

## Killing Sacred Cow By Garrett

Entrepreneurs have a problem: startups. Almost all startups either fail or never truly reach a sustainable size. Despite the popularity of entrepreneurship, we haven't engineered a better way to start. ...Until now. What if you could skip the startup phase and generate profitable revenue on day one? In *Buy Then Build*, acquisition entrepreneur Walker Deibel shows you how to begin with a sustainable, profitable company and grow from there. You'll learn how to: ? Buy an existing company rather than starting from scratch? Use ownership as a path to financial independence? Spend a fraction of the time raising capital? Find great brokers, generate your own "deal flow," and see new listings early? Uncover the best opportunities and biggest risks of any company? Navigate the acquisition process? Become a successful acquisition entrepreneur? And more. *Buy Then Build* is your guide to outsmart the startup game, live the entrepreneurial lifestyle, and reap the financial rewards of ownership now. How do the rich get rich? An updated edition of the "remarkable" New York Times bestseller, based on two decades of research (The Washington Post). Most of the truly wealthy in the United States don't live in Beverly Hills or on Park Avenue. They live next door. America's wealthy seldom get that way through an inheritance or an advanced degree. They bargain-shop for used cars, raise children who don't realize how rich their families are, and reject a lifestyle of flashy exhibitionism and competitive spending. In fact, the glamorous people many of us think of as "rich" are actually a tiny minority of America's truly wealthy citizens—and behave quite differently than the majority. At the time of its first publication, *The Millionaire Next Door* was a groundbreaking examination of America's rich—exposing for the first time the seven common qualities that appear over and over among this exclusive demographic. This edition includes a new foreword by Dr. Thomas J. Stanley—updating the original content in the context of the financial crash and the twenty-first century. "Their surprising results reveal fundamental qualities of this group that are diametrically opposed to today's earn-and-consume culture." —Library Journal

**THESE THREE KEYS UNLOCK SUPERHUMAN PERFORMANCE** With decades of combined experience and medical expertise, Dr. Isaac Jones and Dr. Matthew Accurso pull back the curtain on how to achieve superhuman levels of performance at work, in life and on the field. Based on extensive work with Super Bowl winning athletes and entrepreneurs running global companies, *Superhuman Entrepreneur* empowers you to Discover, Optimize and Excel in all areas of your life. The surprising truth is that the potential for superhuman levels of performance is already inside of you, but needs to be "unlocked" and this book gives you the keys. Whether you want to experience visceral levels of physical energy, be focused and at your peak when it counts the most, or simply want to maximize your productivity at work so you can spend more time with your family, *Superhuman Entrepreneur* delivers. Each of the three keys - Discover, Optimize & Excel are delivered in clear language, backed by facts and tested on the world's top performers. For the first time you will have access to the same strategies and tactics used by Olympic Gold Medalists and multi-millionaires alike.

**SUPERHUMAN ENTREPRENEUR** is your medically-tested and entrepreneur approved playbook for high-performance.

Written by a practicing emergency physician, *The White Coat Investor* is a high-yield

