

Americas Backyard The United States And Latin America From The Monroe Doctrine To The War On Terror

Describes how the First Lady and her daughters planted a vegetable garden on the White House's South Lawn as part of an initiative to raise awareness about childhood obesity, and shares gardening tips, recipes, and advice for making healthier food choices.

Assesses the water crisis facing American gardeners, looks at new approaches to gardening with less water in various regions around the country, and describes the use of native plants

This second edition of Garden Insects of North America solidifies its place as the most comprehensive guide to the common insects, mites, and other “bugs” found in the backyards and gardens of the United States and Canada. Featuring 3,300 full-color photos and concise, detailed text, this fully revised book covers the hundreds of species of insects and mites associated with fruits and vegetables, shade trees and shrubs, flowers and ornamental plants, and turfgrass—from aphids and bumble bees to leafhoppers and mealybugs to woollybears and yellowjacket wasps—and much more. This new edition also provides a greatly expanded treatment of common pollinators and flower visitors, the natural enemies of garden pests, and the earthworms, insects, and other arthropods that help with decomposing plant matter in the garden. Designed to help you easily identify what you find in the garden, the book is organized by where insects are most likely to be seen—on leaves, shoots, flowers, roots, or soil. Photos are included throughout the book, next to detailed descriptions of the insects and their associated plants. An indispensable guide to the natural microcosm in our backyards, Garden Insects of North America continues to be the definitive resource for amateur gardeners, insect lovers, and professional entomologists. Revised and expanded edition covers most of the insects, mites, and other “bugs” one may find in yards or gardens in the United States and Canada—all in one handy volume Features more than 3,300 full-color photos, more than twice the illustrations of the first edition Concise, informative text organized to help you easily identify insects and the plant injuries that they may cause

Very few people would challenge Fabian, the star running back whose about to go pro. Not merely for the beast that he is on the field, but also the one he becomes when he drinks. Eric Certain isn't quite so lucky. His brother Tyriq is terminally ill. But Eric's luck is sure to run out when he and Fabian soon cross paths. Scorned and scarred in the years that follow. Eric inflicts a few of his own. Will the now famous athlete hold it together, or will Eric cause him to lose it all? From nineteenth-century public baths to today's private backyard havens, swimming pools have long been a provocative symbol of American life. In this

social and cultural history of swimming pools in the United States, Jeff Wiltse relates how, over the years, pools have served as asylums for the urban poor, leisure resorts for the masses, and private clubs for middle-class suburbanites. As sites of race riots, shrinking swimsuits, and conspicuous leisure, swimming pools reflect many of the tensions and transformations that have given rise to modern America.

The ultimate bee book for bee enthusiasts and experts alike *The Bees in Your Backyard* provides an engaging introduction to the roughly 4,000 different bee species found in the United States and Canada, dispelling common myths about bees while offering essential tips for telling them apart in the field. The book features more than 900 stunning color photos of the bees living all around us—in our gardens and parks, along nature trails, and in the wild spaces between. It describes their natural history, including where they live, how they gather food, their role as pollinators, and even how to attract them to your own backyard. Ideal for amateur naturalists and experts alike, it gives detailed accounts of every bee family and genus in North America, describing key identification features, distributions, diets, nesting habits, and more. Provides the most comprehensive and accessible guide to all bees in the United States and Canada Features more than 900 full-color photos Offers helpful identification tips and pointers for studying bees Includes a full chapter on how to attract bees to your backyard “A rich, sensual, bewitching adventure of good vs. evil with love as the prize.” ~Publisher’s Weekly on *ETERNITY* 300 years ago, Raven St. James was hanged for witchcraft. But she revives among the dead to find herself alive. She is an Immortal High Witch, one of the light. A note from her mother warns that there are others, those of the Dark, who preserve their own lives by taking the hearts of those like her. Duncan Wallace’s forbidden love for the secretive lass costs him his life. 300 years later, he loves her again, tormented by hazy memories of a past that can’t be real. She tells him of another lifetime, claims to be immortal. Though he knows she’s deluded, he can’t stay away. And the Dark Witch after her heart is far closer than either of them know. If you liked the TV Series *HIGHLANDER*, you will LOVE this series. Don’t miss Book 2, *INFINITY*. “A hauntingly beautiful story of a love that endures through time itself.” ~New York Times Bestselling Author, Kay Hooper “This captivating story of a love that reaches across the centuries, becomes as immortal as the lover’s themselves, resonates with timeless passion, powerful magic, and haunting heartbreak.” ~BN.com’s official review

