tractor! Tharran Gaines has specialized in agricultural writing for the past 25 years. He has written owners' manuals, repair guides, and sales brochures for most of the major tractor companies, such as ACGO's Allis-Chalmers, White, and Hesston lines.

Text and photographs present a history of John Deere tractors.

This specification provides standards for the design and manufacture of pressure containing welded joints and structural welded joints in the manufacture of hydraulic cylinders. Manufacturer's responsibilities are presented as they relate to the welding practices that have been proven successful within the industry in the production of hydraulic cylinders. Included are sections defining welding procedure qualification, welding performance qualification, workmanship and quality requirements as well as inspection requirements and repair requirements.

Popular Science gives our readers the information and tools to improve their technology and their world. The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better.

This basic source for identification of U.S. manufacturers is arranged by product in a large multi-volume set. Includes: Products & services, Company profiles and Catalog file.

Absolutely all the advice anyone needs to undertake a restoration. Appendix lists parts suppliers, reference materials, and restoration shops around the country.