manual that specifically deals with the financial issues facing medical students, residents, physicians, dentists, and similar high-income professionals. Doctors are highly-educated and extensively trained at making difficult diagnoses and performing life saving procedures. However, they receive little to no training in business, personal finance, investing, insurance, taxes, estate planning, and asset protection. This book fills in the gaps and will teach you to use your high income to escape from your student loans, provide for your family, build wealth, and stop getting ripped off by unscrupulous financial professionals. Straight talk and clear explanations allow the book to be easily digested by a novice to the subject matter yet the book also contains advanced concepts specific to physicians you won't find in other financial books. This book will teach you how to: Graduate from medical school with as little debt as possible Escape from student loans within two to five years of residency graduation Purchase the right types and amounts of insurance Decide when to buy a house and how much to spend on it Learn to invest in a sensible, low-cost and effective manner with or without the assistance of an advisor Avoid investments which are designed to be sold, not bought Select advisors who give great service and advice at a fair price Become a millionaire within five to ten years of residency graduation Use a "Backdoor Roth IRA" and "Stealth IRA" to boost your retirement funds and decrease your taxes Protect your hard-won assets from professional and personal lawsuits Avoid estate taxes, avoid probate, and ensure your children and your money go where you want when you die Minimize your tax burden, keeping more of your hard-earned money Decide between an employee job and an independent contractor job Choose between sole proprietorship, Limited Liability Company, S Corporation, and C Corporation Take a look at the first pages of the book by clicking on the Look Inside feature Praise For The White Coat Investor "Much of my financial planning practice is helping doctors to correct mistakes that reading this book would have avoided in the first place." - Allan S. Roth, MBA, CPA, CFP(R), Author of How a Second Grader Beats Wall Street "Jim Dahle has done a lot of thinking about the peculiar financial problems facing physicians, and you, lucky reader, are about to reap the bounty of both his experience and his research." - William J. Bernstein, MD, Author of The Investor's Manifesto and seven other investing books "This book should be in every career counselor's office and delivered with every medical degree." - Rick Van Ness, Author of Common Sense Investing "The White Coat Investor provides an expert consult for your finances. I now feel confident I can be a millionaire at 40 without feeling like a jerk." - Joe Jones, DO "Jim Dahle has done for physician financial illiteracy what penicillin did for neurosyphilis." - Dennis Bethel, MD "An excellent practical personal finance guide for physicians in training and in practice from a non biased source we can actually trust." - Greg E Wilde, M.D Scroll up, click the buy button, and get started today!

Killing Sacred Cows Overcoming the Financial Myths that are Destroying Your Prosperity Greenleaf Book Group

This authoritative catalogue of the Corcoran Gallery of Art's renowned collection of pre-1945 American paintings will greatly enhance scholarly and public understanding of one of the finest and most important collections of historic American art in the world. Composed of more than 600 objects dating from 1740 to 1945.

NEW YORK TIMES BEST SELLER • A grand, devastating portrait of three generations of the Sackler family, famed for their philanthropy, whose fortune was built by Valium

and whose reputation was destroyed by OxyContin. From the prize-winning and bestselling author of *Say Nothing*, as featured in the HBO documentary *Crime of the Century*. The Sackler name adorns the walls of many storied institutions—Harvard, the Metropolitan Museum of Art, Oxford, the Louvre. They are one of the richest families in the world, known for their lavish donations to the arts and the sciences. The source of the family fortune was vague, however, until it emerged that the Sacklers were responsible for making and marketing a blockbuster painkiller that was the catalyst for the opioid crisis. *Empire of Pain* begins with the story of three doctor brothers, Raymond, Mortimer and the incalculably energetic Arthur, who weathered the poverty of the Great Depression and appalling anti-Semitism. Working at a barbaric mental institution, Arthur saw a better way and conducted groundbreaking research into drug treatments. He also had a genius for marketing, especially for pharmaceuticals, and bought a small ad firm. Arthur devised the marketing for Valium, and built the first great Sackler fortune. He purchased a drug manufacturer, Purdue Frederick, which would be run by Raymond and Mortimer. The brothers began collecting art, and wives, and grand residences in exotic locales. Their children and grandchildren grew up in luxury. Forty years later, Raymond's son Richard ran the family-owned Purdue. The template Arthur Sackler created to sell Valium—co-opting doctors, influencing the FDA, downplaying the drug's addictiveness—was employed to launch a far more potent product: OxyContin. The drug went on to generate some thirty-five billion dollars in revenue, and to launch a public health crisis in which hundreds of thousands would die. This is the saga of three generations of a single family and the mark they would leave on the world, a tale that moves from the bustling streets of early twentieth-century Brooklyn to the seaside palaces of Greenwich, Connecticut, and Cap d'Antibes to the corridors of power in Washington, D.C. *Empire of Pain* chronicles the multiple investigations of the Sacklers and their company, and the scorched-earth legal tactics that the family has used to evade accountability. The history of the Sackler dynasty is rife with drama—baroque personal lives; bitter disputes over estates; fistfights in boardrooms; glittering art collections; Machiavellian courtroom maneuvers; and the calculated use of money to burnish reputations and crush the less powerful. *Empire of Pain* is a masterpiece of narrative reporting and writing, exhaustively documented and ferociously compelling. It is a portrait of the excesses of America's second Gilded Age, a study of impunity among the super elite and a relentless investigation of the naked greed and indifference to human suffering that built one of the world's great fortunes.

