Button-pushers come in all shapes and sizes, but they have one thing in common: Their behavior drives us crazy and makes us dream of ways to escape the mess we're in. The person who pushes your buttons is likely someone who matters to you – a spouse, a parent, a boss, a fellow church member. Almost always this difficult person is connected to you by blood, love, faith, or money, so you can't just end the relationship without causing pain and upheaval in your life. Our friends and today's culture will often advise us to abandon such relationships quickly – to end this unpleasant chapter and get on with our lives. Psychologist and author Dr. John Townsend disagrees, "Your button-pusher is not someone you would easily and casually leave. You are intertwined at many levels. It is worth the trouble to take a look at the ways the relationship you had, and want, can be revived and reborn." In this easy-to-read book he offers Expert insights to help you understand your own button-pusher Wise assistance in determining the nature of the problem Compassionate help in identifying your failed attempts to fix things A hope-filled vision for what can be and how to make it come true Rich resources to help you navigate the necessary changes

Tells how to set limits and still be a loving person, discusses mental, emotional,

and spiritual boundaries, and looks at the related teachings of the Scriptures

The phenomenal bestseller, *The Secret*, tapped into a spiritual hunger present in our society, revealing the Law of Attraction as a way to improve your life and find harmony with universal energies. Dr Cloud builds on these ideas by offering a positive Christian interpretation of the thinking found in that book. By comparing ideas and concepts in *The Secret* with biblical scripture, he points readers to the Creator of the universe as the source of all power, offering twenty spiritual truths that hold within them the secrets of happiness, relationships and purpose. Yet even among those who claim a Christian faith, these truths often lie dormant and untapped within the soul. *The Secret Things of God* will help readers unlock the secret treasures God has for them, and gives guidance on how to activate these truths in our lives.

Lead small groups through astounding growth with principles from the best-selling books *How People Grow* and *Boundaries*. No matter what need brings a group of people together—from marriage enrichment to divorce recovery, from grief recovery to spiritual formation—members are part of a small group because they want to grow. This book by psychologists Henry Cloud and John Townsend provides small-group leaders with valuable guidance and information on how they can help their groups to grow spiritually, emotionally, and relationally. With insights from their best-selling book *How People Grow*, Cloud and Townsend show how God's plan for growth is made up of three key elements: grace plus truth plus time. When groups embrace those elements,

they find God's grace and forgiveness and learn how to handle their imperfections without shame as they model God's love and support to one another. In addition to describing what makes small groups work, *Leading Small Groups That Help People Grow* explains the roles and responsibilities of both leaders and group members. Employing tenets from the book *How People Grow*, this book equips leaders to understand the ins and outs of how to promote growth, and using principles from their best-selling book *Boundaries*, they show how to identify and find solutions for common problems such as boredom, noncompliance, passivity, aggression, narcissism, spiritualization, over-neediness, over-giving, and nonstop talking. In this best-selling, award-winning book, now in paperback, Drs. Cloud and Townsend introduce eight persuasive principles that demonstrate how God enters both the heart-breaking situation and the life looking for more. These principles are applied to readers' lives so that their relationships will be better, they'll have more control over their lives, and their spiritual hunger will be satisfied.

End Pain. Foster Personal and Professional Growth. Live Better. While endings are a natural part of business and life, we often experience them with a sense of hesitation, sadness, resignation, or regret. But consultant, psychologist, and bestselling author Dr. Henry Cloud sees endings differently. He argues that our personal and professional lives can only improve to the degree that we can see endings as a necessary and strategic step to something better. If we cannot see endings in a positive light and execute them well, he asserts, the "better" will never come either in business growth or our personal lives. In this insightful and deeply

empathetic book, Dr. Cloud demonstrates that, when executed well, "necessary endings" allow us to proactively correct the bad and the broken in our lives in order to make room for the professional and personal growth we seek. However, when endings are avoided or handled poorly—as is too often the case—good opportunities may be lost, and misery repeated. Drawing on years of experience as an executive coach and a psychologist, Dr. Cloud offers a mixture of advice and case studies to help readers know when to have realistic hope and when to execute a necessary ending in a business, or with an individual; identify which employees, projects, activities, and relationships are worth nurturing and which are not; overcome people's resistance to change and create change that works; create urgency and an action plan for what's important; stop wasting resources needed for the things that really matter. Knowing when and how to let go when something, or someone, isn't working—a personal relationship, a job, or a business venture—is essential for happiness and success. *Necessary Endings* gives readers the tools they need to say good-bye and move on.

¿Está su vida sin control? ¿siente que la gente le utiliza? ¿Le es difícil decir que no? ¿Está desilusionado con Dios por la falta de respuesta a sus oraciones? Establecer límites claros es esencial para obtener un estilo de vida sano y balanceado. Un límite es una línea de propiedad personal que marca las cosas de las que somos responsables. En otras palabras, es lo que define quienes somos, o quiénes no somos, y afecta diferentes aspectos de nuestra vida:

- Los límites físicos nos ayudan a determinar quién nos puede tocar y bajo qué circunstancia.
- Los límites mentales nos dan la libertad de tener ideas y opiniones propias.
- Los límites emocionales nos ayudan a tratar con nuestras propias emociones y a librarnos de las emociones dañinas y manipuladoras de otros.
- Los límites espirituales nos ayudan a