Covers the entire range of the history of U.S. foreign relations from the colonial period to the beginning of the 21st century. *A Companion to U.S. Foreign Relations* is an authoritative guide to past and present scholarship on the history of American diplomacy and foreign relations from its seventeenth century origins to the modern day. This two-volume reference work presents a collection of historiographical essays by prominent scholars. The essays explore three centuries of America’s global interactions and the ways U.S. foreign policies

Read Online Americas Backyard The United States And Latin America From The Monroe Doctrine To The War On Terror

have been analyzed and interpreted over time. Scholars offer fresh perspectives on the history of U.S. foreign relations; analyze the causes, influences, and consequences of major foreign policy decisions; and address contemporary debates surrounding the practice of American power. The Companion covers a wide variety of methodologies, integrating political, military, economic, social and cultural history to explore the ideas and events that shaped U.S. diplomacy and foreign relations and continue to influence national identity. The essays discuss topics such as the links between U.S. foreign relations and the study of ideology, race, gender, and religion; Native American history, expansion, and imperialism; industrialization and modernization; domestic and international politics; and the United States' role in decolonization, globalization, and the Cold War. A comprehensive approach to understanding the history, influences, and drivers of U.S. foreign relation, this indispensable resource: Examines significant foreign policy events and their subsequent interpretations Places key figures and policies in their historical, national, and international contexts Provides background on recent and current debates in U.S. foreign policy Explores the historiography and primary sources for each topic Covers the development of diverse themes and methodologies in histories of U.S. foreign policy Offering scholars, teachers, and students unmatched chronological breadth and analytical depth, A Companion to U.S. Foreign Relations: Colonial Era to the Present is an important contribution to scholarship on the history of America's interactions with the world.

Intended for the person who has no experience with firearms, Modern American Gunslinger walks the reader through every aspect of concealed carry, in plain and easy to understand language. 60+ helpful illustrations throughout the text's 400+ pages help the reader decipher complex topics. Nicely organized into nine parts with a detailed table of contents and table of figures, every aspect of concealed carry is covered comprehensively in a candid, yet professional, first person style: Part 1 - Handguns, Rights, and Society; Part 2 - Handgun Basics; Part 3 - Choosing a Handgun; Part 4 - Safety, Training, and Cleaning; Part 5 - Carrying and Self-defense; Part 6 - Handguns in Daily Life; Part 7 - POET Risk Management Strategy; Part 8 - FBI Active Shooter Protocol; Part 9 - Conclusions. The book contains three bonuses: POET - A Personal Risk Management Strategy (PRMS) developed to help the reader; conscientiously lower their risk in everyday society. FBI ACTIVE SHOOTER PROTOCOL - Covers latest guidance from the FBI on Active Shooter situations. COMPANION WEBSITE (modernamericangunslinger.com) - The companion website will help keep you up to date on the latest trends on firearms discussions and provides a forum to interact with the author. The title, Modern American Gunslinger, originates from the author's stark realization that for a firearm to effectively help a person in a civilian self-defense situation, it needs to be brought to bear by the defender within a second or two of a threat materializing. In a chaotic and violent self-defense situation, time and space are commodities that the self-defender does not enjoy. Covers more than 150 species of North American birds and includes nearly 300 full-color photos, 150 range maps and 500 additional illustrations, as well as tips on feeding, birdhouses and creating bird-friendly backyard landscapes. Original.

"Along with artist and critic Genevieve Allison, Ross set out in February 2017 on a five-month journey to travel the length of the border, taking photos and collecting stories along the way"--Daily Beast article by Evan Siegel from 3/30/19.

on TerrorZed Books Ltd.

Aquaponics is a method of growing fish and vegetables in a simple recirculating system. This book is designed and written to provide basic information and direction for people interested in building a backyard aquaponics system. It is NOT a "how-to" manual listing parts and with step-by-step procedures, but it's more like a conversation that you might have with a good friend about how he built his system. It is written to be easily understandable and includes lots of pictures and graphics. NOTE: This 5.5"x8.5" version contains the same information as the first edition however the physical size has been substantially reduced.