Look around you and think for a minute: Is America too crowded? For years, we have been warned about the looming danger of overpopulation: people jostling for space on a planet that's busting at the seams and running out of oil and food and land and everything else. It's all bunk. The "population bomb" never exploded. Instead, statistics from around the world make clear that since the 1970s, we've been facing exactly the opposite problem: people are having too few babies. Population growth has been slowing for two generations. The world's population will peak, and then begin shrinking, within the next fifty years. In some countries, it's already started. Japan, for instance, will be half its current size by the end of the century. In Italy, there are already more deaths than births every year. China's One-Child Policy has left that country without enough women to marry its men, not enough young people to support the country's elderly, and an impending population contraction that has the ruling class terrified. And all of this is coming to America, too. In fact, it's already here. Middle-class Americans have their own, informal one-child policy these days. And an alarming number of upscale

professionals don't even go that far—they have dogs, not kids. In fact, if it weren't for the wave of immigration we experienced over the last thirty years, the United States would be on the verge of shrinking, too. What happened? Everything about modern life—from Bugaboo strollers to insane college tuition to government regulations—has pushed Americans in a single direction, making it harder to have children. And making the people who do still want to have children feel like second-class citizens. What to Expect When No One's Expecting explains why the population implosion happened and how it is remaking culture, the economy, and politics both at home and around the world. Because if America wants to continue to lead the world, we need to have more babies.

A fascinating and powerful story that illustrates how to enlist, recognize, and trust inspired ideas for remarkable results. Follow Richard and Felicity who are at the end of their financial rope, Morgan who needs a medical miracle for his son, and Ray who needs to find \$4.5 million dollars by Wednesday as they each discover their portals to genius. Built on the premise that the solution to every problem is only an idea away, Leslie Householder (award-winning best selling author of *The Jackrabbit Factor: Why You Can*) and Garrett B. Gunderson (New York Times best selling author of *Killing Sacred Cows*), bring you an experience you'll never forget through this brilliant work true to its name: *Portal to Genius*.

For thirty years, Peter Singer's *Practical Ethics* has been the classic introduction to applied ethics. For this third edition, the author has revised and updated all the chapters and added a new chapter addressing climate change, one of the most important ethical challenges of our generation. Some of the questions discussed in this book concern our daily lives. Is it ethical to buy luxuries when others do not have enough to eat? Should we buy meat from intensively reared animals? Am I doing something wrong if my carbon footprint is above the global average? Other questions confront us as concerned citizens: equality and discrimination on the grounds of race or sex; abortion, the use of embryos for research and euthanasia; political violence and terrorism; and the preservation of our planet's environment. This book's lucid style and provocative arguments make it an ideal text for university courses and for anyone willing to think about how she or he ought to live.

We all live and learn. Sara has learned through the journey of divorce. Sara is inspired to guide women to become well-informed. With over 16 Chapters of Smarts, *The Smart Gal's Guide thru Divorce "What Lawyers don't tell you."* Sara still believes in marriage. And she believes that marriage is God's best plan. An all-time bestseller, Dolf de Roos's classic *Real Estate Riches* shows you how to find great deals and make great profits in the real estate market. You'll learn why real estate is such a reliable moneymaker and how to achieve the biggest return possible on your investment. Full of time-honored wisdom, proven tactics, and quick-and-easy tips, this book shows you how to find the best properties with the most potential, analyze deals, negotiate and submit offers, effectively manage properties, and dramatically increase the value of your real estate without spending much money. If you want to be your own boss and quit the nine-to-five life, *Real Estate Riches* shows you how.

