FINANCIAL REPORTING, FINANCIAL STATEMENT ANALYSIS, AND VALUATION, 8E is written with the premise that students can learn financial statement analysis most effectively by performing the analysis on real-world companies. Wahlen/Baginski/Bradshaw's textbook will teach students how to integrate the concepts from economics, finance, business strategy, accounting, and other business disciplines through a unique six-step process. New to this edition, chapters now include quick checks after each section so that students can be sure that they have obtained the key insights after reading each section. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. This accessible, reader-friendly text guides you through a complete life cycle of the firm as it introduces the theories, knowledge, and corporate finance tools and techniques an entrepreneur needs to start, build, and eventually harvest a successful venture. With a strong emphasis on sound financial management practices, the text explores important issues entrepreneurs face, including how and where to obtain financing, using business cash flow models, and positioning the early-stage company strategically. You will also gain an understanding of how to interact effectively with financial institutions and regulatory agencies that can affect venture growth and enable liquidity for investors. Drawing on real-life entrepreneurial ventures and common financial scenarios, the authors include an in-depth capstone case, numerous mini-cases, and abundant examples to engage your interest and vividly illustrate key concepts such as venture capital funds, institutional investors, strategic alliances, the role of business

**CASE DOCUMENTATION IN COUNSELING AND PSYCHOTHERAPY** teaches counselors and psychotherapists how to apply counseling theories in real-world settings. Written in a clear, down-to-earth style, the text provides a comprehensive introduction to case documentation using four commonly used clinical forms: case conceptualization, clinical assessment, treatment plan, and progress note. These documents incorporate counseling theory and help new practitioners understand how to use theory in everyday practice. Case studies illustrate how to complete documentation using each of seven counseling models. Readers also learn about the evidence base for each theory as well as applications for specific populations. Designed to produce measurable results that have value beyond the classroom, the text employs learning-centered, outcome-based pedagogy to engage students in an active learning process. Its case documentation assignments-created using national standards-help

Introduce the latest version of the fundamental SQL language used in all relational databases today with Casteel's ORACLE 12C: SQL, 3E. Much more than a study guide, this edition helps those who have only a basic knowledge of databases master the latest SQL and Oracle concepts and techniques. Learners gain a strong understanding of how to use Oracle 12c SQL most effectively as they prepare for the first exam in the Oracle Database Administrator or Oracle Developer Certification Exam paths. This edition initially focuses on creating database objects, including tables, constraints, indexes, sequences, and more. The author then explores data query techniques, such as row filtering, joins, single-row functions, aggregate functions, subqueries, and views, as well as advanced query topics. ORACLE 12C: SQL, 3E introduces the latest features and enhancements in 12c, from enhanced data types and invisible columns to new CROSS and OUTER APPLY methods for joins. To help readers transition
