The title is a reference both to the Holy Scriptures (literally, the "Word of God"), and to Jesus Christ himself (the Word of God) and is taken from the incipit of the document, as is customary in the most important official documents of the Catholic church.

“On our first date, Rich ordered a chocolate soufflé at the beginning of the meal, noting an asterisk on the menu warning diners of the wait involved. At the time, I imagined he did it partly to impress me, which it did, though today I know well that he’s simply the type of man who knows better than to turn down a hot-from-the-oven soufflé when one is offered to him.” When Michelle Maisto meets Rich—like her, a closet writer with a fierce love of books and good food—their single-mindedness at the table draws them together, and meals become a stage for their long courtship. Finally engaged, they move in together, but sitting down to shared meals each night—while working at careers, trying to write, and falling into the routines that come to define a home—soon feels like something far different from their first dinner together. Who cooks, who shops, who does the dishes? Rich craves the light fare his mother learned to prepare as a girl in China, but Michelle leans toward the hearty dishes her father knew as a boy in Italy. Rich eats meat, but Michelle doesn’t. His metabolism races through carbohydrates, hers holds to them tightly. And while her idea of a quick meal is a fried egg, his is to head to a restaurant. After Rich takes additional work to pay for their wedding, Michelle offers to do his half of the cooking chores—which, along with the newness of their living

together, challenges her feelings about the kitchen and what it means to be a modern wife. As they save and plan for a wedding, the nightly compromises, small generosityes, and stubborn stakings of ground that take place around the dinner table offer a context in which Maisto considers what she's learned from the marriages around her, and what she and Rich might create for themselves.

or timeserving bureaucrats? Did half a million people really die unnecessarily because of Trump's incompetence? So far no trusted figure has emerged who can tell the story straight—until now. In this unfiltered insider account, Dr. Scott Atlas brings us directly into the White House, describes the key players in the crisis, and assigns credit and blame where it is deserved. The book includes shocking evaluations of the Task Force members' limited knowledge and grasp of the science of COVID and details heated discussions with Task Force members, including all of the most controversial episodes that dominated headlines for weeks. Dr. Atlas tells the truth about the science and documents the media's relentless campaign to suffocate it, which included canceled interviews, journalists' off-camera hostility in White House briefings, and intentional distortion of facts. He also provides an inside account of the delays and timelines involving vaccines and other treatments, evaluates the impact of the lockdowns on American public health, and indicts the relentless war on truth waged by Big Business and Big Tech. No other book contains these revelations. Millions of people who trust Dr. Atlas will want to read this dramatic account of what really went on behind the scenes in the White House during the greatest public health crisis of the 21st century.
