Feb 04, 2016 · How to clear the engine light and IMA light. Remember if you are going in for smog - drive the car around for a day or two after disconnecting your 12v in or

Apr 03, 2022 · The Check Engine Light indicates there is something wrong with your engine's electrical system. It can be due to a faulty engine sensor or any other damaged part in your engine. Mostly it's due to something wrong with the emissions control system. In 1996, automakers began standardizing all systems with the OBD-II protocol.

Every so often, the IMA and check engine lights come on. This turns off my eco mode. My dad and I found that using a OBDII and erasing the code would turn the lights off and would allow my eco mode to come back on. Also, the two codes that come up read as N/A. The past 2 times I used my car, the lights have come on in 2 minute intervals.
