

From Tadpole To Frog Lets Read And Find Out Science 1

After a caterpillar comes to school in a jar, the children are captivated as it eats, grows, and eventually becomes a beautiful Painted Lady butterfly. This title features colorful illustrations from veteran illustrator Bari Weissman and lively text from National Book Award finalist and Michael L. Printz Honor winner Deborah Heiligman. This nonfiction picture book is an excellent choice to share during homeschooling, in particular for children ages 4 to 6. It's a fun way to learn to read and as a supplement for activity books for children. Now rebranded with a new cover look, this NSTA/CBC Outstanding Science Trade Book includes web research prompts and an activity encouraging kids to identify the different types of butterflies all around them. Both text and artwork were vetted for accuracy by Dr. Louis Sorkin, Senior Scientific Assistant at the American Museum of Natural History. This is a Level 1 Let's-Read-and-Find-Out, which means the book explores introductory concepts for children in the primary grades and supports the Common Core Learning Standards and Next Generation Science Standards. Let's-Read-and-Find-Out is the winner of the American Association for the

realization that the males of the species care for their developing young.

* Indie Next List Selection * Winner of the Oscar's Book Prize * From Benji Davies, the award-winning creator of The Storm Whale and illustrator of the Goodnight Already! series, comes a heartwarming and tender tale about courage and growth, featuring a special tadpole named Tad. Tad is small. In fact, she is the smallest almost-a-frog in the whole, wide pond. That makes it hard for her to do big things like follow her tadsiblings who swim to other parts of the pond when they outgrow the nest. As her tadbros and tadsisters swim up, up, up, they leave poor Tad by her lonesome. That's until...Big Blub shows up! He's not only bigger than Tad, but Big Blub isn't exactly what a tadpole would consider friendly. Swimming at her own pace, Tad soon learns how to be bigger than her fears. Benji Davies creates a memorable and timeless tale that proves sometimes the mightiest creature comes in the smallest package. Traces the growth of a tadpole into a full-grown frog, describes the many different types of frogs, and tells how they eat and live.

A young child eagerly reports on huge numbers of leopard frogs making a racket as they descend on a pond to mate! Readers will follow along as the narrator observes the leopard frogs' behavior up close, including their incredible transformation from young tadpoles to froglets and, finally, to adult frogs. Colorful photos, diagrams, and clear, age-appropriate text will engage young readers as they explore the life cycle, natural habitat, physical characteristics, diet, and behavior of these amazing amphibians. The diary format models scientific