Two thousand years later the call to follow Christ has been repackaged to be smooth and trouble-free, filled with opportunity and promise but lacking risk, passion, and sacrifice. Is this really what Jesus died for? If He chose the way of the cross, where would He hesitate leading us? Is it possible that to follow Jesus is to choose the barbarian way? Jesus never made a pristine call to a proper or safe religion. Jesus beckons His followers to a path that is far from the easy road. It is a path filled with adventure, uncertainty, and unlimited possibilities?the only path that can fulfill the deepest longings and desires of your heart. This is the barbarian way: to give your heart to the only One who can make you fully alive. To love Him with simplicity and intensity. To unleash the untamed faith within. To be consumed by the presence of a passionate and compassionate God. To go where He sends you, no matter the cost.

Do you want to purchase an apartment community but don't have prior real estate or apartment investing experience, don't have access to private capital, can't find a good deal, lack the skills to execute a business plan or a combination of the four? The Best Ever Apartment Syndication Book is the ONLY book that will solve these challenges. It provides a step-by-step system for completing your first apartment syndication deal and building a multimillion or multibillion dollar apartment investing empire. You will learn the exact process that I followed to go from making \$30,000 each year at a New York City advertising firm to controlling over \$400,000,000 in apartment communities, which includes: 1. Becoming an expert on the apartment syndication terminology 2. Setting a specific, quantifiable goal and creating a long-term, motivating vision 3. Building a powerful brand that attracts passive investors 4. Evaluating and selecting the real estate market that will be the launching point for your apartment empire 5. Surrounding yourself with an all-star real estate team 6. Tapping into your existing network to find passive investors 7. Creating a lead generation machine that pumps out qualified off-market apartment deals 8. Selecting the ideal business plan to maximize returns to passive investors 9. Learning the science behind evaluating, qualifying and submitting offers on apartment deals 10. Preparing and presenting an apartment offering to your passive investors and securing financial commitments 11. Impressing your investors by effectively implementing the business plan and exceeding their return expectations

Why should you ultimately deploy your financial assets at death in a way that you never would have while you were alive? Entrusted: Building a Legacy That Lasts explains why today's model for estate planning today is fundamentally flawed, especially for higher net worth individuals and families, and how it can be fixed

Many people have million-dollar ideas. They're confident that their new product or service or innovation will make them rich and that all their dreams will come true. The problem is: Most people don't know how to turn their million-dollar idea into millions of dollars. According to many social scientists, the most important thing in life is a person's social and professional network. In other words, the people around us--our associates, our team, our friends. The people we surround ourselves with--and the people we go to for advice and guidance--can mean the difference between success and failure. And as he taught in Rich Dad Poor Dad, if the people around you have a poor person's mindset, it's likely that you'll be, or stay, poor. Your team, in life and in business, will determine if your million-dollar idea will give you a million-dollar payday. In More Important Than Money, Robert teams up with his most trusted Advisors who contribute not only chapters on the strengths and talents they bring to the team, but offer candid and insightful individual Profiles and excerpts from each of the 14 Rich Dad Advisor Series books. Readers will meet all of Robert's Rich Dad Advisors and learn why they are among his most valuable assets.

The author relates his experiences working five months undercover at a

slaughterhouse, and explores why society encourages this violent labor yet keeps the details of the work hidden.

Richard is at the end of his financial rope and disappears into the woods behind his home. Where has he gone, and what is required of Felicity before she can find him? Unlock with Richard the secret behind the voice of inspiration and find out for yourself how truly dependable and ingenious your own inner voice can be.

