In pleasant contrast to the recent flood of haunted childhood memoirs, *A Girl's Life* is about growing up in a functional family, about nurture, serenity, wonderment, and the stabilizing contributions an unencumbered heart makes in the life of an observant child. Marianne Gingher makes the events of a “normal” girlhood not only engaging but distinctly illuminating and explores rites of passage that are as persuasive in shaping an artist’s sensibilities as are privations. A meditation on the comforts of homeplace and family, *A Girl's Life* celebrates the last era in America, the 1950s and 1960s, when it was still possible to enjoy a cynicism-free girlhood—when “it was still safe for children to take gifts from strangers and not yet unwise for them to leave the doors of their hearts unlocked.” As Eudora Welty wrote in her autobiographical memoir *One Writer's Beginnings*, “A sheltered life can be a daring life as well. For all serious daring starts from within.” The seventeen personal narratives collected here corroborate Welty’s conviction. Arranged in a loose chronology, the tales document a southern white girl’s middle-class initiation into the adult world. The first section, “Sanctuary,” recalls Gingher’s earliest impressions of family dynamics and shelter, a child’s yearnings and resourcefulness. “Truths and Grit,” the second section, deals with the tempering of bliss, a young girl’s first encounters with corruption and mortality. In the final group of essays, “Metaphors and Pies,” Gingher explores the contributions her recollections of childhood make in her ongoing trials as a parent and a writer. That her own childhood still permeates and inspires her present life is perhaps its greatest legacy. Did the way Marianne Gingher grow up

compel her toward the writing life? Certainly the impact of that distant time, specific people and events, sensory-steeped moments, and the privilege of being allowed to dream as well as do enriched and fostered the writer's imagination. By turns funny, provocative, jubilant, and tender, *A Girl's Life* is perhaps most notable for both exalting and justifying the place of happiness in a writer's development.

with a magnificent English-style cottage garden. The only catch is that the house comes with the eighty-three year old owner, who will only sell the house if she can continue living in the guesthouse, rent free. At first, the arrangement seems simple enough, but nothing about the relationship between Dani and Clarissa Hamilton is simple because, long ago, the house became the most important part of Clarissa's life. Now that it is being turned into a business, she is not amused and finds ways to sabotage Dani's efforts to get The Maples up and running. The battle between the women is sometimes funny, sometimes painful. The wild card in the mix is Evan Murray, the landscape architect who is reworking the cottage garden. The threads of Clarissa's, Evan's, and Dani's lives become entangled as Evan and Clarissa come to terms with a past they didn't know they shared.
