With half a million copies in print, *How to Read a Book* is the best and most successful guide to reading comprehension for the general reader, completely rewritten and updated with new material. A CNN Book of the Week: “Explains not just why we should read books, but how we should read them. It's masterfully done.”

—Farheed Zakaria Originally published in 1940, this book is a rare phenomenon, a living classic that introduces and elucidates the various levels of reading and how to achieve them—from elementary reading, through systematic skimming and inspectional reading, to speed reading. Readers will learn when and how to “judge a book by its cover,” and also how to X-ray it, read critically, and extract the author’s message from the text. Also included is instruction in the different techniques that work best for reading particular genres, such as practical books, imaginative literature, plays, poetry, history, science and mathematics, philosophy and social science works. Finally, the authors offer a recommended reading list and supply reading tests you can use measure your own progress in reading skills, comprehension, and speed.

kept secret of travel hackers and couch surfers, Pinterest was a niche web site frequented only by bakers and crafters, LinkedIn was an exclusive network for C-suite executives and top-level recruiters, Facebook was MySpace's sorry step-brother, and Uber was a scrappy upstart that didn't stand a chance against the Goliath that was New York City Yellow Cabs. So how did these companies grow from these humble beginnings into the powerhouses they are today? Contrary to popular belief, they didn't explode to massive worldwide popularity simply by building a great product then crossing their fingers and hoping it would catch on. There was a studied, carefully implemented methodology behind these companies' extraordinary rise. That methodology is called Growth Hacking, and it's practitioners include not just today's hottest start-ups, but also companies like IBM, Walmart, and Microsoft as well as the millions of entrepreneurs, marketers, managers and executives who make up the community of Growth Hackers. Think of the Growth Hacking methodology as doing for market-share growth what Lean Start-Up did for product development, and Scrum did for productivity. It involves cross-functional teams and rapid-tempo testing and iteration that focuses customers: attaining them, retaining them, engaging them, and motivating them to come back and buy more. An accessible and practical toolkit that teams and companies in all industries can use to increase their customer base and market share, this book walks readers through the process of creating and executing their own custom-made growth hacking strategy. It is a must read for any marketer,

Getting bored while reading? Offer your brain something more meaningful. Muttering the words in your head? Use an alternative to the sounds of words. Straining to maintain your concentration? Give your brain what it craves. Can't find time to practice? Takes less time than brushing your teeth! Do you feel stuck with slow reading? Are you just going through the motions with almost nothing to show for your efforts at the end of each page? Do you get bored or frustrated with your reading? In *100 One-Minute Speed Reading Drills*, best-selling author David Butler gives you straight-forward simple exercises to increase your reading speed with daily one-minute phrase-highlighted reading sprints. Simple and Quick One-Minute Exercises: Speed reading is 600 wpm. Each of these 100 excerpts is 600 words long. Each excerpt is phrase-highlighted for faster reading. Read it in a minute... and you're speed reading! Practice regularly to develop this into a habit. As you practice, you'll discover what speed reading feels like, as your mind adapts by paying more attention to phrases and ideas than to words and sounds. You actually read faster because you comprehend faster. The Greatest Speed Reading Technique in the World This is not another repetition of the same old hackneyed speed reading suggestions that simply come down to forcing yourself to see words faster. This is a technique that gets to the root of the problem: comprehension speed. Instead struggling to stop stubborn habits or forcing your eyes to do strange exercises, *100 ONE-MINUTE SPEED READING DRILLS* gives you quick and simple exercises, that make reading faster easy, by giving you a simple way to practice reading whole meaningful phrases at a time. This unique phrase-highlighted format lets you fly across the text, treating phrases like they were single words. Taking in whole ideas this way, speeds up your reading by speeding up your comprehension. You read faster because you understand faster. Ready to start reading

You sit down at your desk to work on an important project, but a notification on your phone interrupts your morning. Later, as you're about to get back to work, a colleague taps you on the shoulder to chat. At home, screens get in the way of quality time with your family. Another day goes by, and once again, your most important personal and professional goals are put on hold. What would be possible if you followed through on your best intentions? What could you accomplish if you could stay focused? What if you had the power to become "indistractable?"

International bestselling author, former Stanford lecturer, and behavioral design expert, Nir Eyal, wrote Silicon Valley's handbook for

making technology habit-forming. Five years after publishing *Hooked*, Eyal reveals distraction's Achilles' heel in his groundbreaking new book. In *Indistractable*, Eyal reveals the hidden psychology driving us to distraction. He describes why solving the problem is not as simple as swearing off our devices: Abstinence is impractical and often makes us want more. Eyal lays bare the secret of finally doing what you say you will do with a four-step, research-backed model. *Indistractable* reveals the key to getting the best out of technology, without letting it get the best of us. Inside, Eyal overturns conventional wisdom and reveals: • Why distraction at work is a symptom of a dysfunctional company culture—and how to fix it • What really drives human behavior and why "time management is pain management" • Why your relationships (and your sex life) depend on you becoming indistractable • How to raise indistractable children in an increasingly distracting world Empowering and optimistic, *Indistractable* provides practical, novel techniques to control your time and attention—helping you live the life you really want.