This is a book is for anyone with a deep desire to grow, an uncompromising commitment to excellence, the courage to face the truth about themselves, and the grit and determination to conquer every obstacle that gets in the way of living their dreams. It's a mind-altering, epiphany-sparking, soul-uplifting, life-changing book for anyone who's ever asked themselves questions like these: \* How can I discover and live my true purpose--to become who God created me to become? \* How can I overcome my weaknesses and temptations and live with virtue and integrity? \* How can I live a life of meaning and significance? \* How can I find lasting peace, happiness, and fulfillment? \* What is true success beyond worldly acclaim? \* How can I improve my life and serve and uplift others? \* What will be my legacy? Read Manifest Destiny to get clear, unique, and surprising answers that will inspire you to choose a life of greatness. It is the first published anthology of Stephen Palmer's "Inspiration Weekly" newsletters and includes a year's worth of essays (52 total, see titles with links below). Each essay is designed as a stand-alone work of art with a completely unique and original design.

A fascinating and powerful story that illustrates how to enlist, recognize, and trust inspired ideas for remarkable results. It's for people who see greater purpose in being wealthy than personal comfort, status, prestige, and an irresponsible sense of freedom. This book will help you eliminate scarcity in your life through increased awareness and cultivate a paradigm of abundance. Gunderson uncovers the truth about retirement planning, outlines the philosophies and principles that true wealth is based upon, and will help you to practically apply those fundamentals utilizing appropriate products and strategies.

In this "meticulously researched" account (New York Times Book Review), a Pulitzer Prize-winning author examines the dangers of a failing public health system unequipped to handle

large-scale global risks like a coronavirus pandemic. The New York Times bestselling author of *The Coming Plague*, Laurie Garrett takes on perhaps the most crucial global issue of our time in this eye-opening book. She asks: is our collective health in a state of decline? If so, how dire is this crisis and has the public health system itself contributed to it? Using riveting detail and finely-honed storytelling, exploring outbreaks around the world, Garrett exposes the underbelly of the world's globalization to find out if it can still be assumed that government can and will protect the people's health, or if that trust has been irrevocably broken. "A frightening vision of the future and a deeply unsettling one . . . a sober, scary book that not only limns the dangers posed by emerging diseases but also raises serious questions about two centuries' worth of Enlightenment beliefs in science and technology and progress." -- Michiko Kakutani, *The New York Times*

According to Doug Andrew, the bestselling author of *Missed Fortune 101*, too many Americans are being led down the wrong financial path. Even worse, many Baby Boomers find themselves panicking --fearful that they've already fallen too far behind to ever catch up. In this indispensable and eye-opening guide, Andrew provides fresh new pathways to reaching financial security -- pathways that all Americans need to consider now. Centering on his *Three Miracles of Wealth Accumulation: the Miracle of Compound Interest, the Miracle of Tax-Favored Accumulation, and the Miracle of Positive, Safe Leverage*, Andrew explodes many of the commonly-held myths about 401ks, pensions, paying down one's mortgage, and other forms of retirement planning. Along the way, Andrew offers unique strategies that will not only increase your wealth, but also help readers enjoy their best years while securing their future. Documents the success story of a formerly impoverished Chicago native who became a millionaire at the age of fourteen and the youngest person to have a Wall Street office, in a guide that challenges popular misconceptions about how to become wealthy.

