“The Men of the Last Frontier” is a 1922 work by Grey Owl. Part memoir, part chronicle of the vanishing Canadian wilderness, and part collection First Nations lore and stories. His first book, “The Men of the Last Frontier” is an impassioned cry for the conservation of the natural world that is as poignant now as when first published. Archibald Stansfeld Belaney (1888–1938), also known as Grey Owl, was a British-born Canadian fur trapper, conservationist, and writer. In life, he pretended to be a First Nations person, but it was later discovered that he was in fact not Indigenous—revelations that greatly tarnished his reputation. Other notable works by this author include: “The Men of the Last Frontier”, “Pilgrims of the Wild”, and “Tales of an Empty Cabin”. This classic work is being republished now in a new edition with specially curated introductory material.

From the #1 New York Times bestselling author of the Reckoners series, the Mistborn trilogy, and the Stormlight Archive comes the third book in an epic series about a girl who will travel beyond the stars to save the world she loves from destruction. Spensa's life as a Defiant Defense Force pilot has been far from ordinary. She proved herself one of the best starfighters in the human enclave of Detritus and she saved her people from extermination at the hands of the Krell—the enigmatic alien species that has been holding them captive for decades. What's more, she traveled light-years from home as an undercover spy to infiltrate the Superiority, where she learned of the galaxy beyond her small, desolate planet home. Now, the Superiority—the governing galactic alliance bent on dominating all human life—has started a galaxy-wide war. And Spensa's seen the weapons they plan to use to end it: the Delvers. Ancient, mysterious alien forces that can wipe out entire planetary systems in an instant. Spensa knows that no matter how many pilots the DDF has, there is no defeating this predator.

Except that Spensa is Cytonic. She faced down a Delver and saw something eerily familiar about it. And maybe, if she's able to figure out what she is, she could be more than just another pilot in this unfolding war. She could save the galaxy. The only way she can discover what she really is, though, is to leave behind all she knows and enter the Nowhere. A place from which few ever return. To have courage means facing fear. And this mission is terrifying. Praise for Skyward An Instant New York Times Bestseller A Kirkus Reviews Best Book of the Year "Startling revelations and stakes-raising implications . . . Though left uncompleted, “Kubla Khan” is one of the most famous examples of Romantic era poetry. In it, Samuel Coleridge provides a stunning and detailed example of the power of the poet’s imagination through his whimsical description of Xanadu, the capital city of Kublai Khan’s empire. Samuel Coleridge penned “Kubla Khan” after waking up from an opium-induced dream in which he experienced and imagined the realities of the great Mongol ruler’s capital city. Coleridge began writing what he remembered of his dream immediately upon waking from it, and intended to write two to three hundred lines. However, Coleridge was interrupted soon after and, his memory of the dream dimming, was ultimately unable to complete the poem. The sections on penicillin G, third generation cephalosporins, aminoglycosides, vancomycin, synthetic antibacterials, drugs for tuberculosis, antifungal and some antiviral drugs have all been thoroughly updated to take contemporary data into account. Presented in a clear and concise way, indexed and cross-referenced for ready access, this considerably expanded text has been completely rewritten and revised, creating a comprehensive and pertinent reference book for those who prescribe antibiotics, antivirals and antifungals or advise on their proper usage. ages. In *A Southern Family*, the celebrated author of *A Mother and Two Daughters*, *The Finishing School*, and *Father Melancholy's Daughter* once again explores the shattering dynamics of parents' relationships with their children and themselves. It is the story of the Quick family and the reunion that leads to tragedy -- a masterful tale of anger and pain, of love and hatred, and of the understanding that ultimately heals.

First published in the year 1942, '*Cross Creek*' was written by a twentieth century American novelist Marjorie Kinnan Rawlings, who lived in rural Florida and wrote novels with rural themes and settings. "Cross Creek is a bend in a country road, by land, and the flowing of Lochloosa Lake into Orange Lake, by water. We are four miles west of the small village of Island Grove, nine miles east of a turpentine still, and on the other sides we do not count distance at all, for the two lakes and the broad marshes create an infinite space between us and the horizon. We are five white families; "Old Boss" Brice, the Glissons, the Mackays and the Bernie Basses; and two colored families, Henry Woodward and the Mickenses. People in Island Grove consider us just a little biggety and more than a little queer. Black Kate and I between us once misplaced some household object, quite unreasonably." -Preface

Abe, Son of Abraham begins as a series of well written and funny vignettes about the author's early years and his special relationship with his father. It concludes with remembrances of his uncles and aunts, immigrants from Lebanon. In between are stories of adventures of hitchhiking in Europe, serving in the Army in the Far East and traveling in the Middle East. The title derives from the fact that Abe and Abraham are Junior and Senior, leading to the book's dedication to the father whose influence permeated the life of the junior. Abe J. studies at Oxford, and his emergence into the wide world. The setting is rich in period detail, and the characters portrayed are vivid and more nuanced in their actions and stories than first impressions imply. Sinister Street was an immediate critical success on publication, although not without some worry for its openness to discuss less salubrious scenes, and it was a favourite of George Orwell and John Betjeman.

Compton Mackenzie had attended both St. James' school and St. Mary's College at Oxford and the novel is at least partly autobiographical, but for the same measure was praised as an accurate portrayal of that experience; Max Beerbohm said "There is no book on Oxford like it. It gives you the actual Oxford experience." Although originally published in two volumes (in 1913 and 1914) for commercial reasons, the two form a single novel and have been brought back together again for this edition. This book is part of the Standard Ebooks project, which produces free public domain ebooks.

"The essays in this stimulating collection attest to the scope and variety of Russia's influence on British culture. They move from the early nineteenth century -- when Byron sent his hero Don Juan to meet Catherine the Great, and an English critic sought to come to terms with the challenge of Pushkin -- to a series of Russian-themed exhibitions at venues including the Crystal Palace and Earls Court. The collection looks at British encounters with Russian music, the absorption with Dostoevskii and Chekhov, and finishes by shedding light on Britain's engagement with Soviet film."--Back cover.