A recognized speed-reading expert presents a self-teaching course that truly makes speed reading easy to master. An opening chapter takes the reader through the mechanics of speed reading, starting with a diagnostic test to measure reading speed, then demonstrating hand motions and methods of expanding one's visual field. Subsequent chapters clarify the connection between reading mechanics and psychology, offer methods for accelerating memory power, and coach the reader in correct techniques for studying. Final chapters consider the varied approaches to speed reading different kinds of material, from fiction through advanced physical science texts and the intricate details of accounting books. The book concludes with several standardized reading tests.

#1 Speed Reading Book on Amazon for 2 Straight Years This book has quickly become the go to standard for rapidly improving reading speed. It offers simple tips to not only accelerate your reading, but comprehension and memory. Unlike other books that merely teach you to skim & scan, this book taps into your brain and eyes' amazing power to naturally read more words in a shorter time. Please Note There are a growing number of trolls and copycats on Amazon. They copy hard work of legitimate authors and post malicious reviews on their book to boost their own ranking. They don't take the time to understand a topic, only copy what others have written to make money. In fact, much of their content is taken directly from here as I've spent the last 15 years understanding how to optimize performance of the mind to enhance these areas & more. You will see that in the types of tips this book offers and how they are offered. In fact, it is the only speed reading book that presents practice drills at the end of every chapter, so by the time you get to the last page, you will have double or tripled your reading, learning, and memory of written information.

you'll actually be more productive than if you took an hour-and-a-half nap or had a cup of coffee. A leading expert in meditation for high performance, Emily Fletcher has taught meditation at numerous global corporations, including Google, Barclays Bank, and Viacom, to help their employees improve their focus and increase their productivity levels. With *Stress Less, Accomplish More*, anyone can get the benefits of her 15-minute twice-daily plan. Emily specifically developed the Z Technique for working people with busy lives. Now, you can learn to recharge anywhere, anytime—at home or at your desk. All you need is a few minutes and a chair (no apps, incense, or finger cymbals required). This is not just another meditation book. In *Stress Less, Accomplish More*, Emily teaches a powerful trifecta of Mindfulness, Meditation, and Manifesting to improve your personal and professional performance, clarity, health, and sleep. You'll learn how to cultivate Mindfulness through brief but powerful exercises that will help you stop wasting time stressing. Plus, you'll get Manifesting tools to help you get crystal clear on your personal and professional goals for the future. Filled with fascinating real-life transformations, interactive exercises, and practical knowledge, *Stress Less, Accomplish More* introduces you to a revelatory daily practice and shows you how to make it work for your modern life.

known and even less-appreciated facts about sleep's influence on every part of our life. Backed by the latest scientific research and packed with personal anecdotes and tips from leaders in the field of sleep research, this book depicts the dangers of insufficient sleep - from weight retention to memory loss to bad sex to increased risk of disease. In his clear, personable and relatable style Shawn offers 21 simple, immediately applicable ways for readers to take their well-being into their own hands and improve their sleep now

Do you think you have a "bad memory"? Impossible, says Kevin Trudeau, the world's foremost authority on memory improvement training. There are no bad memories, only untrained memories. In order to release our natural memory, Trudeau says, we just need to learn to retrieve what we already know. As founder of the American Memory Institute, Kevin Trudeau has already helped more than one million people do just that. Each Mega Memory lesson in this book takes no more than thirty minutes per day and uses pictures, rather than the laborious word-association techniques of other memory systems, to activate our inborn memory. With this easy-to-follow system, you'll be able to instantly remember names, phone numbers, addresses, financial data, speeches, and schoolwork. Even better, Trudeau's system ensures instant recall and long-term Mega Memory. All you need is the desire to unleash your Mega Memory, and you can reap all these incredible rewards! Labeled with a learning disability at an early age, Kevin Trudeau was convinced his problem was an inability to recall information. He read everything he could on memory improvement. Eventually, he developed his own program for memory retrieval and formed the American Memory Institute. His Mega Memory home study system is the most utilized self-improvement series of all time.

