Born Liquid is the last work by the great sociologist and social theorist Zygmunt Bauman, whose brilliant analyses of liquid modernity changed the way we think about our world today. At the time of his death, Bauman was working on this short book, a conversation with the Italian journalist Thomas Leoncini, exactly sixty years his junior. In these exchanges with Leoncini, Bauman considers, for the first time, the world of those born after the early 1980s, the individuals who were 'born liquid' and feel at home in a society of constant flux. As always, taking his cue from contemporary issues and debates, Bauman examines this world by discussing what are often regarded as its most ephemeral features. The transformation of the body – tattoos, cosmetic surgery, hipsters – aggression, bullying, the Internet, online dating, gender transitions and changing sexual preferences are all analysed with characteristic brilliance in this concise and topical book, which will be of particular interest to young people, natives of the liquid modern world, as well as to Bauman's many readers of all generations.

"Enchanting, intriguing, deeply moving. The Lost Letters of William Woolf concerns itself as much with lost love as it does with lost letters."

—Irish Times \*\*\* Lost letters have only one hope for survival... Inside the walls of the Dead Letters Depot, letter detectives work to solve mysteries. They study missing zip codes, illegible handwriting, rain-smudged ink, lost address labels, torn packages, forgotten street names—all the many twists of fate behind missed birthdays, broken hearts, unheard confessions, pointless accusations, unpaid bills, unanswered prayers. Their mission is to unite lost mail with its intended recipients. But when letters arrive addressed simply to "My Great Love," longtime letter detective William Woolf faces his greatest mystery to date. Written by a woman to the soulmate she hasn't met yet, the missives capture William's heart in ways he didn't know possible. Soon, he finds himself torn between the realities of his own marriage and his world of letters, and his quest to follow the clues becomes a life-changing journey of love, hope, and courage. From Irish author Helen Cullen, The Lost Letters of William Woolf is an enchanting novel about the resilience of the human heart and the complex ideas we hold about love—and a passionate ode to the art of letter writing.

"In Let's Hope for the Best, the protagonist becomes a widow in a moment, a moment that I cannot get out of my head. I feel tremulous admiration for how a work of beauty can exist within a well of violent pain. We should read to explore the width of our humanity. And ultimately, how to expand it."--Lisa Taddeo, bestselling author of Three WomenIn her debut novel, Let's Hope for the Best, Carolina Setterwall recounts the intensity of falling in love with her partner Aksel, and the shock of finding him dead in bed one morning. Carolina and Aksel meet at a party, and their passionate first encounter leads to months of courtship during which Carolina struggles to find her place. While Aksel prefers to take things slow, Carolina is eager to advance their relationship -moving in together, getting a cat, and finally having a child. Perhaps to impose some order on the chaos, Carolina devotedly chronicles the months after Aksel's passing like a ship's log. She unpacks with forensic intensity the small details of life before tragedy, eager to find some explanation for the bad hand she's been dealt. When new romance rushes in, Carolina finds herself assuming the reticent role Aksel once played. She's been given the gift of love again. But can she make it work? A striking feat of auto-fiction, written in direct address to Setterwall's late partner, LET'S HOPE FOR THE BEST is a stylistic tour-de force. "A moving and tender work of autofiction that depicts the obsessive interiority of grief."--Kirkus
