundations of Candle Magic Although candle magic can be delightfully simple, there's still more to it than just lighting a votive and saying a few words out loud. Like any other art, there are technical (not to mention safety) considerations, as well as other "tricks of the trade." Everything You Need to Know to Start Working Magic with Candles, Crystals and Herbs Are you looking for some inspiration to take your magical practice to the next level? The Wicca Spellbook Starter Kit from best-selling author Lisa Chamberlain offers three collections of spellwork focused on the powerful energies of candles, colors, crystals, mineral stones, and magical herbs. Together, these books form a comprehensive grimoire of accessible, practical magic to help you further your own unique practice. Each Book of Shadows in this set expands on a form of magic covered in Lisa's three beginner guides, Candle Magic, Crystal Magic, and Herbal Magic. They can be used as companions to these guides, but they also stand on their own. The 160 magical workings within are designed for beginners and more advanced practitioners alike. Book of Candle Spells Book of Candle Spells focuses on working with the Element of Fire, and the potent vibrational frequencies of the visible light spectrum. Candles take center stage to varying degrees across this collection. Some spells are focused exclusively on the combined magic of candle and color, while others incorporate additional tools such as crystals and other color-appropriate ingredients. The spells are also organized by color, with chapter introductions detailing the magical properties and uses for the 14 colors most widely used in Wiccan and other contemporary magic. Book of Crystal Spells Book of Crystal Spells is devoted to the magical uses of the 13 crystals and other mineral stones introduced in Crystal Magic. Many of these spells are focused on aspects of emotional healing and energetic balancing, two purposes that crystals are uniquely suited for, but you'll also find more traditional goals represented, like prosperity, protection, and relationships. The spells are organized by stone, rather than by purpose, so you can develop a magical connection with different types of crystals, one at a time. You'll find an overview of the properties of each stone in the chapter introductions. Book of Herbal Spells Book of Herbal Spells builds on the information from Herbal Magic, with a chapter for each of the 13 herbs featured in the original book. Single herbs are often the main focus of these spells, with minimal additional ingredients, to help you focus your attention on the subtle energies of the herbs themselves. As you work more and more with herbal magic, you will develop a natural affinity with these marvelous plant beings that have been co-creating with magical people since the beginning of time.
