Voices From Nature, Lessons From God is the story of a woman and her adventure with Nature. The adventure starts in her small city garden in the Midwest and expands to include other non-plant forms of Nature. The journey includes lessons from God through Nature and prayers to instill the heart of the lessons in one's soul. The guided meditation will assist anyone wishing to connect and talk to Nature. Also included is the process for creating flower essences for healing the body, mind, and spirit.

These 150 meditations are paraphrases of our common human experience and therefore a way of uniting our divisive world. We find three voices providing food for our journey. The Mortal voice speaks of loss, rejection, honesty, faithfulness, integrity, discovery, joy, and God's continuing presence in it all. The Mediator voice is at times teacher, then mentor, and often narrator. In a very inspiring way, the voice of God is a feminine voice, Mother (El Shaddai, the Hebrew breasted God; womb of our being). Take one meditation a day, in a quiet place, if possible. Chew and savor as nourishment for your mind and soul.

Used as a personal devotional or performed as dramatic monologues in church or retreat settings, *Voices Beyond the Veil* provides a spiritual and emotional gateway for the opening of God's Word to the human heart. Praise for *VOICES BEYOND THE VEIL* Many times I have had people say to me that the message from his monologues was more powerful for them than the sermon itself. Phil's insight into the interior life of these biblical characters is worth its weight in gold. Bill Tibert, pastor, Covenant Presbyterian Church, Colorado Springs Reading *Voices Beyond the Veil* opened my mind and heart to understanding the people of the Bible in a more engaging and personal way. I highly recommend this theatrical devotional! John Cruz, vice president for Bibles.com, American Bible Society "Phil Ginsburg has found a way to capture and share the full range of emotions experienced by a multitude of Bible characters. His book is packed with so much imagination, wit and fresh insight into the Word that it makes devotional time something to look forward to again and again."----- Joe Lachnit, International Publishing Consultant An "Experience", Not Just A Read, June 1, 2007 By Linore Burkard "Regency Author" (Cincinnati, OH USA) - See all my reviews "*Voices Beyond the Veil*" is an important work that needs to be read by nearly anyone with an interest in God or the Bible, and I do not say that lightly. This is an undiscovered treasure that needs to be known! The caliber of (the author's) talent that comes through these pages is awesome in itself, but the possibility of what can be learned here, by the lowliest seeker to the most learned theologian, is extraordinary and unprecedented. What you find when you open this book is people--real people, except they happen to have jumped from the pages of Scripture to say hello and tell us a little bit about themselves and their experience of God. Does that sound like a bit too much? Well, it isn't--not in the hands of Phil Ginsburg. In fact, as I think about it, this book also speaks to anyone interested in drama, acting, the stage, or skits, because the tone of the work is unerringly top-notch, just begging to be performed. The humor, the pathos, the pain--it's all expressed in language you can "see" as well as understand and will return to more than once. Don't think you can read it lightly, or in one sitting though, despite the pleasure you will have whenever you pick it up. Each little "spotlight" (speaker) packs a powerful and deeply considered human being's heart--coming clean, coming out and speaking up--appearing before you from the pages of the past as if by magic, only instead of magic, it's just plain brilliance. Got a drama team? Get everyone a copy and start using this book for performances--you will astound and delight your audiences. Got a book you've never seen the likes of before? Try this one. Got God? Take a look at Him through the eyes of those who speak from these pages, who are sometimes bemused, aghast, or even confused by how they've known Him--but they are alive!--(in a manner of speaking) and they want to tell you all about it. What to do? Get a copy, and let them tell you. This is a valuable book, a very dramatic, moving book, and you should not miss it.

When you read the history of First Presbyterian Church of Richmond, Kentucky, you are not merely reading about a church's story. You are exploring God's story--a story of God's justice and grace, of love and compassion, of redemption and hope. When you read the church's history, you discover your own story--the story of all who believe in God's just and compassionate activity in the world today. When you read the church's story, you discern the voice of God's spirit speaking within each one of us and calling us to make Christ's love known throughout the world. If

you want to know the grace of God today, you need to hear that grace in the voices of our ancestors; for, they yet speak.

