A raw and funny memoir about sex, dating, and relationships in the digital age, intertwined with a brilliant investigation into the challenges to love and intimacy wrought by dating apps, by firebrand New York Times–bestselling author Nancy Jo Sales At forty-nine, famed Vanity Fair writer Nancy Jo Sales was nursing a broken heart and wondering, “How did I wind up alone?” On the advice of a young friend, she downloaded Tinder, then a brand-new dating app. What followed was a raucous ride through the world of online dating. Sales, an award-winning journalist and single mom, became a leading critic of the online dating industry, reporting and writing articles and making her directorial debut with the HBO documentary *Swiped: Hooking Up in the Digital Age*. Meanwhile, she was dating a series of younger men, eventually falling in love with a man less than half her age. *Nothing Personal* is Sales’s memoir of coming-of-middle-age in the midst of a new dating revolution. She is unsparingly honest about her own experience of addiction to dating apps and hilarious in her musings about dick pics, sexting, dating FOMO, and more. Does Big Dating really want us to find love, she asks, or just keep on using its apps? Fiercely feminist, *Nothing Personal* investigates how Big Dating has overwhelmed the landscape of dating, cynically profiting off its users’ deepest needs and desires. Looking back through the history of modern courtship and her own relationships, Sales examines how sexism has always been a factor for women in dating, and asks what the future of courtship will bring, if left to the designs of Silicon Valley’s tech giants—especially in a time of social distancing and a global pandemic, when the rules of romance are once again changing.

There are many curses that can plague you from reoccurring sicknesses, and marital problems to repeated financial failures. Mature believers don't let the demons of family members past alter their futures. It is comforting to know that deliverance from family curses belongs to you. When Jesus betrayed Jesus he was paid thrity pieces of silver. When he tried to return the money the chief priests said, This money was paid to have a man killed. We can't put it in the temple treasury. They could pay, we learn, for Jesus' murder with the silver, but they couldn't put it back in the church's bank account. That's the murderous spirit of religion that is still lurking about actively seeking to destroy His Church and your life. The religious spirit did not disappear after the resurrection of Jesus.

It was a proud boast of the colonists to be a part of the power which by the Treaty of Paris in 1763 had come to the front as the greatest nation of the world. They felt that they were as truly English as if they had been born in the home-land and they claimed that they possessed by birth right all the privileges which appertained to a loyal subject of the King. On the night of April 18, 1775, Paul Revere arrived at the parsonage of Reverend Jonas Clarke to deliver a warning to its occupants, including Samuel Adams and John Hancock. The following morning brought the first shots of the American Revolution to a community Clarke inspired to face such a harsh reality. He called on his parish to oppose imperial legislation for years leading up to the war. And as Lexington's minister for half a century, he was central to political, civic and social life there until his death in 1805. Historian Richard P. Kollen reveals the often overlooked story of the man who helped shape the spirit of the American Revolution.
