As you travel Africa, you will find the way of ubuntu – the universal bond that connects all of humanity as one. At the age of twenty-eight, while sitting in a friend's backyard in the remote mining township of Jabiru, Heather Ellis has a light-bulb moment: she is going to ride a motorcycle across Africa. The idea just feels right – no matter that she's never done any long-distance motorcycle travelling before, and has never even set foot on the African continent. Twelve months later, Heather unloads her Yamaha TT600 at the docks in Durban, South Africa, and her adventure begins. Her travels take her to the dizzying heights of Mt Kilimanjaro and the Rwenzori Mountains, to the deserts of northern Kenya where she is befriended by armed bandits and rescued by Turkana fishermen, to a stand-off with four Ugandan men intent on harm, and to a voyage on a 'floating village' on the mighty Zaire River. Everywhere she goes Heather is aided by locals and travellers alike, who take her into their homes and hearts, helping her to truly understand the spirit of ubuntu – a Bantu word meaning 'I am because you are'. Ubuntu is the extraordinary story of a young woman who, alone and against all odds, rode a motorcycle to some of the world's most remote, beautiful and dangerous places.

For his eighth birthday, Emilio Scotto received a World Atlas. Promptly he announced his plan to make a route that would pass through all the countries of the world, a route he named BLUE ROAD ONE. When, some years later, he found himself astride a black 1100 Honda Gold Wing motorcycle, Blue Road One beckoned, and Scotto set off on a journey that would last more than a decade, take him virtually everywhere in the world, and land him in the Guinness Book of World Records. This is his story, a thrill ride that begins in his native Argentina, crosses Panama in the tumultuous time of Noriega, Mexico in the midst of an earthquake, and finds him broke in L.A. where, in a chance meeting, Muhammad Ali gives him fifty dollars and a signed book. Breaching the Iron Curtain, crossing the Berlin Wall at Checkpoint Charlie, being blessed by the Pope, set upon by cannibals in Sierra Leone, fleeing Somalia on a freighter, Scotto's adventures would be unbelievable if they weren't true. His tale of touring the world from Tunisia to Turkey, Petra to Afghanistan, Yugoslavia to Singapore, traveling miles enough to take him to the moon and back, is unlike any ever told. Come along, for the ride of a lifetime.

Route 66 Adventure Handbook is your personal guide to the vanishing American roadside, with all of its exuberance, splendor, and absurdity. For this updated and expanded fifth edition, Drew Knowles has included it all: magnificent architecture, natural wonders, Art Deco masterpieces, vintage motels and cafes, unique museums, offbeat attractions, fascinating artifacts and icons, and kitschy tourist traps. The addition of city maps, showing the multiple paths of Route 66 and displaying the exact locations of points of interest, is a major improvement over the already critically acclaimed fourth edition of the book. The fifth edition also includes hundreds of beautiful new photographs and the addition of dozens of new attractions. Additionally, GPS coordinates have been added for virtually all of the photos, so that travelers can plug the information into their smartphones and other navigation devices and instantly determine where each photo was taken and compare it to the condition of that particular site at the time of their visit. Riding Towards Me is the epic adventure story of Jay Kannaiyan who dropped everything he had in the US to ride his motorcycle back home to India by the longest possible route. The journey took him three years and three months as he rode through Latin America, Europe and Africa, finally reaching New Delhi in 2013. Jay and his motorcycle, sanDRina, encountered mechanical meltdowns, remote Mayan villages, weeks of high altitude desert isolation, Caribbean and Atlantic voyages, humility, friendship, and landscapes that almost destroyed the bike and Jay's spirit. His go-with-the-flow attitude and engineering background deliver a story of global trails and an adventuring insight that brought him fame amongst the off-road motorcycling fraternity before his journey was even complete.