Reclaim Your Headspace and Find Your One True Voice As a hospital chaplain, J.S. Park encountered hundreds of patients at the edge of life and death, listening as they urgently shared their stories, confessions, and final words. J.S. began to identify patterns in his patients' lives—patterns he also saw in his own life. He began to see that the events and traumas we experience throughout life become deafening voices that remain within us, even when the events are far in the past. He was surprised to find that in hearing the voices of his patients, he began to identify his own voices and all the ways they could both harm and heal. In *The Voices We Carry*, J.S. draws from his experiences as a hospital chaplain to present the Voices Model. This model explores the four internal voices of self-doubt, pride, people-pleasing, and judgment, and the four external voices of trauma, guilt, grief, and family dynamics. He also draws from his Asian-American upbringing to examine the challenges of identity and feeling “other.” J.S. outlines how to wrestle with our voices, and even befriend them, how to find our authentic voice in a world of mixed messages, and how to empower those who are voiceless. Filled with evidence-based research, spiritual and psychological insights, and stories of patient encounters, *The Voices We Carry* is an inspiring memoir of unexpected growth, humor, and what matters most. For those wading through a world of clamor and noise, this is a guide to find your clear, steady voice.

Constant noise and distraction clamor for our attention and make it difficult to distinguish God's voice from the voices surrounding us--both internal and external. We can be immobilized by fear of failure and our own insecurities, leaving us uncertain that it is God's voice we hear. A fresh voice for a new generation, Brittany Rust teaches believers how to discern the voice of God and live out the plans God has for them by · silencing the other voices so it's God's voice that prevails · tuning out the world and tuning in to the voice of God · gaining the confidence to step out in faith It's time for us to separate the loud, external distractions from the quiet whisper of our beautiful God, who promises us that when we call his name, he is ready to respond.

Voices: Hearing God in a World of Impostors (New Testament) When so many voices claim to speak for God, how do you know what to do? Jesus and His Apostles spoke many times about false prophets and warned against those who disguise themselves as harmless sheep but are in fact wolves ready for the kill. They taught how to stand firm in truth in the face of these threats. Lying prophets, fraudulent spirits, and false teachings threatened the early Church and they continue to do so today. Believers should constantly stand guard against those who cleverly "lie against the truth" (James 3:14). Considering the fact that the New Testament closed special revelation, we'll look at how God communicates to His people today so we can learn to differentiate the true and the false and stand firm in these last days. We'll answer questions including: How has God spoken in these last days? What warnings does Jesus give about other voices? How can we know truth in this age of lies and deception?"

Do you wonder if you can hear from God for yourself? Could He be saying something to you today? What is He telling you about your personal life...your family...your finances? Is something causing interference and drowning out His voice? God promised to lead His children by His spirit and enable them to know His voice. Kenneth Copeland shares the keys to recognizing counterfeit voices, and the reasons why believers have trouble tuning in to the voice of God. Learn how to know exactly what the Spirit of God is saying to you about every situation. Before long, hearing from God won't be an occasional event but an everyday part of life.

Living with a deeper awareness of God's leading isn't just for a select few...it's for you too! Have you ever wondered if God still speaks to us today? Or do you worry that what you're perceiving as God's voice is really just your own thoughts? You're not alone. In *Is God Speaking to Me?*, Lysa TerKeurst shares her own wrestling with these questions and how God has taught her to more clearly discern His direction in her everyday life. Using Scripture, encouraging personal stories, and practical application, Lysa will help you: Stop merely going through the motions of life by learning how to recognize and respond to the Lord's divine appointments for you. Uncomplicate the idea of listening to God as you use five key questions to help you determine if what you're discerning is from Him or not. Discover the joy of truly walking with the Lord as you learn how to live in expectation of hearing from Him. *Is God Speaking to Me?* is both an invitation to a life of adventure with the Lord and the tender reminder that we serve a God who loves us deeply and longs to speak to us personally.

This book is about me, using the Word of God to speak to my spirit, my soul, and my flesh, while God is speaking to all of us through His Word. This book is about the conversations we have with ourselves, as to who we are, and what we as humans are made of. I believe that we are a three part being, and in this book I explore the spirit, soul and flesh, that causes these battles of conversations many of us have today. We are sometimes not sure who is doing the talking and why, but this book explains in detail how the Spirit of God sounds, how the soul of man sounds, and how the flesh of the enemy sounds during these internal meetings. It is our duty to discern in our soul, as a human being, whether we yield to good or evil, God or the devil, your choice. Many times the voices we hear in our thoughts, can sometimes lead us wrong in life, but by the grace of God this book can silence all the other voices we hear, leading us to hope in Christ, allowing the only voice that matters to be heard loud and clear, and that is the voice of God, through His Son, Yeshua, Jesus, The Christ. In the book of John 12:30 Jesus says that "This voice came not because of me, but for your sakes". The flesh will always war after the spirit, but what side are you on, and what voice will you listen to? God is the Spirit, humans are the soul, and the enemy is the flesh. You, the soul of a human, that is yourself, we have to decide which voice will reign in our lives, and once we understand which part of us is speaking the most and the loudest, in us, the Spirit, soul, or flesh we will begin to understand where and why the battles of conversations, the voices exist. We all cannot talk at the same time, and there is only one voice that matters and that's God's, through His Word. This book is an instrument to lead people to God through His Voice Yeshua, also known as Jesus, The Christ, the Savior, and salvation that he offers of himself. Have you accepted Yeshua, Jesus, The Christ into your life? This book is a place to start with Jesus, because God is the only voice that can silence all other voices. I was tired of hearing voices that didn't matter, and God used this book for me to sort out those unsolicited ones, that hindered me and kept me from hearing His. This book is anointed by and through the Holy Spirit, that we all may begin to hear and know the voice of God. This book is a vehicle for God to bless you and my sincerest prayer is that it does. The flesh and spirit will always war,