An expert on the psychology of leadership and the bestselling author of *Integrity*, *Necessary Endings*, and *Boundaries For Leaders* identifies the critical ingredient for personal and professional wellbeing. Most leadership coaching focuses on helping leaders build their skills and knowledge and close performance gaps. These are necessary, but not sufficient. Using evidence from neuroscience and his work with leaders, Dr. Henry Cloud shows that the best performers draw on another vital resource: personal and professional relationships that fuel growth and help them surpass current limits. Popular wisdom suggests that we should not allow others to have power over us, but the reality is that they do, for better or for worse. Consider the boss who diminishes you through cutting remarks versus one who challenges you to get better. Or the colleague who always seeks the limelight versus the one who gives you the confidence to finish a difficult project. Or the spouse who is honest and supportive versus the one who resents your success. No matter how talented, intelligent, or experienced, the greatest leaders share one commonality: the power of the others in their lives. Combining

engaging case studies, persuasive findings from cutting-edge brain research, and examples from his consulting practice, Dr. Cloud argues that whether you're a Navy SEAL or a corporate executive, outstanding performance depends on having the right kind of connections to fuel personal growth and minimize toxic associations and their effects. Presenting a dynamic model of the impact these different kinds of connections produce, Dr. Cloud shows readers how to get more from themselves by drawing on the strength and expertise of others. You don't have a choice whether or not others have power in your life, but you can choose what kinds of relationships you want.

Many years of counseling have enabled Dr. Henry Cloud to observe people trying to work out the most important issues of life: relationships, career, fulfillment, meaning, pain, hurt, loss, despair, and addictions. If we sincerely want to "get life right" and quit repeating the same mistakes over and over again, *9 Things You Simply Must Do* provides the practical guidance we need to live life to its fullest . . . every moment.

En 1992, el Dr. Henry Cloud publicó «Límites» el cual vendió más de 2 millones de ejemplares en Inglés. En el transcurso de la última década, el trabajo del Dr. Cloud se ha expandido para incluir actividades de entrenamiento con líderes de empresas. Ha encontrado que el concepto de límites es especialmente impactante en grupos de empresarios, por lo que aquí, en «Límites para los líderes», aplica los mismos principios de límites utilizados en el lugar de trabajo, mostrando así a los líderes cómo utilizar estas herramientas y técnicas para desarrollar una cultura organizativa, para crear expectativas de rendimiento conjunto, liderar equipos, clarificar valores y administrar sus propios comportamientos. ¿Qué es un límite? En pocas palabras, un límite es una línea de propiedad. Define dónde termina una cosa y comienza la otra. Da estructura e identidad. Define la propiedad, el control y responsabilidad. Establece límites sobre las conductas y actividades que se permitirán en dicha propiedad. Del mismo modo, el éxito de un líder depende de la manera en que los límites son delineados y definidos. Y cuando los líderes establecieron límites apropiados, las organizaciones prosperan. «Límites para Líderes», es una lectura esencial para ejecutivos y líderes aspirantes, a aquellos que quieren crear empresas exitosas, con empleados y clientes satisfechos, y ser más resistentes ante las presiones.

Aprenda cuándo decir que sí y cuándo decir que no --a su cónyuge y a otras personas-- para lograr lo máximo en su matrimonio. Solo cuando el esposo y la esposa conocen y respetan las necesidades, opciones y libertades del otro, pueden entregarse el uno al otro con libertad y amor. Los límites son los «linderos» que definen y protegen a los esposos y esposas como individuos. Una vez que esos linderos están en su lugar, un matrimonio que es bueno puede ser mejor, y el matrimonio que es menos que satisfactorio incluso puede salvarse. Los Drs. Henry Cloud y John Townsend, asesores y autores del galardonado éxito de librería *Boundaries [Límites]*, le muestran a las parejas cómo aplicar las diez leyes de los límites que pueden cambiar por completo sus relaciones personales. Ellos ayudan a los esposos y esposas a comprender los puntos de fricción o las heridas serias y traiciones en su matrimonio... y a avanzar más allá de eso hacia el cuidado, el respeto, la afirmación y la intimidad mutua que ambos anhelan. Límites para el matrimonio ayuda a las parejas a * Fijar y mantener límites personales y respetar los de su cónyuge * Establecer valores que forman una estructura y arquitectura santa para su matrimonio * Proteger su matrimonio de los diferentes tipos de «intrusos» * Trabajar con un cónyuge que entiende y valora los límites... o con uno que no los entiende.

All growth is spiritual growth. Authors Drs. Cloud and Townsend unlock age-old keys to growth from Scripture to help people resolve issues of relationships, maturity, emotional problems, and overall spiritual growth. They shatter popular misconceptions about how God operates and show that growth is not about self-actualization, but about God's sanctification. In this theological foundation to their best-selling book *Boundaries*, they discuss:

- What the essential processes are that make people grow
- How those processes fit into a biblical understanding of spiritual growth and theology
- How spiritual growth and real-life issues are one and the same
- What the responsibilities are of pastors, counselors, and others who assist people in growing—and what your own responsibilities are in your personal growth

Integrity—more than simple honesty, it's the key to success. A person with integrity has the ability to pull everything together, to make it all happen no matter how challenging the circumstances. Drawing on experiences from his work, Dr. Henry Cloud, a clinical psychologist, leadership coach, corporate consultant and nationally syndicated radio host, shows how our character can keep us from achieving all we want to (or could) be. In *Integrity*, Dr. Cloud explores the six qualities of character that define integrity, and how people with integrity:

- Are able to connect with others and build trust
- Are oriented toward reality
- Finish well
- Embrace the negative
- Are oriented toward increase
- Have an
