DRA2+ provides teachers with a proven diagnostic reading assessment that not only establishes each student's reading level but also gives the teacher a Focus for Classroom Instruction designed to assist students' progression to the next reading level. Students and teachers meet in a one-on-one conference - giving the teacher invaluable insight as to each student's strengths and weaknesses. Progress Monitoring now included! Teachers are now able to monitor progress during a brief conference with struggling readers, providing a great tool to measure the effectiveness of current intervention strategies. DRA2's assessment of reading comprehension is the most extensive of any assessment; truly designed to provide teacher's guidance in pinpointing areas of need. The research-based and validated Developmental Reading Assessment K-3 by Joetta Beaver and Primary Classroom Teachers helps you pinpoint students' strengths and abilities as readers in a quick, one-on-one conference. Now in its second edition, DRA2 for grades K-3 has added a fluency component that provides a WPM fluency rate, streamlines the assessment for easier use, and includes several new and revised Benchmark Books, a revised Teacher Guide, a simplified Focus for Instruction, and Continuums to match each assessment text incorporated in the Teacher Observation Guides. In addition, this package also includes Word Analysis to help you assess 40 important skills in the areas of Phonological Awareness, Metalanguage, Letter/Word Recognition, Phonics, and Structural Analysis and Syllabication. You can also administer DRA k/3 on a handheld device - learn more here. View the DRA2 Virtual Brochure. Download the DRA2 Virtual Brochure.

Animals herd, carry, pull, and even . . . keep us company! This nonfiction, easy-to-read picture book transports readers from an open field to a desert to a snowy tundra as animals of all kinds perform some very important work. The book ends with an endearing role reversal as a young boy gives milk to his cat, reminding readers that just as animals help people, people in turn can help animals. This book teaches readers about the variety of work animals and depicts the give-and-take of human/animal relationships. A map is included. Guided Reading Level C.

Respected authors Doug Fisher and Nancy Frey join Adam Berkin to present a simple plan that helps teachers move students towards higher achievement by capitalizing on seven research-driven habits of strong readers.

This is a brief exploration of running records, explaining why to use them, how they relate to teaching, and how to administer them.

Practical suggestions to prepare over a dozen literacy work stations that link to instruction and make preparation and management easy for teachers.

Each part focuses on a single topic, building from sentence structure and mechanics to writing, revising, and proper formatting. Students also learn how to write a research paper in the MLA and APA styles. Practice exercises provide immediate application, and "Special Tips" throughout indicate common errors, explain confusing points, and offer helpful hints. The Essentials of English includes eight parts, an answer key, and an index.

A combination assessment tool and guide for teaching identifies the literacy goals appropriate to grades PreK-eight and offers tools to help analyze students' strengths and identify areas needing teaching support.

Determined to keep Mr. Monroe's special fudge safe, Harold the dog, Howie, and Chester stand guard over it, but after they all fall asleep on the job and find the tasty treat has gone missing, the three friends begin to think that the vampire bunny, Bunnacula, may be the one to blame.

The unusual colorful creatures a child sees each night after the lights go out don't frighten him, but an ordinary big brown owl does.

Real World Java EE Patterns - Rethinking Best Practices (<http://realworldpatterns.com>) discusses patterns and best practices in a structured way, with code from real world projects. The rewritten and re-edited version of this book covers: an introduction into the core principles and APIs of Java EE 6, principles of transactions, isolation levels, CAP and BASE, remoting, pragmatic modularization and structure of Java EE applications, discussion of superfluous patterns and outdated best practices, patterns for domain driven and service oriented components, custom scopes, asynchronous processing and parallelization, real time HTTP events, schedulers, REST optimizations, plugins and monitoring tools, and fully functional JCA 1.6 implementation. Real World Java EE Patterns--Rethinking Best Practices will not only help experienced developers and architects to write concise code, but especially help you to shrink the codebase to unbelievably small sizes: -).