but the soul has to make a decision and can decide today who will reign in your life. What voice are you willing to listen to from now on? I believe that this book can cause you to hear the voice of God. All you have to do is read and listen, and let those who have ears hear what God has said in this book, because it's all from God through His voice heard in the Bible, the greatest book ever written.

In every trial or tribulation, there is an opportunity that can bring us closer to God and to our goals when we allow God to take control. *God, Take Over; I Am Finished* is a cry for mercy and divine intervention when suffering seems unfair and you realize that no one else can help you. A dry valley and wilderness experience story, based on the author's tribulations and triumphs as she struggled, willingly and sometimes unwillingly, to submit to God's will. It reveals how she passed through the storm and survived and what she gained out of the pains she had to endure. Its principal message lies in the realization and fact that where human senses, strength, power, abilities, knowledge, and intelligence end, God's supremacy begins. By applying her experiences and the Word of God, Catherine Agada shows you how to discover divine strength in weakness; peace in chaos, and His love in suffering. She inspires and teaches you to love better, live happier, forgive faster, pray efficiently, and increase faith. *God, Take Over; I Am Finished* can restore hope and improve your relationships with God and man.

EVERY THING BEGINS with the Word of God. God speaks everything into existence. With God Word and deed go together. Whatever God says, He does. When God said: "Let there be light", there was light. God's Word is powerful. His Word can lift up or bring down. His Word is never weak or wavering. His Word is truthful and trustworthy. When God speaks, something happens. I have heard God speak to me seven times. This is a personal story of my life and ministry with particular focus on my reaction to the seven times I know that God spoke to me. Experiences of hearing the voice of God (or angels, demons, or other spiritual beings) have generally been understood either as religious experiences or else as a feature of mental illness. Some critics of traditional religious faith have dismissed the visions and voices attributed to biblical characters and saints as evidence of mental disorder. However, it is now known that many ordinary people, with no other evidence of mental disorder, also hear voices and that these voices not infrequently include spiritual or religious content. Psychological and interdisciplinary research has shed a revealing light on these experiences in recent years, so that we now know much more about the phenomenon of "hearing voices" than ever before. The present work considers biblical, historical, and scientific accounts of spiritual and mystical experiences of voice hearing in the Christian tradition in order to explore how some voices may be understood theologically as revelatory. It is proposed that in the incarnation, Christian faith finds both an understanding of what it is to be fully human (a theological anthropology), and God's perfect self-disclosure (revelation). Within such an understanding, revelatory voices represent a key point of interpersonal encounter between human beings and God.

You never know what is coming next when you walk with God! Roy Jones had thought he would be working as a railway timetable clerk in London for all of his career. In 1993, on the other side of the world and out of the blue, God challenged him and Shirley to join Youth With A Mission. They never could have imagined what was in store - especially as they'd just been told that their eagerly awaited second daughter would be born with Down's Syndrome. God has been good to the family. In *Perfect Timing*, Roy tells stories of lessons learned through His faithful guidance and care over more than two decades.

"The voice of God is sounding in this world—the voice of God calling, seeking, beckoning to lost men and women!" — A. W. Tozer Our world is fallen - sick and sinful, says A. W. Tozer. But though God will ultimately be our Judge, He continues to call sinful people to repentance and salvation. In this series of sermon excerpts, Tozer elaborates on the voices God uses: the witness of the Holy Spirit, the blood of Jesus, human conscience, reason, accountability, judgement, and—of course—love. The voice of God calling 'Where are you?' still echoes from Eden and down through the ages. Do you hear Him?

