even in the mind. For those with original thoughts they invented Room 101. . . Nowadays thousands of grammar books, textbooks, outlines, references and language guides of Spanish, Portuguese, Italian and French are published year by year. However, all of them teach these languages separately. Here you will find a comparative grammar of the four major Romance languages together based on their grammatical and lexical similarities for you, lovers of foreign languages, to learn and compare Spanish, Portuguese, Italian and French simultaneously. It is an audacious endeavor to find or create a novel way of learning to speak several languages and becoming a multilingual person. It took me over 3 years to finish the book. It consists of over 800 pages, 10 chapters covering all the grammatical aspects of these 4 languages. It includes over 1000 examples, 500 easy-to-follow charts and tables. It contains 138 geographical, historical and cultural facts about Spanish, Portuguese, Italian and French countries. Below I will discuss several reasons why I decided to write this book and why you need it. 1) First of all, this book is written for readers like you who are fond of or would like to learn Spanish, Portuguese, Italian and French simultaneously or just to get an all-round knowledge of all these four Romance languages. mentioned above languages, but also intermediate and advanced students who would like to have a reference book of several Romance languages at once.2) Second of all I spent many years learning these languages separately, which was a complete waste of time before I realized it. This book will hopefully save you a great deal of time and allow you to study and compare at a glance the four main Neo-Latin languages.3) Knowledge of foreign languages is fast becoming a necessary requirement for those who are involved in international business, tourism, culture and education. This book offers you four languages to learn, which will make you feel at homewherever you go, whether as a tourist or businessman.4) Learning several languages simultaneously or one by one will train and strengthen your memory and can help stave off such terrible diseases as Alzheimer's.5) If you have never studied several languages at once before and you like challenges, then you should definitely try it. Because it is a really entertaining and challenging task to do. In conclusion, I would like to sincerely thank you for preordering the book and your interest in it. I hope it will help you improve your languages and become multilingual.

importantes instrumentos en el aprendizaje tanto de la lengua materna como de las lenguas extranjeras. La complejidad de los sistemas lingüísticos por una parte, y, por otra, la de la competencia comunicativa y su progresivo desarrollo, hacen que las necesidades específicas de los distintos tipos de aprendientes - derivadas de factores como los diferentes niveles de competencia alcanzados, la edad del discente, los objetivos marcados en el proceso de aprendizaje, la relación existente entre la L1 y la L2, etc. - sean muy variadas. Los estudios que integran la presente obra buscan dar respuesta a diferentes problemas que se plantean en la realización y en la utilización de diferentes tipos de diccionarios: el uso del diccionario en la interpretación y la elaboración de textos, la inclusión de ciertos sectores léxicos en la macroestructura y caracterización del léxico en la microestructura, las actitudes de los discentes ante los diccionarios de aprendizaje. La visión que ofrece el volumen se completa con la perspectiva contrastiva e histórica adoptada por varios autores.
