From the acclaimed composer and biographer Jan Swafford comes the definitive biography of one of the most lauded musical geniuses in history, Wolfgang Amadeus Mozart. At the earliest ages it was apparent that Wolfgang Mozart's singular imagination was at work in every direction. He hated to be bored and hated to be idle, and through his life he responded to these threats with a repertoire of antidotes mental and physical. Whether in his rabidly obscene mode or not, Mozart was always hilarious. He went at every piece of his life, and perhaps most notably his social life, with tremendous gusto. His circle of friends and patrons was wide, encompassing anyone who appealed to his boundless appetites for music and all things pleasurable and fun. Mozart was known to be an inexplicable force of nature who could rise from a luminous improvisation at the keyboard to a leap over the furniture. He was forever drumming on things, tapping his feet, jabbering away, but who could grasp your hand and look at you with a profound, searching, and melancholy look in his blue eyes. Even in company there was often an air about Mozart of being not quite there. It was as if

he lived onstage and off simultaneously, a character in life's tragicomedy but also outside of it watching, studying, gathering material for the fabric of his art. Like Jan Swafford's biographies Beethoven and Johannes Brahms, Mozart is the complete exhumation of a genius in his life and ours: a man who would enrich the world with his talent for centuries to come and who would immeasurably shape classical music. As Swafford reveals, it's nearly impossible to understand classical music's origins and indeed its evolutions, as well as the Baroque period, without studying the man himself.

Cul De Sac This Exit Andrews McMeel Publishing

Madonnas and Miracles' exposes a hidden world of religious devotion in the Italian Renaissance home. Challenging the idea of the Renaissance as an age of increasing worldliness, it shows how religion remained a powerful force that coloured every aspect of daily life. Across the length and breadth of Italy, houses were filled with decorative objects and works of art with spiritual significance, designed to aid members of the family in their devotional lives. A wide range of religious activities, from routine prayers to extraordinary experiences such as miracles and exorcisms, took place within the home, where they were adapted to key moments in the life-cycle, including birth, marriage, sickness and death. This illustrated publication explores a variety of devotional objects and images, from luxury items to everyday household goods. Bringing together jewellery and ceramics, manuscripts and printed books, sculpture and paintings, the book offers a vivid encounter with Renaissance spirituality and domesticity. The result is a new vision of a period in which the material world was charged with sacred power. Exhibition: Fitzwilliam Museum, Cambridge, UK (Spring 2017). ePub: FL0516; PDF: FL1537

## AN UNSPEAKABLE CRIME

When he was arrested in July 1991, Jeffrey Dahmer had a severed head in the refrigerator, two more in the freezer, two skulls and a skeleton in a filing cabinet.

A DEPRIVED ACT But if anything could be more disturbing than the brute horror of this scene, it was the evidence that Dahmer had been using these human remains not only for sexual gratification, but as part of a dark ritual of his own devising -- to furnish a shrine to himself. A KILLER, BEYOND OUR UNDERSTANDING \_\_\_\_\_

The Shrine of Jeffrey Dahmer offers a chilling insight into the mind of a serial killer and reveals the horrors within. Perfect for fans of Making a Murderer, Mindhunter and The Ted Bundy Tapes, this is a gripping and gruesome read that delves into the mind of a murder and what possesses someone to kill. \_\_\_\_\_ By the author of Killing for Company, which was adapted into the hit ITV true crime drama DES, starring David Tennant. \_\_\_\_\_ PRAISE FOR THE SHRINE OF JEFFREY DAHMER: 'Irresistible. . . . Revivals - movements that revitalize, resuscitate, or re-indigenize traditions perceived as threatened or moribund into new temporal, spatial, or cultural contexts - have been well-documented in Western Europe and Euro-North America. Less documented are the revival processes that have been occurring and recurring elsewhere in the world. And particularly

