The label CLIL stands for classrooms where a foreign language (English) is used as a medium of instruction in content subjects. This book provides a first in-depth analysis of the kind of communicative abilities which are embodied in such CLIL classrooms. It examines teacher and student talk at secondary school level from different discourse-analytic angles, taking into account the interpersonal pragmatics of classroom discourse and how school subjects are talked into being during lessons. The analysis shows how CLIL classroom interaction is strongly shaped by its institutional context, which in turn conditions the ways in which students experience, use and learn the target language. The research presented here suggests that CLIL programmes require more explicit language learning goals in order to fully exploit their potential for furthering the learners' appropriation of a foreign language as a medium of learning.

The Bikol language of the Philippines, spoken in the southernmost peninsula of Luzon Island and extending into the island provinces of Catanduanes and Masbate, is presented in this bilingual dictionary. An introduction explains the Bikol alphabet, orthographic representation (including policies adopted in writing Spanish and English loan words), foreign sounds in Bikol, and Bikol phonology. A section on the use of the dictionary outlines affixes, tenses, verbal and nonverbal stress, combined affix forms, the causative series "pa-," "mang-" and "pang-" series, "pang-" as a nominal, "maki-"

Tales of the Jazz Age (1922) is a collection of eleven short stories by F. Scott Fitzgerald. Divided into three separate parts, according to subject matter, it includes one of his better-known short stories, "The Curious Case of Benjamin Button". All of the stories had been published earlier, independently, in either Metropolitan Magazine (New York), Saturday Evening Post, Smart Set, Collier's, Chicago Sunday Tribune, or Vanity Fair.

New Headway Beginner is aimed at absolute beginners, or those who have learned a little English but lack the confidence to build on it. It provides a solid foundation for New Headway Elementary. Its measured, step-by-step approach builds both skills and confidence. The right mix of language work and plentiful practice material enables learners to consolidate their knowledge of key points before proceeding further. The clearly defined grammatical syllabus includes past, present and future time and

provides a thorough basis on which to build. The presentation of new language is gradual, methodical and clearly structured, giving learners a clear sense of progression. The vocabulary syllabus focuses on high-frequency survival terms and avoids overload. The gradual introduction of simple skills work with manageable communicative activities give learners a sense of achievement. 'Everyday English' practises social expressions in common situations and shows how learners can apply their knowledge in practical ways.

Special features, such as syndicate directories, annual newspaper lineage tabulations, etc., appear as separately paged sections of regular issues.

Bronislaw Malinowski had a talent for bringing together in single comprehension the warm reality of human living with the cool abstractions of science. His pages have become an almost indispensable link between the knowing of exotic and remote people and theoretical knowledge about humankind. This classic volume originally published in 1922 can be considered the founding document of economic anthropology, and remains the best one to read. It emphasizes the great significance of primitive economics by singling out the notable exchange system of the Trobriand Islands for special consideration. Although the main theme is economic, constant reference is made to social organization, life and meaning, the power of magic, and mythology and folklore. Following Malinowski, we are soon paddling on the lagoon, watching the natives under the blazing sun at their garden work, following them through the patches of jungle. And on the winding beaches and reefs, we shall learn about their life. The life we learn about is both Trobriand life in New Guinea as well as life of common humanity.

For nearly thirty years, Waveland Press has made Malinowski's most famous ethnography available for modern-day students and readers at a reasonable price. Both the current print version and the ebook have been greatly enriched by 80 digitally enhanced historic photographs and maps.

"Illuminate[s] the complexities of the human brain and the mysteries of the human mind." —The New York Times To many people, hallucinations imply madness, but in fact they are a common part of the human experience. These sensory distortions range from the shimmering zigzags of a visual migraine to powerful visions brought on by fever, injuries, drugs, sensory deprivation, exhaustion, or even grief. Hallucinations doubtless lie behind many mythological traditions, literary inventions, and religious epiphanies. Drawing on his own experiences, a wealth of clinical cases from among his patients, and famous historical examples ranging from Dostoevsky to Lewis Carroll, the legendary neurologist Oliver Sacks investigates the mystery of these sensory deceptions: what they say about the working of our brains, how they have influenced our folklore and culture, and why the potential for hallucination is present in us all. "This book is offers an overview of the practices and the technologies that are shaping the knowledge production of the future"--Provided by publisher.

**NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE TELEGRAPH** • From renowned German Holocaust historian Peter Longerich comes the definitive one-volume biography of Adolf Hitler's malevolent minister of propaganda. In life, and in the grisly manner of his death, Joseph Goebbels was one of Adolf Hitler's most loyal acolytes. By the end, no one in the Berlin bunker was closer to the Führer than his

devoted Reich minister for public enlightenment and propaganda. But how did this clubfooted son of a factory worker rise from obscurity to become Hitler's most trusted lieutenant and personally anointed successor? In this ground-breaking biography, Peter Longerich sifts through the historical record—and thirty thousand pages of Goebbels's own diary entries—to provide the answer to that question. Longerich, the first historian to make use of the Goebbels diaries in a biographical work, engages and challenges the self-serving portrait the propaganda chief left behind. Spanning thirty years, the diaries paint a chilling picture of a man driven by a narcissistic desire for recognition who found the personal affirmation he craved within the virulently racist National Socialist movement. Delving into the mind of his subject, Longerich reveals how Goebbels's lifelong search for a charismatic father figure inexorably led him to Hitler, to whom he ascribed almost godlike powers. This comprehensive biography documents Goebbels's ascent through the ranks of the Nazi Party, where he became a member of the Führer's inner circle and launched a brutal campaign of anti-Semitic propaganda. Though endowed with near-dictatorial control of the media—film, radio, press, and the fine arts—Longerich's Goebbels is a man dogged by insecurities and beset by bureaucratic infighting. He feuds with his bitter rivals Hermann Göring and Alfred Rosenberg, unsuccessfully advocates for a more radical line of “total war,” and is thwarted in his attempt to pursue a separate peace with the Allies during the waning days of World War II. This book also reveals, as never before, Goebbels's twisted

personal life—his mawkish sentimentality, manipulative nature, and voracious sexual appetite. A harrowing look at the life of one of history's greatest monsters, Goebbels delivers fresh insight into how the Nazi message of hate was conceived, nurtured, and disseminated. This complete portrait of the man behind that message is sure to become a standard for historians and students of the Holocaust for decades to come. Praise for Goebbels "Peter Longerich . . . has delved into rarely accessed material from his subject's diaries, which span thirty years, to paint a remarkable portrait of the man who became one of Hitler's most trusted lieutenants."—The Daily Telegraph Praise for Heinrich Himmler "There have been several studies of this enigmatic man, but Peter Longerich's massive biography, grounded in exhaustive study of the primary sources, is now the standard work and must stand alongside Ian Kershaw's Hitler, Ulrich Herbert's Best and Robert Gerwarth's Hitler's Hangman: The Life of Heydrich as one of the landmark Nazi biographies. As the author of a celebrated study of the Holocaust, Longerich is better able than his predecessors to situate Himmler within the vast machinery of genocide. And he brings to his task a gift for capturing those mannerisms that are the intimate markers of personality."—London Review of Books "[An] excellent and comprehensive biography."—The New York Review of Books