The United States has shaped Latin American history, condemning it to poverty and inequality by intervening to protect the rich and powerful. America's Backyard tells the story of that intervention. Using newly declassified documents, Grace Livingstone reveals the US role in the darkest periods of Latin American history, including Pinochet's coup in Chile, the Contra War in Nicaragua and the death squads in El Salvador. She shows how George W Bush's administration used the War on Terror as a new pretext for intervention; how it tried to destabilise leftwing governments and push back the 'pink tide' washing across the Americas. America's Backyard also includes chapters on drugs, economy and culture. It explains why US drug policy has caused widespread environmental damage yet failed to reduce the supply of cocaine, and it looks at the US economic stake in Latin America and the strategies of the big corporations. Today Latin Americans are demanding respect and an end to the Washington Consensus. Will the White House listen?

A field guide to the new American Roots movement, United States of Americana is a vivid, fascinating, and comprehensive survey of how and why young urban Americans are finding inspiration in the cultural traditions of an earlier time in many areas of contemporary life. Compiled by Seattle-based writer, DJ, and entertainer Kurt B. Reighley, United States of Americana explores this vibrant cultural phenomenon—from the music, to the clothing, to the food and drink, to the rebirth of home canning, straight razors, burlesque, and circuses. Featuring the top 100 bird species in eastern and western North America, these high-quality, illustrated posters include a selection of beautifully rendered paintings designed to highlight the intricate details of each bird. Both male and female birds are represented in relative scale, offering birdwatchers the opportunity to view the most common birds at a glance and giving an accurate impression of the differences in sizes. To aid in identification, birds are arranged by type?from blackbirds to woodpeckers to songbirds, and beyond. Using the foothills of the Rocky Mountains as the dividing line for east and west, these essential guides can be used for easy identification of backyard birds in North America. These meticulously detailed posters make remarkable additions to any birder's reference collection.

Co-author of the groundbreaking *Empire and Multitude*, Michael Hardt examines the Declaration of Independence and other texts by Jefferson, arguing that his powerful concept of democracy provides a biting critique of the current American administration. Introducing this collection of Jefferson's writings, Michael Hardt makes a powerful case for re-examining the foundational writings of this American revolutionary in order to reignite the dialogue that first conceived of a "land of the free."

In this compelling sequel to *Power Quest Book One: America's Obsession with the Paranormal*, S. Douglas Woodward reveals the hidden history of Nazi infestation of American institutions after World War II. Beginning with the 1952 flying saucer flap over the nations capital and concluding with the CIA's clandestine mind control agenda of the 1950s-1970s, the reader is confronted with highly charged and seldom known facts. The story centers on America's

erstwhile alliance with German fascism linked to the infamous personalities of Hitler's Nazi Party who escaped the war crimes trials at Nuremberg. In this second volume of Power Quest, The Ascendancy of Antichrist in America, Woodward brings to the reader the recently declassified proof our America has often shunned its most noble ideals. The author uncovers a vast record of unethical and deceptive Federal activities committed in Washington's darkened corridors of political power. Woodward condenses mountains of highly reliable research compiled by authoritative investigative journalists and insiders along with his own well-turned analysis, demonstrating that the political and spiritual evil of Nazism was often excused and encouraged by American officials as part of a blind quest to fight communism during the Cold War. Woodward makes no secret of his evangelical perspective. But Power Quest: The Ascendancy of Antichrist in America is not a selective proof texting of biblical assertions or a diatribe against liberal political views. His account is a factual his-tory that most Americans have never heard. For conservative Christian readers, Woodward speaks prophetically - challenging the cherished assumption held by political conservatives that America traditionally takes the moral high ground. And he poses an alternative view to the typical eschatological position, asking "Could America be the seat of power for a literal personage the Bible calls Antichrist?" The Secret War Council, Germany's spy organization in New York, received orders from Berlin to stop the flow of munitions through terrorism in January 1915. German agents in the U.S. firebombed freighters on the high seas, incited labor unrest, fomented troubles along the Mexican-American border, and damaged or destroyed dozens of American factories and logistics installations. The German secret war against the United States in 1915, its discovery and publication, combined with the disastrous sinking of the Lusitania in May of that year, did much to prepare the American public to finally accept joining the Entente powers against Germany in 1917. This is the story of a group of German agents in the United States, who executed this mission.