under-analyzed are the aftermaths of revivals: the new infrastructures, musical styles, performance practices, subcultural communities, and value systems that have grown out of revival movements. The Oxford Handbook of Music Revival helps us achieve a deeper understanding of the role and development of traditional, folk, roots, world, classical, and early music in modern-day postindustrial, postcolonial, and postwar contexts. The book's thirty chapters present innovative theoretical perspectives illustrated through new ethnographic case studies on diverse music cultures around the world. Together these essays reveal the potency of acts of revival, resurgence, restoration, and renewal in shaping musical landscapes and transforming social experience. The contributors present research from Euro-America, Native America, Latin America and the Caribbean, Africa, Europe, the former Soviet bloc, Asia, Australia, and the Pacific. They enrich the field by applying approaches and insights from across the disciplines of ethnomusicology, ethnochoreology, historical musicology, folklore studies, anthropology, ethnology, sociology, and cultural studies. The book makes a powerful argument for the untapped potential of revival as a productive analytical tool in contemporary, global contexts-one that is crucial for understanding manifestations of musical heritage in postmodern, cosmopolitan societies. With its detailed treatment of authenticity, recontextualization, transmission, institutionalization, globalization, and other key concerns, the collection makes a significant impact far beyond the field of revival studies and is crucial for understanding contemporary manifestations of folk, traditional, and heritage music in today's postmodern cosmopolitan societies.

Dad Lewis is diagnosed with terminal cancer, he and his wife, Mary, must work together to make his final days as comfortable as possible. Their daughter, Lorraine, hastens back from Denver to help look after him; her devotion softens the bitter absence of their estranged son, Frank, but this cannot be willed away and remains a palpable presence for all three of them. Next door, a young girl named Alice moves in with her grandmother and contends with the painful memories that Dad's condition stirs up of her own mother's death. Meanwhile, the town's newly arrived preacher attempts to mend his strained relationships with his wife and teenaged son, a task that proves all the more challenging when he faces the disdain of his congregation after offering more than they are accustomed to getting on a Sunday morning. And throughout, an elderly widow and her middle-aged daughter do everything they can to ease the pain of their friends and neighbors. Despite the travails that each of these families faces, together they form bonds strong enough to carry them through the most difficult of times. Bracing, sad and deeply illuminating, *Benediction* captures the fullness of life by representing every stage of it, including its extinction, as well as the hopes and dreams that sustain us along the way. Here Kent Haruf gives us his most indelible portrait yet of this small town and reveals, with grace and insight, the compassion, the suffering and, above all, the humanity of its inhabitants.

After reviewing, from a grammaticalization perspective, the main stages in the evolution of Italian object clitic pronouns, the book discusses the distinctive morphosyntactic, semantic, and pragmatic features of Italian clitics. In particular, the book offers an original study of the most common examples of so-called *verbi procomplementari*, verbs which are characterized by the incorporation of clitics that no longer function as pronouns, and which are widely used in

present-day Italian. Their emergence involves both grammaticalization of the clitic pronoun into an obligatory element, and lexicalization of the verb+clitic sequence. This study is essentially descriptive and maximally data-driven. The discussion of grammaticalization and lexicalization is reduced to the essentials and aims primarily at defining how these terms, which have received different and at times divergent interpretations, are employed in the book. The book is accessible to a wide and varied readership, which includes Italian and Romance linguists of functional and formal orientation, Italian language scholars, grammaticalization scholars interested in new case studies, as well as students of language change and variation.

"I hope you enjoy Cul de Sac as much as I do. I think you're in for a real treat." --Bill Watterson, creator of Calvin and Hobbes, 2008 "One of the five best features in any newspaper, period." --The Comics Reporter "One of the few strips around where nearly every individual panel is stand-alone delight." --The Onion "...it really seems like the inheritor of 'Calvin and Hobbes.'" --Art Spiegelman "I can't say enough in his favor, so much is my admiration for his work." --Pat Oliphant More than half of our nation's population resides in the 'burbs. Knowingly, Richard Thompson's Cul de Sac follows the antics of four-year-old Alice Otterloop as she navigates her way through life at Blisshaven Preschool, "the scene of [her] daily toil." Suburbanites across the nation will easily recognize the quirks and conundrums associated with house-lined streets, sidewalk canvases, and magnetified refrigerator art. Instructed by the proper Miss Bliss, Alice regularly has issues with taking a nap, speaking out of turn, and remembering what a triangle looks like. Helping her through life's ups and downs are her eight-year-old brother Petey, Dad (a.k.a. Peter), and Mom (a.k.a. Madeline), as well as Mr. Danders, the preschool's pompously pedantic guinea pig. This is the strip's first book collection incorporating more than a year's

worth of strips dating back to the cartoon's 2007 debut. Thompson has received critical praise for doing a masterful job of commenting on social issues while entertaining in a freshly amusing and unexpected way.

