A unique effort by Plato in which he challenges the readers to question their concepts regarding "virtue". Author himself questions his character "Meno" about virtue. The dialogue seems to stray from reason at certain points and turns towards the mystical. Reading Plato, answers many questions and exposes the framework of so many later writers of history. A classic that should be reflected upon.

Writing Across Distances and Disciplines Research and Pedagogy in Distributed Learning
Routledge

The integration of technology into educational environments has become more prominent over

the years. The combination of technology and face-to-face interaction with instructors allows for a thorough, more valuable educational experience. *Intelligent Web-Based English Instruction in Middle Schools* addresses the concerns associated with the use of computer-based systems in teaching English as a foreign language, proving the effectiveness and efficiency of technological integration in modern classrooms. Highlighting cases based on current practices in four diverse schools, this book is a vital reference source for practitioners and researchers interested in the educational benefits of educational technologies in language acquisition.

Serves as an index to Eric reports [microform].

Writing Across Distances and Disciplines addresses questions that cross borders between onsite, hybrid, and distributed learning environments, between higher education and the workplace, and between distance education and composition pedagogy. This groundbreaking volume raises critical issues, clarifies key terms, reviews history and theory, analyzes current research, reconsiders pedagogy, explores specific applications of WAC and WID in distributed environments, and considers what business and education might teach one another about writing and learning. Exploring the intersection of writing across the curriculum, composition studies, and distance learning, it provides an in-depth look at issues of importance to students, faculty, and administrators regarding the technological future of writing and learning in higher education.

This book tackles the problematic relationship between Platonic philosophy and Romantic poetry, between the intellect and the emotions. Drawing on contemporary critical theory, especially hermeneutics and deconstruction, the author shows that a dialogue between thinking and poetizing is possible. The volume yields many new insights into both Platonic and Romantic texts and forms an important work for scholars and students of Greek philosophy, Romantic literature and critical theory.

This is the first comprehensive overview of the influence of Platonism on the English literary tradition, showing how English writers, including Chaucer, Shakespeare, Milton, Blake, Wordsworth, Yeats, Pound and Iris Murdoch, used Platonic themes and images within their own imaginative work.

A lucid presentation of the first and most influential attempts to weave together philosophical thought on God, reason and happiness.

Adult learners of ancient Greek are often attracted to it by the prospect of being able to read in the original a particular author or genre. Greek philosophical writing and Plato in particular is often the target. This book's material has been tried and tested by the author over the years with adult classes, and can be used as a course textbook, or as a handbook for self-teaching. Each of 25 sections is clearly laid out - with tabulation of Greek word-forms and grammar. Each includes ample exercises and practice in

reading Greek sentences. Readings in later sections consist of passages of continuous Greek from Plato's Meno, a typical Platonic dramatic dialogue.

This book contains lesson plans, student handouts, and other handy features to help you engage your students in active learning.