*Add 3 More Days to Your Weekend* You want more You know there's a better way to live your life. You have hopes and dreams. You want out of the box — the financial squeeze — living by other people's rules. The best way to achieve your goal hasn't been clear. Now there's a way. *5 Day Weekend®* is: • More than inspiration—It's a plan. It shows you how to build multiple streams of passive, independent income. • More than a concept—It's real world. People's stories and cases give examples and guidance. • More than money—It's purpose. It opens up your world to more and better choices. You can leave your 8 to 5 job behind and achieve your grandest goals. Is it time for you to get unstuck? Are you ready to move forward to a lifestyle rich with freedom and purpose? *5 Day Weekend®* is your doorway. The strategy is to build multiple streams of income that don't require you to work 8 to 5 in a company where you have little control of your time and compensation. The core money parts — *Keep More Money, Make More Money, and Grow More Money* — focus on ways to tighten your finances, increase your income, and develop passive investment strategies. The goal is to build regular, independent cash flow until they match your standard of living. Then you're no longer captive. Your independent income is enough to sustain you — to free you. The *Personal Freedom* chapters are *Purpose, Choice, Productivity, Simplicity, Adventure, Peace, and Generosity* — ways to live your life to the fullest. In *Power UP!* you *Strengthen Your Mindset, Build Your Inner Circle, Fortify Your Habits, and Amplify Your Energy* — tools to support and realize your new goals. In *Push the Boundaries*, Nik Halik shares his remarkable journey and challenges you to achieve your own *5 Day Weekend®*. New York Times bestselling author, Garrett B. Gunderson, offers his savvy financial expertise.

*Limitless Wealth* is unlike anything you've ever read before with regards to mastering the inner and outer game of wealth. *Limitless Wealth* provides 21 keys to unlock limitless wealth and abundance, and is divided into two parts; *The Inner Game of Wealth* and *The Outer Game of Wealth*. *The Inner Game of Wealth* surprisingly attributes to over 90% of prosperity and abundance, while the remaining 10% is considered the easy part, which is the fundamentals,

or the action required to achieve wealth. Not only will the author give you the KEYS to a prosperity consciousness, but you'll also learn how to master the outer game of wealth. The outer game of wealth includes: the habits, fundamentals and investment strategies of the wealthy that accumulate great wealth. In fact, as an added bonus and a thank you for purchasing this book, the author will be giving you his personal contacts that enabled him to take control his financial destiny! This gift is a bonus when purchasing this book and it is his desire to help you achieve the level of freedom and financial abundance you desire. This information alone can make you VERY rich! His contacts range anywhere from mentoring, asset creation and protection, tax free retirement, gas and oil, stocks; small and mega cap, gold and silver investing, and cash flow real estate investing. These closely guarded investment strategies virtually remain a secret to the poor and middle class, and it'll continue to empower the wealthy whether the market is up, down or sideways. Until now...because you'll have access to the same information that the wealthy 1% use. This book is NOT a get rich quick scheme, but it will shift your awareness and shake up your beliefs when defining what wealth really is. You'll discover that wealth is much more than material possessions, and a guide to help you live a well balanced life. Now keys talk about MONEY... and let's be honest, because this is the area that most people seem to struggle with. Early childhood development and society will teach us that the supply is limited. However, the wealthy think quite differently, which is why 1% of the population makes 99% of all the money. MONEY is infinite, but you'll never maintain or create assets to earn more money unless you master part I of the book, The Inner Game of Wealth. Once you master part I, part II is nothing more than acquiring a skill to carry out your vision. If you're tired of living an average life, or you feel stuck working a dead end 9-5 job making someone else rich, buy this book. If you're tired of taking one vacation every 5 years, buy this book! If you're unhappy with your self image or can't figure out why your relationships seem to fail, Limitless Wealth is exactly what you've been looking for. You owe it to yourself to take control of YOUR life. Don't be an extra in your own movie. Lead the field with these powerful keys that have been used for centuries by the wealthiest people in the world. In this book, author Vincent Santiago will teach you... - The Inner Game of Wealth in 11 lessons - The Outer Game of Wealth in 10 lessons Thank you for your leadership and best of luck to you.

“Zig zag” your way to success! The Zig-Zag Principle presents a proven method for achieving business goals by “zig-zagging”—making flexibility, bootstrapping, and the creation of multiple opportunities central to overall strategy. Because it's better to be prepared for the inevitable bumps in the road than surprised by them. The Zig-Zag Principle walks you through the process of establishing an achievable objective—working into the process room for the extra resources, time, and emotional latitude it will truly take to achieve the goal. Rich Christiansen has started up and launched several technology-oriented companies, including Tornado Solutions, Know More Media, Cyclone Trading Company, and MortgageSaver101.

