ICSE Geography is a series based on the latest syllabus for ICSE schools. They cover all aspects of the subject, such as practical geography, continents and water bodies, their physical features, climate, natural vegetation, resources, utilization and life of the people. Large-sized maps make learning geography a hands-on experience. Exercises on the pattern of the board exams will help children to prepare for them.

This book is an effort at creating a collaborative platform for experts and key stakeholders to share their expertise and experiences with successful practices at creating inclusive environments. The objective is to give the readers multiple blueprints of success providing a varied range of perspectives and solutions. The underlying thought remains that inclusion can truly happen in one way or another but first starts with the singular belief that it can be done. The contributions have been arranged in the following sections: Section A - Inclusive Education: A Global Perspective Section B - Stories of Resilience: Pre-School to University Section C - Healing Touch: Perspectives from Specialists Section D - Creating Inclusive Communities: A Blueprint At the end of each story the editors have included key takeaways, additional pathways and reflective questions for the reader's reference.
