Paul was the most influential figure in the early Christian church. In this epistle, written to the founders of the church in Rome, he sets out some of his ideas on the importance of faith in overcoming mankind's innate sinfulness and in obtaining redemption. With an introduction by Ruth Rendell

- Enables organizers to envision and implement a VBS program customized for the local church - Practical, comprehensive, from-the-ground-up approach to VBS Designing a Vacation Bible School program, as opposed to choosing one of the many off-the-shelf packages, is a labor of love. It considers the unique perspective of children and invests accordingly. It's a home-cooked meal compared to fast food. It sends a message to parents that a church values children enough to identify and meet their specific needs in their community at a particular moment in time. Well-designed VBS programs speak to children with respect, love, and patience, offering opportunity for authentic spiritual growth, not to mention an intentional theology that is reflective of the church. Finally, custom-designed VBS programs are a way to fully include children in the mission and ministry of the church rather than confine their unique gifts. This book provides Christian educators with the tools they need to assess the needs and resources in their congregation, and to craft a creative program in response to that assessment. The Best VBS Workbook Ever offers direction and suggestions on theme, structure, logistics, program, activities, staffing and promotion. Audience: Episcopal and other mainline churches looking for something more original and thoughtful than typical pre-packaged VBS programs, Directors of Christian Education, Directors of Children's Ministry, Camps and Retreat Centers, FORMA, Kanuga Christian Education conference, eFormation network Presets eighty-five Bible stories from the Old and New Testament, New Living translation, and includes special prayers and activities for each story.

Jonah ran from his God-given assignment, boarded a ship going in the opposite direction, found himself at the bottom of the sea, and prayed to God. Rescued by a big fish, Jonah obeyed, Nineveh was spared, but Jonah still had a lesson to learn.

I found this book on Bookbub, and am thrilled with what I've read. I wish every Christian would read it--especially every pastor and leader. My husband (who is a pastor) and I had already come to these conclusions before I found this book, but it gives me great hope that others are seeing the same disastrous problems. We have created a "monster" that

we call "church" which little resembles the New Testament kind, and people are fleeing it. For all the promise of the "contemporary" style church, it isn't really much better. The church is failing to make disciples and failing to make any real impact in the culture, and it's all because we have failed to make authentic (true) converts. It's that simple. It's easy to make a disciple of someone who has been truly converted. Otherwise, with our usual crop of "decisions," it's like pushing a rope to get any serious commitment or Christlikeness out of them. The Bible says that Jesus is the Door, but to be brutally honest, the only way through that Door is to crawl--in repentance, submission (brokenness), and faith. We are no different than the church of the Middle Ages that baptized babies for salvation, leaving millions of people still in their sins. There isn't really any such thing as "a church for the unchurched" as many like to claim today. We should be the church of the redeemed, but we have become a church of the unsubmitive, unrepentant, unconverted, uncommitted, and unfaithful. And it all goes back to one thing--real salvation thru real repentance and real faith in Jesus Christ."-M.J. Freeman ..". thought provoking book showing true believers in Jesus Christ the need to examine the methods we are using to evangelize our children... the author backs up all of her writing with scripture, the true Word of God." -Alicia Canner " ...Wow what an eye opener, it opened my eyes to the real meaning of being born again. Not only a book to help with the youth but for everyone..."-Malinda Zemrose As Christian women, there is probably nothing more heartbreaking than seeing our children turn from God. We spend thousands of dollars, and sacrifice countless hours to VBS, Bible clubs, Youth outings, Church camp, and children's parties every year. We build elaborate stage sets, plan fantastic carnivals, and youth extravaganzas and bus in all the children and teens we can find in the hopes of leading them to Christ; and yet we are still losing them. We see the grown-up children, the "fruits" of our outreaches, living as practical Atheists. They walk and talk and act like the world, even loving the world, and though they claim to be saved, evidence of life in Christ is conspicuously absent. Even our own children are abandoning the faith. They have asked Jesus into their hearts and yet we see them turn from God at staggering rates. Statistics show that no less than half have turned from God by High School age and closer to two thirds by the time they finish college. What we're doing is just not working! In Why Are We Losing the Kids? You'll see where we have gone wrong and where to go from here. - We can turn the tide on our failing ministry efforts! - We can share the gospel without creating false converts or backsliders! - We can keep the kids if we'll follow God's plan! The Bible has the answers if we're willing to hear them!