"We fail to mandate economic sanity," writes Garrett Hardin, "because our brains are addled by...compassion." With such startling assertions, Hardin has cut a swathe through the field of ecology for decades, winning a reputation as a fearless and original thinker. A prominent biologist, ecological philosopher, and keen student of human population control, Hardin now offers the finest summation of his work to date, with an eloquent argument for accepting the limits of the earth's resources--and the hard choices we must make to live within them. In Living Within Limits, Hardin focuses on the neglected problem of overpopulation, making a forceful case for dramatically changing the way we live in and manage our world. Our world itself, he writes, is in the

dilemma of the lifeboat: it can only hold a certain number of people before it sinks--not everyone can be saved. The old idea of progress and limitless growth misses the point that the earth (and each part of it) has a limited carrying capacity; sentimentality should not cloud our ability to take necessary steps to limit population. But Hardin refutes the notion that goodwill and voluntary restraints will be enough. Instead, nations where population is growing must suffer the consequences alone. Too often, he writes, we operate on the faulty principle of shared costs matched with private profits. In Hardin's famous essay, "The Tragedy of the Commons," he showed how a village common pasture suffers from overgrazing because each villager puts as many cattle on it as possible--since the costs of grazing are shared by everyone, but the profits go to the individual. The metaphor applies to global ecology, he argues, making a powerful case for closed borders and an end to immigration from poor nations to rich ones. "The production of human beings is the result of very localized human actions; corrective action must be local....Globalizing the 'population problem' would only ensure that it would never be solved." Hardin does not shrink from the startling implications of his argument, as he criticizes the shipment of food to overpopulated regions and asserts that coercion in population control is inevitable. But he also proposes a free flow of information across boundaries, to allow each state to help itself. "The time-honored practice of pollute and move on is no longer acceptable," Hardin tells us. We now fill the globe, and we have nowhere else to go. In this powerful book, one of our leading ecological philosophers points out the hard choices we must make--and the solutions we have been afraid to consider.

Conventional financial mindsets are failing too many people. We save, invest, and borrow the way Wall Street, banks, and the financial media tell us, but we are left unprepared for market losses, financial hardships, and retirement. The rules of money and financial well-being have changed, and those who follow them are achieving staggering results. In *Heads I Win, Tails You Lose*, CEO and financial strategist Patrick Donohoe shows you how to embrace a new way of thinking, sharing with you financial secrets used by the wealthy to navigate the rapidly changing economy as well as financial options to help you win no matter what and reach the true American Dream: financial freedom. Discover a new method of managing your money outside of Wall Street using private mutual insurance companies who are redefining themselves as the heroic steward of American savings to prosper a new generation of wealth-building tools and techniques. With this book, you will learn the financial strategies that typical advisors, typical financial planners, and the financial media don't dare give--advice that will empower you to take back your financial future, exit the rat race, and live a life you love.

All around us today we have GPS. Driving in our vehicles, getting directions on our smart phones, even mapping out a new run on our smart watches. We merely have to enter the address, and our GPS will give us directions all along the way until we get exactly where it is we want to be. Dr. Jay LaGuardia, Dr. Eddie Hall, and W.J. Vincent II have written a guide to help people do the same thing with the address of their best life. Essentially laying out the directions necessary for anyone to arrive at the exact destination in life of their choosing in the future. From foundational principals of success, to detailed plans of action, everything a person could ever need to activate their own personal GPS To Success in business and life lies within the pages of this

book. Get your copy and start following the exact steps needed to arrive at the success destination you have always wanted. Empower your Dreams, Ignite Your Passion, and Accelerate Your Success today!

Discusses the roles played by neuroscience, chaos theory, poetry, and art in the field of human persuasion and how to successfully use these fields in advertising.
