The small family ranch today is struggling to survive in Florida, jeopardized by unmanaged urban sprawl and explosive population growth with over 1,000 people a day moving into the state. Today, land has more value than heritage, but, this hearty culture of individuals face the future with hope and promise that bailed them out against all odds in the past.

Florida's pioneer "cow hunters," today's cattle ranchers, live through tough words of forbearance expressed by Bud Adams, The Adams Ranch, Ft. Pierce: "Cattlemen have always operated on the fringe. They have settled the frontier and lived apart from urban society. They have had little protection of the law, the market, prices and no protection from the weather. They have had the freedom to operate and the freedom to fail. They have made money, lost fortunes, endured hardships of heat, cold, drought, freezes and floods and they wouldn't have wanted it any other way." Hopefully this book will be well-worn in time, passed on to future generations who will take up the chalice, follow their predecessors and write their own unique history of Florida cattle ranchers.

This paper reviews economic developments in Suriname during 1994–96. In 1995, there was a major turnaround in Suriname's economic and financial situation following the expansionary fiscal and monetary policies pursued in the first half of the 1990s and the political and economic disruptions of the 1980s. The marked improvement was owing to the restoration of financial discipline, a strengthening of international bauxite prices, and the unification and subsequent stabilization of the exchange rate. The inflation fell further to less than 1 percent in 1996.

After the Second Civil War, the Bill of Life states that human life may not be touched from the moment of conception until a child reaches the age of thirteen. However, a loophole allows parents to retroactively get rid of a teenager through a process called "unwinding." Three teens defy the system and run away from their unwinding: Connor, a rebel whose parents have ordered his unwinding; Risa, a ward of the state who is to be unwound due to cost-cutting; and Lev, whose unwinding has been planned since birth as a religious tithing. As their paths intersect and lives hang in the balance, Connor, Risa, and Lev have to work together to survive. The complete riveting trilogy, which VOYA calls "smart, intense, and thought provoking," is packaged together in this boxed set that includes Unwind, UnWholly, and UnSouled.