One of the most revered composers of the twentieth century, Claude Debussy (1862–1918) achieved the unheard of: he reinvented the language of music without alienating the majority of music lovers. Debussy drove French music into entirely new regions of beauty and excitement at a time when old traditions threatened to stifle it. Yet despite his profound influence on French culture, Debussy's own life was complicated and often troubled by struggles over money, women, and ill health. Here, Stephen Walsh, acclaimed author of *Stravinsky*, chronicles both the composer himself and the unique moment in European history that bore him. Walsh's engagingly original approach is to enrich a lively biography with analyses of Debussy's music: from his first daring breaks with the rules as a Conservatoire student to his achievements as the greatest French composer of his time.

Richard Thompson reminds us that being a 40-year-old isn't hard, but being a four-year-old is. His warm, welcoming reminders are wonderfully lighthearted and funny as he brings home Alice's life in a fun, new *Cul de Sac* collection. Alice and her Blisshaven Preschool classmates charm fans of all ages. Their adventures ring alarmingly true to parents of little ones, too. From doing projects in a whirlwind of crayons and markers to their nonstop chatter to trying to comprehend a completely incomprehensible world, Thompson's characters make *Children at Play* a must-read. The little boxes crammed together, the shopping malls, and the insane traffic systems set the scene for the storylines and adventures that only suburban life can provide. Thompson's witty dialogue meets comically unique drawings to make *Cul de Sac* a place

worthy of visiting on a daily basis. "I thought the best newspaper comic strips were long gone, and I've never been happier to be wrong. Richard Thompson's Cul de Sac has it all--intelligence, gentle humor, a delightful way with words, and, most surprising of all, wonderful, wonderful drawings." --Bill Watterson, creator of Calvin and Hobbes

Gustav Mahler is the most influential symphonist of the twentieth century. In this pioneering study, Norman Lebrecht reveals the man and musician through the words of his contemporaries. Using many previously unpublished documents, he constructs a profile of Mahler even more complex and compelling than that familiar from his letters and the often unreliable memoirs of his widow, Alma. Compassionate or callous, idealistic or pragmatic, Mahler aroused violently contrasting impressions and emotions in those who lived and worked with him. Accounts of the composer include the artist Alfred Roller's description of Mahler's naked body, a Nazi-era reappraisal by one of his closest relatives, Natalie Bauer-Lechner's unpublished jottings of Mahler's childhood, and Stefan Zweig's report of his final voyage. Together, they form a remarkable and deeply illuminating image of a formidable personality. 'The effect is cumulative, sometimes contradictory and vivid - like a written version of a radio or film portrait.' Classical Music 'Norman Lebrecht's Mahler Remembered is quite breathtakingly interesting.' Birmingham Post

Text, Context, Hypertext" held at the University of Parma on November 2-4, 2016, as the final event of the ERC project DIGMEDTEXT, aimed primarily at creating an online textual database of the Greek papyri dealing with medicine. The contributions, authored by outstanding papyrologists and historians of the ancient medicine, deal with a variety of topics focused on the papyrological evidence of ancient medical texts and contexts. The first part, devoted to "medical texts", contains some new reflections on important sources such as the Anonymus Londinensis and the Hippocratic corpus, as well as on specific themes like the pharmacological vocabulary, the official medical reports, the medical care in the Roman army. The second part collects papers about the "doctors' context", providing highlights from broader viewpoints like the analysis of the writing supports, the study of the ostraka from the Eastern Desert, the evidence of inscriptions and philosophical texts. The third part is entirely focused on the DIGMEDTEXT project itself: the team members present some relevant key issues raised by the digitisation of the medical papyri.

the arduous demands of rural America, and of the tenacity of the human spirit. Colorado, January 1977. Eighty-year-old Edith Goodnough lies in a hospital bed, IV taped to the back of her hand, police officer at her door. She is charged with murder. The clues: a sack of chicken feed slit with a knife, a milky-eyed dog tied outdoors one cold afternoon. The motives: the brutal business of farming and a family code of ethics as unforgiving as the winter prairie itself. Here, Kent Haruf delivers the sweeping tale of a woman of the American High Plains, as told by her neighbor, Sanders Roscoe. As Roscoe shares what he knows, Edith's tragedies unfold: a childhood of pre-dawn chores, a mother's death, a violence that leaves a father dependent on his children, forever enraged. Here is the story of a woman who sacrifices her happiness in the name of family--and then, in one gesture, reclaims her freedom.