This charming version of a well-known chant takes place on the African savanna In this beautifully illustrated rendition of a well-known children's chant, two sisters are looking not for a bear but for a lion—a lion that lives on the African savanna, where the girls go through swishy-swashy long grass, a splishy-splashy lake, and a Big Dark Cave. When they finally meet their lion, they have to run, run, run through it all again to get back home. From the celebrated team behind Creepy Carrots!, Aaron Reynolds and Caldecott Honor winner Peter Brown, comes a hilarious (and just a little creepy) story of a brave rabbit and a very weird pair of underwear. Jasper Rabbit is NOT a little bunny anymore. He's not afraid of the dark, and he's definitely not afraid of something as silly as underwear. But when the lights go out, suddenly his new big rabbit underwear glows in the dark. A ghoulish, greenish glow. If Jasper didn't know any better he'd say his undies were a little, well, creepy. Jasper's not scared obviously, he's just done with creepy underwear. But after trying everything to get rid of them, they keep coming back!

For those friends and acquaintances, who have expressed a wish to read the complete story of my life, from my childhood to the present time, I have undertaken the writing of this book. By including even

some incidents that, in themselves, may seem trivial, I have tried to make this account a full and accurate autobiography. In modesty, however, I have also desired to render my story as simple as possible, in fact, to give a vivid picture of my work, my opinions and my aspirations, not only as a teacher but also as a writer of sacred songs; and if I have spoken with a frankness that may seem akin to egotism, I hope that I may be pardoned; for I am fully aware of the immense debt I owe to those numberless friends, only a few of whom I have been able to mention, and especially to that dear Friend of us all, who is our light and life.

Beyond sound equipment and music charts, eleven noted worship leaders from around the United States write about the ministerial part of their work as it relates to the gospel, mission, disciple-making, liturgy, the Trinity, justice, creativity, family, and more.

Wall Street Journal best-selling author Jon Acuff reveals the steps to getting unstuck and back onto the path of being awesome. Over the last 100 years, the road to success for most everyone has been divided into five stages that mirror the decades of working life: Your 20s are a period of Learning. This is the decade of trying a thousand things, exploring a multitude of interests, and discovering what really motivates you. Your 30s are a period of Editing. This is the decade of sorting out interests, where you discover what you really care about and who you really are. Your 40s are a period of Mastering. This is the decade of narrowing focus, honing skill sets, and becoming an expert in your field. Your 50s are a period of Harvesting. This is the decade of reaping the benefits of good decisions and enjoying the highest income-earning period in a career. Your 60s are a period of Guiding. This is the decade of mentoring, training, and encouraging others on their own road to success. Every successful person has followed these steps regardless of their occupation. But three things have changed the path to success and erased the decades associated with them: Finish lines are dead – Boomers are realizing that a lot of the things they were promised aren't going to materialize, and they have started second and third careers. Anyone can play – Technology has given access to an unprecedented number of people who are building online empires and changing their lives in ways that would have been impossible years ago. Hope is boss – The days of "success first, significance later," have ended. A new generation doesn't want to change the world eventually; they want to change it now through the wells they kickstart in Africa and the TOMS they wear on their feet. The value system has been flipped upside down. The result is that you've got an entire generation pushing down to start over, another generation pushing up to start for the first time, and in the middle of this collision, the tools to actually change the world. Experience years now trump chronological age. And while none of the five stages can be skipped, they can be shortened and accelerated. There are only two paths in life: average and awesome. The average path is easy because all you have to do is nothing. The awesome path is more challenging, because things like fear only bother you when you do work that matters. The good news is Start gives readers practical, honest, actionable insights to be more awesome, more often. It's time to punch fear in the face, escape average, and do work that matters. It's time to Start.

In Waves of Worship, Joey Nicholson brings an understanding of the preparation of the heart for worship, and an explanation of the role of music in worship. For all worshipers and those leading worship today, this book gives insight on how to balance confidence with humility. The author combines his sense of humor with his personal worship experiences and his many years of biblical study, encouraging readers to desire to be real with each other and with the Lord; ultimately impacting others, from neighbors to nations. Joey Nicholson clearly explains the difference between praise and worship, providing readers with an understanding to these terms that are used by so many modern churches. He also shares what love has to do with worship and the need to minister in love, both to each other and to the Lord. As a professional musician, worship leader and songwriter, Joey also gives a simple understanding of the songwriting process while relating it to the overflow of being in the presence of God. Through this the reader will know that, as created in God's image, simply being in the presence of our Creator will naturally produce a desire and even an ability to create. The reader, as created to worship the Lord, now has a tool to understand the process."