After eleven years, Richard finally felt he possessed the necessary skills to put his first, and most adventurous trip yet, down on paper. This is his story. At thirty-seven, Richard wanted excitement so embarked on a month-long, solo motorbike ride from England to Morocco and back. What he didn't realise was that he was about to get a little more excitement than he bargained for. He was shot at somewhere around the Morocco/Algeria border, he rode through a minefield, completely lost his way in the blistering fifty-degree heat of the desert, got blind drunk in Alicante and cartwheeled his bike down the road in Ibiza. He also experienced many wonderful characters, moments of pure joy, intense emotion and enlightenment that changed him as a human. This book is not only about his adventure, but also about Richard's progress as a person and his battles with his past.

Every cyclist dreams of making the Big Trip, the Grand Cycle Tour abroad. So whether cyclists are planning their own Big Trip or just enjoy reading about other people's adventures, the handbook is guaranteed to illuminate, entertain and above all, inspire. >Which bike to take -- top ten internationally-available bikes >Preparing a bike for long-range touring -- load carrying, tools, spares, and repairs >Clothing, camping gear, health, and survival >Air-freighting a bike >Transcontinental route outlines -- across Europe, Africa, Asia, North and South America >Tales from the saddle -- firsthand accounts of spoke-bending biking adventures worldwide; battling against the elements on epic journeys: Kyrgyzstan, India, The Road to Everest, Travels on a Recumbent, Costa Rica, Siberia, Crossing Europe in 1929, Californian Wine Tour In 2009, Bob Dolven left his home in Phoenix, Arizona, astride a BMW motorcycle. After ten years and almost 80,000 miles, he wound up in Christchurch, New Zealand. Through North, Central, and South America, Western and Eastern Europe, Africa, Asia, Australia, and New Zealand, Bob and his two-wheeled friend, Andiamo, visited sites as far flung as Dracula's Castle in Romania and the ruins of the Chernobyl Nuclear Power Plant in Ukraine. Along the way they rode through blistering deserts, struggled through howling winds and torrential rains, and plowed through axle-deep snow. While every day brought new adventures, Bob also faced more than a few dangers. In Mexico, he had a close call when a truck carrying coconuts lost its load directly in his path. During a journey across the Caspian Sea on a cargo ship, his life was threatened by drunken Russian cabinmates who hated Americans. In Bolivia, he was stopped by a cop who told him to "go to jail" because it was the only safe place in the area to spend the night. In North Korea, he risked insulting his guides by refusing to accept their anti-American propaganda. But what Bob will remember most about his trip are the people he met. In Morocco, a man named Unnis invited him to his beautiful traditional Muslim home for mint tea and cakes. While searching for a place to camp in Mongolia, Bob came upon a crude hut where a smiling woman shared her meager meal of yak milk and chicken feet. When faced with mechanical breakdown or fuel shortages, someone always stepped up to help. While the world has its share of problems, Bob's journey convinced him that the human spirit is truly defined by kindness and generosity. Andiamo Full Circle is a trip you'll never forget.

Jupiter's Travels -Ted Simon's astonishing 4 year motorbike journey around the world The book that inspired Ewan McGregor's Long Way Round In the late 1970s Ted Simon set off on a Triumph and rode 63,000 miles over four years through fifty-four countries in a journey that took him around the world. Through breakdowns, prison, war, revolutions, disasters and a Californian commune, he travelled into the depths of fear and reached the heights of euphoria. He met astonishing people and was treated as a spy, a welcome stranger and even a god. For Simon the trip became a journey into his own soul, and for many others - including bikers Charley Boorman and Ewan McGreggor - it provides an inspiration they will never forget. This classic text, which has informed a whole genre of travel writing in the thirty years since it was first published, will never be bettered for sheer adventure, passion, humour and honesty. Brought up in England by a German mother and a Romanian father, Ted Simon found himself impelled by an insatiable desire to explore the world. It led him to abandon an early scientific career in favour of journalism, and he has worked for several newspapers and magazines on Fleet Street and elsewhere. Ted Simon is also the author of Riding Home and The Gypsy in Me.