Inside every mother is a fierce, resilient, intuitive woman who has the ability to tap into an indomitable mindset and create heroic outcomes—for her children, her family, her community and for herself—she is a Warrior Mom. In *Warrior Mom*, (previously published as *Miracle Mindset*), celebrity health expert and four-time New York Times bestselling author, JJ Virgin reveals how one life-altering event taught her to trust her instincts, pay attention to the details that matter and defy the odds—and she shares how you can too. In 2012, JJ Virgin was in a hospital room next to her sixteen-year-old son who was struck by a hit-and-run driver and left for dead. She was told by doctors that he wouldn't last through the night and to let him go. With every reason to give up, JJ chose instead to invest her energy into the hope that her son would not just survive, but thrive. In *Warrior Mom*, she shares the lessons that gave her the courage to overcome the worst moment of her life. During this difficult time, she learned valuable personal lessons that helped her rebuild her life and find success and purpose in herself, her work, and teach her sons and community how to face their own obstacles and trials. Lessons like “Don’t Wish It Were Easier, Make Yourself Stronger” and “Your Limitations Will Become Your Life” will

favorite subjects. This Book Will Teach You 3 Major Skills: Speed reading with high (80%+) comprehension and understanding Memory techniques for storing and recalling vast amounts of information quickly and accurately Developing the cognitive infrastructure to support this flood of new information long-term However, the SuperLearning skills you'll learn in this course are applicable to many aspects of your every day life, from remembering phone numbers to acquiring new skills or even speaking new languages. Anyone Can Develop Super-Learning Skills This course is about improving your ability to learn new skills or information quickly and effectively. We go far beyond the kinds of "speed reading" (or glorified skimming) you may have been exposed to, diving into the actual cognitive and neurological factors that make learning easier and more successful. We also give you advanced memory techniques to grapple with the huge loads of information you'll soon be able to process. "This book should be the go-to reference for anyone looking to upgrade their mind's firmware!" -Benny Lewis, Language Learning Expert Learn How to Absorb and Retain Information in a Whole New Way - A Faster, Better Way The Authors' Proprietary Method for Teaching Speed Reading & Memory Improvement

^ You may have even taken a normal speed reading course in the past, only to realize that you didn't retain anything you read. The sad irony is that in order to properly learn things like speed reading skills and memory techniques in the past, you had to read dozens of books and psychological journals to decode the science behind it. Or, you had to hire an expensive private tutor who specializes in SuperLearning. That's what I did. And it changed my life. Fortunately, my co-authors (experts and innovators in the fields of superlearning, memory improvement, and speed reading) agreed to help me transform their materials into the first ever digital course. Over 25,000 satisfied students later,

"This vital book contains all the tools needed to learn, memorize, and reproduce anything you want with the joy that ease brings. Don't take another class until you've read it!" -Dr. Anthony Metivier, Author & Memory Expert If you wish to improve memory and concentration, learn more effectively, read faster, and learn the techniques of memory champions - look no further! An awesome read that will push the limits of your brain. Levi does an incredible job of guiding you through, to bring your brain from average to UNSTOPPABLE!" -Nelson Dellis, 4-Time USA Memory Champion

From the creator of Bulletproof Coffee and author of the bestselling The Bulletproof Diet comes a revolutionary plan to upgrade your brainpower—in two weeks or less. For the last decade, Silicon Valley entrepreneur Dave Asprey has worked with world-renowned doctors and scientists to uncover the latest, most innovative methods for making humans perform better—a process known as "biohacking." In his first book, The Bulletproof Diet, he shared his biohacking tips for taking control of your own biology. Now, in Head Strong, Asprey shows readers how to biohack their way to a sharper, smarter, faster, more resilient brain. Imagine feeling like your mind is operating at its clearest and sharpest, and being able—possibly for the first time in your life—to do more in less time? What if it suddenly became easier to do the very hardest things you do? Or if you could feel 100% confident about your intellect, and never again fear being the person in the room

who just isn't smart enough, or can't remember something important? How would you treat people if the mood swings, short temper, and food cravings that disrupt your day could simply disappear? In *Head Strong*, Asprey shows us that all of this is possible—and more. Using his simple lifestyle modifications (or "hacks") to take advantage of how the structure of your brain works, readers will learn how to take their mental performance to the next level. Combining the latest findings in neuroscience and neurobiology with a hacker-inspired "get it done now" perspective, Asprey offers a program structured around key areas of brain performance that will help you: Power the brain with exactly what it needs to perform at its best all day long Eliminate the sources of "kryptonite," both nutritional and environmental, that make the brain slower. Supercharge the cellular powerhouses of our brains, the mitochondria, to eliminate cravings and turn up mental focus. Reverse inflammation to perform better right now, then stay sharp and energized well into your golden years. Promote neuron growth to enhance processing speed and reinforce new learning—hotwiring your brain for success. Asprey's easy to follow, two-week program offers a detailed plan to supercharge brain performance, including: which foods to eat and which ones to avoid, how to incorporate the right kinds of physical activity into your day, a detox protocol for your home and body; meditation and breathing for performance, recommended brain-boosting supplements; and how to adjust the lighting in your home and work space to give your brain the quality light it thrives on. A better brain—and a happier, easier, more productive life—is within reach. You just need to get *Head Strong*.
