Make small changes to your surroundings and create extraordinary happiness in your life with groundbreaking research from designer and TED star Ingrid Fetell Lee. Next Big Idea Club selection—chosen by Malcolm Gladwell, Susan Cain, Dan Pink, and Adam Grant as one of the "two most groundbreaking new nonfiction reads of the season!" "This book has the power to change everything! Writing with depth, wit, and insight, Ingrid Fetell Lee shares all you need to know in order to create external environments that give rise to inner joy." —Susan Cain, author of Quiet and founder of Quiet Revolution Have you ever wondered why we stop to watch the orange glow that arrives before sunset, or why we flock to see cherry blossoms bloom in spring? Is there a reason that people—regardless of gender, age, culture, or ethnicity—are

mesmerized by baby animals, and can't help but smile when they see a burst of confetti or a cluster of colorful balloons? We are often made to feel that the physical world has little or no impact on our inner joy. Increasingly, experts urge us to find balance and calm by looking inward—through mindfulness or meditation—and muting the outside world. But what if the natural vibrancy of our surroundings is actually our most renewable and easily accessible source of joy? In *Joyful*, designer Ingrid Fetell Lee explores how the seemingly mundane spaces and objects we interact with every day have surprising and powerful effects on our mood. Drawing on insights from neuroscience and psychology, she explains why one setting makes us feel anxious or competitive, while another fosters acceptance and delight—and, most importantly, she reveals how we can harness the power of our surroundings to live fuller, healthier, and truly joyful lives.

It used to be that offering the right skin care products at the right price, plus good services, equaled success. These days, however, having those elements in place is barely enough to survive. There really is a science behind what makes a consumer choose one spa or esthetician over another, and what compels some clients to buy and others to walk away. This book offers clarity, specific solutions, proven strategies and the "magic" ingredient to success (it's been there all along!) which seems to be entirely overlooked these days. Whether you are a luxury resort spa, a solo esthetician, or anything in between, this book invites you to unlearn just about everything you have been taught or thought you knew about how to be successful in the field of Esthetics. Your personal path to success and prosperity awaits you!
