It's no secret that in today's complex world, students face unparalleled demands as they prepare for college, careers, and active citizenship. However, those demands won't be met without a fundamental shift from traditional, teacher-centered instruction toward innovative, student-centered teaching and learning. For schools ready to make such a shift, project-based learning (PBL) offers a proven framework to help students be better equipped to tackle future challenges. Project Based Teachers encourage active questioning, curiosity, and peer learning; create learning environments in which every student has a voice; and have a mastery of content but are also comfortable responding to students' questions by saying, "I don't know. Let's find out together." In this book, Suzie Boss and John Larmer build on the framework for Gold Standard PBL originally presented in *Setting the Standard for Project Based Learning* and explore the seven practices integral to Project Based Teaching: Build the Culture Design and Plan Align to Standards Manage Activities Assess Student Learning Scaffold Student Learning Engage and Coach For each practice, the authors present a wide range of practical strategies and include teachers' reflections about and suggestions from their classroom experiences. This book and a related series of free videos provide a detailed look at what's happening in PBL classrooms from the perspective of the Project Based Teacher. Let's find out together. All of the scenes are original and are taken from selected plays, films, and television pilots from Gregory's body of work. Here's the journey of Becton, Dickinson and Company (BD), which created and deployed a leadership development program that relies on all its top leaders (even the CEO) to train other leaders. The New York Times bestselling author of Sweetness delivers the first all-encompassing account of the 1980s Los Angeles Lakers, one of professional sports' most-revered—and dominant—dynasties. The Los Angeles Lakers of the 1980s personified the flamboyance and excess of the decade over which they reigned. Beginning with the arrival of Earvin "Magic" Johnson as the number-one overall pick of the 1979 draft, the Lakers played basketball with gusto and pizzazz, unleashing their famed "Showtime" run-and-gun style on a league unprepared for their speed and ferocity—and became the most captivating show in sports and, arguably, in all-around American entertainment. The Lakers' roster overflowed with exciting all-star-caliber players, including center Kareem Abdul-Jabbar, and they were led by the incomparable Pat Riley, known for his slicked-back hair, his Armani suits, and his arrogant strut. Hollywood's biggest celebrities lined the court and gorgeous women flocked to the arena. Best of all, the team was a winner. Between 1980 and 1991, the Lakers played in an unmatched nine NBA championship series, capturing five of them. Bestselling sportswriter Jeff Pearlman draws from almost three hundred interviews to take the first full measure of the Lakers' epic Showtime era. A dazzling account of one of America's greatest sports sagas, Showtime is packed with indelible characters, vicious rivalries, and jaw-dropping, behind-the-scenes stories of the players' decadent Hollywood lifestyles. From the Showtime era's remarkable rise to its tragic end—marked by Magic Johnson's 1991 announcement that he had contracted HIV—Showtime is a gripping narrative of sports, celebrity, and 1980s-style excess.