One of America's most beloved spiritual leaders and the New York Times bestselling author of *The Jesuit Guide to (Almost) Everything* and *Jesus: A Pilgrimage* teaches anyone to converse with God in this comprehensive guide to prayer. In *The Jesuit Guide to (Almost) Everything*, Father James Martin included a chapter on communicating with God. A trusted guide walking beside us as we navigate our unique spiritual paths, Martin lays out the different styles and traditions of prayer throughout Christian history and invites us to experiment and discover which works best to feed our soul and build intimacy with our Creator. Do you believe God still speaks to us today? Do you long to hear from Him? The author grew up believing God no longer spoke, but that changed when God actually started speaking to Him in dreams that literally came true. These stories are to encourage and strengthen your walk with the Lord in asking for Him to communicate His love, direction and hope directly to you. Many of us do not trust our own thoughts, feelings, and desires when it comes to discerning God's will. Instead we look outside ourselves to determine what God wants from and for us. In *God's Voice Within*, spiritual director Mark E. Thibodeaux, SJ, shows us how to use Ignatian discernment to access our own spiritual intuition and understand that the most trustworthy wisdom of all comes not from outside sources, but from God working through us. *God's Voice Within* is intended for people who know that there is more to the spiritual life than they are currently experiencing and are ready to take the next step in their walk of faith by making effective discernment—specifically Ignatian discernment—a daily practice. Ultimately, *God's Voice Within* teaches us to discern what is at the root of our actions and emotions, which in turn allows us to respond to God's promptings inside us rather than unconsciously reacting to life around us.

If You Believe Miraculous Gifts Have Ceased, You're in for a Big Surprise! What caused a former Dallas Seminary professor to believe that the miraculous gifts of the Holy Spirit are being given today? What convinced someone skeptical about miracles that God still speaks and heals? A dramatic change took place in Jack Deere's life when he took a fresh look at the Scriptures. He discovered that his arguments against miraculous gifts were based more on prejudice and lack of personal experience than on the Bible. As soon as Deere became a seeker instead of a skeptic, the Holy Spirit revealed himself in new and surprising ways. In *Surprised by the Power of the Spirit*, Deere provides a strong biblical defense for the Spirit's speaking and healing ministries today. He also describes several reliable cases of people who were miraculously healed or who heard God speak in an unmistakable way. Finally, he gives sound advice for using spiritual gifts in the church. Written in a popular style, with the care of a scholar but the passion of personal experience, this book explores: - The real reason Christians do not believe in miraculous gifts - Responding to Charismatic abuses - Were miracles meant to be temporary? - Why God still heals "'Must' reading for all Bible-believing Christians. I wish with all my heart I could place it in the hands of every conservative evangelical." - James Robison, Life Outreach International

This book is written to help Christians discern between the voice of God amidst other voices. There are basically three major voices in the universe; the voice of man, the voice of the devil and the voice of God. The importance of recognizing God's voice as a Christian, when we yearn to hear from Him cannot be overemphasized. The question now is; is it possible for God to speak without you recognizing His voice? The answer is a resounding yes. God can actually speak and you won't recognize His voice or hear Him speak. We hear different voices within us, most of the times; our mind speaking, the devil speaking or God speaking. It is very important that we recognize God's voice when He speaks so that we will not deviate from his plans for us. It was that "voice" that allows us to come through the darkest hours of our life. That is what this book is about. It is about going from hearing a barely discernible voice to hearing a clear voice. It is about going from "I think God is saying..." to "I know God is saying..." because when you know what really happened and what is really available to you, you will find a renewed sense of faith, an insatiable new inspiration, and a new path to a deeper relationship with God. This book also reveals what causes us to vacillate in our hearing experience. You will come away from this book knowing how to hear God clearly and what it means when you don't.

Eddie K. Wrights memoir detailing the controversial experience of being the young father of a son who would grow up to be the gayest man on the planet! His "NO SON OF MINE!!" street gangster mentality evolves during his difficult life journey coming to realize that his responsibility as a loving father didn't change just because his son is gay. The book is scheduled for publication on June 1, 2016. In his first memoir, Eddie shares his story of becoming a father at 18 years old who realized his son was showing 'stereotypical' signs of being gay while still in diapers. Spending most of his adult life engulfed in the street gangster/hip hop culture where this subject was not only hushed, but deeply frowned upon, he gives us the voice for what's been kept silent for far too long, confronting almost every aspect of this taboo topic. It took years for him to silently accept his son's homosexuality himself, regardless of all the signs. When his son was five years old, his favorite color was pink and there was nothing Dad could do about it. By the age of fourteen; he was an internet sensation, dancing on YouTube building his fan base to guarantee his success when performing as a drag queen a few years later. Eddie addresses the questions most are scared to ask; Was there anything I could do to stop my son's homosexuality? When did I know my son was gay? What made him that way? Parents will find comfort in reading that Eddie admits that his son's feminine behaviors embarrassed him and he seriously contemplated abandonment, a choice that too many fathers feel they have to choose.
