Delaney Nichols has settled so comfortably into her new life in Edinburgh that she truly feels it's become more home than her once beloved Kansas. Her job at the Cracked Spine, a bookshop that specializes in rare manuscripts as well as other sundry valuable historical objects, is everything she had dreamed, with her new boss, Edwin MacAlister, entrusting her more and more with bigger jobs. Her latest task includes a trip to Castle Doune, a castle not far out of Edinburgh, to retrieve a hard-to-find edition of an old Scottish comic, an "Oor Wullie," in a cloak and dagger transaction that Edwin has orchestrated. While taking in the sights of the distant Highlands from the castle's ramparts, Delaney is startled when she spots a sandal-clad foot at the other end of the roof. Unfortunately, the foot's owner is very much dead and, based on the William Wallace costume he's wearing, perfectly matches the description of the man who was supposed to bring the Oor Wullie. As Delaney rushes to call off some approaching tourists and find the police, she comes across the Oor Wullie, its pages torn and fluttering around a side wall of the castle. Instinct tells her to take the pages and hide them under her jacket. It's not until she returns to the Cracked Spine that she realizes just how complicated this story is and endeavors to untangle the tricky plot of why someone wanted this man dead, all before getting herself booked for murder.

As a fourteen year old bursting with energy and life, Willie lied about his age to get a job on the milk truck. Well, maturity was called for. Delivering milk may not be everyone's idea of a glamorous start to your working life but it came to represent far more than Willie and his best friend Gordon could possibly imagine. Their eyes were swiftly opened to the big bad/good world and so they quickly learnt the vital necessity of thinking on their toes. Despite the hard backdrop of an industrial town ('The Ruskies wouldn't drop the atom bomb on Dundee; there's nothing here worth bombing'), this is a fabulous story of boys growing up in the sixties, of camaraderie and optimism, innocence and the harshness of life.

Willy Wonka's famous chocolate factory is opening at last! But only five lucky children will be allowed inside. And the winners are: Augustus Gloop, an enormously fat boy whose hobby is eating; Veruca Salt, a spoiled-rotten brat whose parents are wrapped around her little finger; Violet Beauregarde, a dim-witted gum-chewer with the fastest jaws around; Mike Teavee, a toy pistol-toting gangster-in-training who is obsessed with television; and Charlie Bucket, Our Hero, a boy who is honest and kind, brave and true, and good and ready for the wildest time of his life! "Rich in humor, acutely observant, Dahl lets his imagination rip in fairyland." --The New York Times

John Reynolds Gardiner's classic action-packed adventure story about a thrilling dogsled race has captivated readers for more than thirty years.
