The Galaxy S21 family starts in 2021 - finally, a naming strategy that makes sense. The family includes the S21, S21 Plus and S21 Ultra. All three phones represent Samsung's flagship line throughout the year, and they all fight for the best slots in the Hall of Fame. Phone screens are also a quality option on paper. The S21 Series is a sporty dynamic AMOLED 2x technical device with a silky smooth 120Hz refresh and energy-saving 10Hz refresh rate for smart switching. Wanted: Dating coach to help hot nerd win back the woman of his dreams... Picture this - I'm ready to win back the love of my life, and I'm going big this time. We're talking boom box, sing her name in the rain, let the whole damn neighborhood know I'm good and ready this time around. After all, if you're going to grand gesture the ever-loving hell out of a second chance, you need to pull out all the stops. There's only one little problem. My college girlfriend isn't the one who shows up when I play my "I'll do anything to win you back" tune. The woman who flings open the second-floor window tells me my ex doesn't live here anymore. But she'll help me win her back. Anything for romance, anything for a guy so willing to go big for love. And that's what I want at first. Until I get to know my new "romance coach" and discover she's funny, clever, and keeps me on my toes. And boy, do I ever need that. Now I don't want to win anyone else's heart. I want the woman who's been helping me all along. Trouble is - she thinks I'm in love with someone else, and when we take off on a road trip, everything I think I know about women is about to be unzipped and turned inside out.

\*Unzipped is a standalone spinoff in the Lucky in Love series of standalones\*