21 exciting tales of Alternate History! What if fate had turned out differently in these United States? What if the Louisiana Purchase never happened? What if George Washington had been a Loyalist? What if a billionaire cloned the Founding Fathers? What if the Vikings had settled North America? What if the Apollo 11 moon landing had failed? These and many other scenarios are explored in Atlered America! Featuring stories by Jackson Kuhl, Dan Gainor, Bruno Lombardi, Edmund Wells, Sam Kepfield, Brad Hafford, Erik Bundy, Dusty Wallace, Owen Morgan, Ryan McCall, Jason Sharp, Sean Menken, William R.D. Wood, Jeff Provine, James S. Dorr, Martin T. Ingham, Lauren A. Forry, Cyrus P. Underwood, Charles Wilcox, and Philip Overby.

Caution: this book is a document from the future, on how the United States finally split into two independent republics in 2029, and its aftermath. The topic is so sensitive, that its futuristic author must be identified merely as John Doe, Ph.D. Dateline: 2029. The "One Nation, Indivisible," finally divides. - A political

satire.

#1 New York Times bestselling authors former First Lady Laura Bush and her daughter Jenna Bush Hager have created an exuberant picture book tribute to our national parks and the importance and fun of connecting with nature. Our Great Big Backyard follows Jane, whose plans of spending the summer playing video games with her friends are dashed when her parents announce that her family is going on a road trip to national parks around the country. Yet somewhere between the Everglades and Big Bend National Park, things begin to change. Jane starts paying attention to the magnificent sights and spends less time looking at her screen. The stunning views open up her imagination as she and her brother see everything that nature has to offer. And the more Jane discovers, the more she realizes how much there is to love about the outdoors—whether she's in a national park across the country or right in her own backyard.

In the year 2040, America faces divide. Terrorist assaults, racial conflicts and political opportunists threaten its very survival. A riveting, thought-provoking tale, *Melting Point 2040* explores the human costs of an America growing apart - following intertwined lives of a young Mexican immigrant, a disconnected survival gaming fanatic, a University professor and others competing to resolve disputes on their terms. It's a different world. America's economic supremacy has been surpassed. Computer programs drive cars that shape around passengers. English is no longer the primary language in several of 52 states. With a second Great Depression embedded in the nation's mindset and many issues unresolved for generations, America's most divisive challenge since the Civil War is coming to full boil. America's future may depend on a reluctant hero.

In this remarkable and engaging book, William LeoGrande offers the first comprehensive history of U.S. foreign policy toward Central America in the waning years of the Cold War. From the overthrow of the Somoza dynasty in Nicaragua and the outbreak of El Salvador's civil war in the late 1970s to the final regional peace settlements negotiated a decade later, he chronicles the dramatic struggles--in Washington and Central America--that shaped the region's destiny. For good or ill, LeoGrande argues, Central America's fate hinged on decisions that were subject to intense struggles among, and within, Congress, the CIA, the Pentagon, the State Department, and the White House--decisions over which Central Americans themselves had little influence. Like the domestic turmoil unleashed by Vietnam, he says, the struggle over Central America was so divisive that it damaged the fabric of democratic politics at home. It inflamed the tug-of-war between Congress and the executive branch over control of foreign policy and ultimately led to the Iran-contra affair, the nation's most serious political crisis since Watergate.

The bestselling primer on the social, political, and economic challenges facing Central and South America by The Economist editor and author of *Brazil*. Latin America has often been condemned to failure. Neither poor enough to evoke Africa's moral crusade,

Read Online Americas Backyard The United States And Latin America From The Monroe Doctrine To The War On Terror

nor as explosively booming as India and China, it has largely been overlooked by the West. Yet this vast continent, home to half a billion people, the world's largest reserves of arable land, and 8.5 percent of global oil, is busily transforming its political and economic landscape. This book argues that rather than failing the test, Latin America's efforts to build fairer and more prosperous societies make it one of the world's most vigorous laboratories for capitalist democracy. In many countries—including Brazil, Chile and Mexico—democratic leaders are laying the foundations for faster economic growth and more inclusive politics, as well as tackling deep-rooted problems of poverty, inequality, and social injustice. They face a new challenge from Hugo Chávez's oil-fueled populism, and much is at stake. Failure will increase the flow of drugs and illegal immigrants to the United States and Europe, jeopardize stability in a region rich in oil and other strategic commodities, and threaten some of the world's most majestic natural environments. Drawing on Michael Reid's many years of reporting from inside Latin America's cities, presidential palaces, and shantytowns, the book provides a vivid, immediate, and informed account of a dynamic continent and its struggle to compete in a globalized world. "No one who seriously aspires to discuss Latin American politics, economics, and culture should go without reading *Forgotten Continent*."—National Interest

A story of resistance, repression, and US policy in Honduras in the aftermath of a violent military coup.

