This book is a practical action plan that will walk you through the first stages after your wife has discovered your infidelity. You'll learn the things your wife is going to feel, say, and do, giving you the following: * Insight into what she is thinking and why this is so hard for her to get over * Practical advice so you know exactly what to do at this important stage * Actual scripts so you know what to say in response to very specific situations * Clear explanations as to why certain words and actions you think will be helpful might be making this worse * Two self-administered quizzes to help you determine why you cheated so that you can get a better understanding of what triggered your affair. Included at the appropriate points are scripts of what to say and why you need to say those words at that time. Do not just memorize these words and parrot them back to your wife. You have already lost her trust; if you start using words you don't normally use, you'll sound like you're faking it. You will want to translate the scripts into your own natural wording, using the meaning of each script as a launching pad for productive, healing dialogue with your wife. Also, other these other questions are answered: * She doesn't know. I feel guilty. Should I tell her the truth? * We aren't married yet? How does that impact recovering from the affair? * I didn't have a physical relationship with my Affair Partner, why is my wife so upset? * What is an Emotional Affair? * **UNOFFICIAL GUIDE** * Advanced Tips & Strategy Guide. The definitive insider story of the cheating scandal that rocked Major League Baseball in 2019, bringing down high-profile coaches and players, and exposing a long-rumored "sign-stealing" dark side of baseball. By the fall of 2019, most teams around Major League Baseball suspected that the Houston Astros had been stealing signs for several years. The Astros had won the 2017 World Series and made the playoffs the next two seasons. All the while, opponents felt that Houston's hitters knew what pitches were coming. The ensuing scandal rivaled that of the 1919 "Black Sox" and the more recent steroid era, and became one of the most significant that the game had ever seen. The fallout ensnared many other teams, either as victims, alleged cheaters or both. The Los Angeles Dodgers felt robbed of a World Series title, and fended off accusations about their organization. Same for the New York Yankees. The Boston Red Sox were soon under investigation themselves. The New York Mets lost a promising manager before he ever managed a game. Andy Martino, an award-winning journalist who has covered Major League Baseball for more than a decade, has broken numerous stories about the Astros and sign-stealing in baseball. In *Cheated*, Martino takes readers behind the scenes and into the heart of the events that shocked the baseball world. With inside access to the people directly involved, Martino breaks down not only exactly what happened and when, but reveals the fascinating explanations of why it all came about. The nuance and detail of the scandal reads like a true sports whodunnit. How did otherwise good people like Astros' manager A.J. Hinch, bench coach Alex Cora and veteran leader Carlos Beltran find themselves on the wrong side of clear ethical lines? And did they even know when those lines had been crossed? *Cheated* is an explosive, electrifying read.