"Extraordinary." --Stephen King "This book is not simply the great American novel; it's the great novel of las Americas. It's the great world novel! This is the international story of our times. Masterful." --Sandra Cisneros También de este lado hay sueños. On this side too, there are dreams. Lydia Quixano Pérez lives in the Mexican city of Acapulco. She runs a bookstore. She has a son, Luca, the love of her life, and a wonderful husband who is a journalist. And while there are cracks beginning to show in Acapulco because of the drug cartels, her life is, by and large, fairly comfortable. Even though she knows they'll never sell, Lydia stocks some of her all-time favorite books in her store. And then one day a man enters the shop to browse and comes up to the register with a few books he would like to buy--two of them her favorites. Javier is erudite. He is charming. And, unbeknownst to Lydia, he is the jefe of the newest drug cartel that has gruesomely taken over the city. When Lydia's husband's tell-all profile of Javier is published, none of their lives will ever be the same. Forced to flee, Lydia and eight-year-old Luca soon find themselves miles and worlds away from their comfortable middle-class existence. Instantly transformed into migrants, Lydia and Luca ride la bestia--trains that make their way north toward the United States, which is the only place Javier's reach doesn't extend. As they join the countless people trying to reach el norte, Lydia soon sees that everyone is running from something. But what exactly are they running to? *American Dirt* will leave readers utterly changed. It is a literary achievement filled with poignancy, drama, and humanity on every page. It is one of the most important books for our times. Already being hailed as "a *Grapes of Wrath* for our times" and "a new American classic," Jeanine Cummins's *American Dirt* is a rare exploration into the inner hearts of people willing to sacrifice everything for a glimmer of hope.

"Thoughts on African Colonization" by William Lloyd Garrison. Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre.

From well-known classics & literary fiction and non-fiction to forgotten?or yet undiscovered gems?of world literature, we issue the books that need to be read. Each Good Press edition has been meticulously edited and formatted to boost readability for all e-readers and devices. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

In a small wooded lot a busy woman stumbles upon a strange doll the neighbors possibly left. She attempts to reveal who brought the toy to her home, but she uncovers no real leads. Then when a letter turns up asking her to give the doll away as soon as possible, she ends up on the edge of reason as the doll is in the midst of being reclaimed by someone. The doll although small and cuddly resembles a somewhat black entity similar to a doll she keeps in her home, but when a nearby psychic and fortune teller comes to her home asking her to give up the doll to keep her sanity, but she refuses. The stuffed animal then turns out to be more than she bargained for when the bear starts to grow a tail and red eyes. When she discovers those details, she desperately tries to send it away to a pawn shop owner, but the next day he ends up dead, and a new feeling that the stuffed bear may not be what she considered a stuffed cuddly toy anymore. The story focuses on the character of Mary, and the stuffed bear that she suddenly inherits when the doll is left on her doorstep. She finds that although the stuffed bear did have an owner, he ended up in a mental institution, and the bear was simply left behind, either by someone else or the bear itself. She doesn't want to come to the terms that it could have ended up on her doorstep, by itself, but when the tale that the previous owner claimed is finally revealed, she desperately searches for an answer to the horror of Truggle.

In recent years, Americans have woken up to the reality that human trafficking is not just something that happens in other countries. But what most still do not understand is that neither is it something that just happens to "other people" such as runaways or the disenfranchised. The human trafficker is no respecter of faith, education, or socioeconomic status, and even kids who are raised in solid families in middle and upper class suburbs can fall victim. Likewise, labor trafficking happens in our cities, neighborhoods, and rural areas. Through true stories and years of boots-on-the-ground experience, including at the Super Bowl, anti-trafficking expert Nita Belles teaches readers everything they need to know about human trafficking in the United States and what they can do to join the fight against it. She helps concerned parents, friends, teachers, law enforcement, government officials, and other leaders understand all forms of trafficking, identify risk factors, and take practical steps to keep their loved ones and neighbors safe from predators.

In 1951 the first atomic weapon was detonated over a section of desert known as Frenchman Flat in southern Nevada providing evidence of the Nevada Test Site's beginnings. This work discusses post-Cold War policy issues concerning the continued viability of that site for weapons testing.

This is the story of an Irish family from Cork Ireland. It documents how they survived in the 50's and 60's and will take you on a roller coaster ride of every emotion, sometimes all on the same page. Here you will read of an inspiring mother, always encouraging her six children to laugh at life, and believe in tomorrow. She did this inspiring while battling a domineering old grandmother, and an alcoholic husband, as her children drank tea from their jam jars, and read by a candle. Its a book filled with humor, drama,

Read Online Americas Backyard The United States And Latin America From The Monroe Doctrine To The War On Terror

and dreams that come true, culminating in the author meeting his American dream. It's said the book is like, Irish Stew for the Soul. You will feel uplifted when you finish reading a book that seems to be everyone's story.

As an eyewitness to Fidel Castro's rise to power in Cuba and other key episodes, Néstor T. Carbonell sheds new light on how the ruler and his allies deceived and subjugated the Cuban people and defied twelve U.S. presidents. Just as important – if not more so – he reveals how the regime continues to pose a serious threat to the United States in collusion with Russia, China, and Venezuela. The author draws on declassified documents and reliable unpublished testimonies, as well as personal experiences, to delve into the Communist takeover of Cuba, which he denounced while on the island. He ponders the causes and consequences of the botched Bay of Pigs operation, which he joined as a refugee. From the battle to expel the Castro regime from the Organization of American States, which Carbonell helped achieve, to the Congressional Joint Resolution on Cuba, which he tenaciously pursued; from the looming Missile Crisis, which the author persistently flagged, to the myriad subversive activities he warned against and condemned, Néstor T. Carbonell debunks the myths and fallacies surrounding the longest-running subversive tyranny in modern times. Join the author as he shares a critical analysis of the Castro-Communist regime and explores the challenges and opportunities that will likely arise when freedom finally dawns in Cuba.

Life in lower class as offspring of a notorious thief was simple for the Quartar daughters until accidental mishaps with the other classes of society turn their dirt poor lives around for worse and better. Eight young women are taken from the slums into the high class world they never understood only at first to find betrayal, suffering, scandal, revenge and corruption. Then, before they know it they are wrapped in the grandest scandal their country of Galli has ever seen. The kingdom of Cretaine is trying to overthrow the corrupted kingdom of Galli. The Quartar family must betray their world in order to save Galli from a brutal civil war.

Most Americans assume that the United States provides a gold standard for human rights—a 2007 survey found that 80 percent of U.S. adults believed that "the U.S. does a better job than most countries when it comes to protecting human rights." As well, discussions among scholars and public officials in the United States frame human rights issues as concerning people, policies, or practices "over there." By contrast, the contributors to this volume argue that many of the greatest immediate and structural threats to human rights, and some of the most significant efforts to realize human rights in practice, can be found in our own backyard. *Human Rights in Our Own Backyard* examines the state of human rights and responses to human rights issues, drawing on sociological literature and perspectives to interrogate assumptions of American exceptionalism. How do people in the U.S. address human rights issues? What strategies have they adopted, and how successful have these strategies been? Essays are organized around key conventions of human rights, focusing on the relationships between human rights and justice, the state and the individual, civil rights and human rights, and group rights versus individual rights. The contributors are united by a common conception of the human rights enterprise as a process involving not only state-defined and implemented rights but also human rights from below as promoted by activists.

America is currently undergoing a massive political and cultural change. While many of our societal changes have been positive, there are just as many negative pathways that we are pursuing, and these paths are threatening the very core values of the United States. From the perspective of a young, rural Northern Michigan resident, I highlight the most major cultural shifts that our nation is facing, and what the consequences are and more importantly, what can be done to either alleviate or reverse these dangerous changes. I began writing this book when I was sixteen years old and finished when I was eighteen. Even up here in the secluded north, I've experienced some of these changes first-hand, and how they effect the local community. From an increasing over-dependence on technology to the resurgence of racism that cloaks itself as 'equality' and 'tolerance' to the silencing of free speech and free thought; these ideologies are extremely hazardous to the sanctity of our nation. Our culture is vigorously attempting to copy the cultures of the very same countries that we have fought with blood and sweat to be different from them. We have always prided ourselves as being unique and different, and it has worked quite well for us. Why should we abandon that identity now, even as we sit as the world's economic, militaristic, and influential superpower? This book summarizes all of these key questions and more. So if you're interested at all about the future of this nation and are cautious about the changes in our culture, then this book is perfect for you.
