The most powerful force in the world economy today is the redefinition of the relationship between state and marketplace - a process that goes by the name of privatization though this term is inadequate to express its far-reaching changes. We are moving from an era in which governments sought to seize and control the 'commanding heights' of the economy to an era in which the idea of free markets is capturing the commanding heights of world economic thinking. Basic views of how society ought to be organized are undergoing rapid change, trillions of dollars are changing hands and so is fundamental political power. Great new wealth is being created - as are huge opportunities and huge risks. Taking a worldwide perspective, including Britain, where the process began with Mrs Thatcher, Europe and the former USSR, China, Latin America and the US, THE COMMANDING HEIGHTS shows how a revolution in ideas is transforming the world economy - why it is happening, how it can go wrong and what it will mean for the global economy going into the twenty-first century.

In *How to Kill a Dragon* Calvert Watkins follows the continuum of poetic formulae in Indo-European languages, from Old Hittite to medieval Irish. He uses the comparative method to reconstruct traditional poetic formulae of considerable complexity that stretch as far back as the original common language. Thus, Watkins reveals the antiquity and tenacity of the Indo-European poetic tradition. Watkins begins this study with an introduction to the field of comparative Indo-European poetics; he explores the Saussurian notions of synchrony and diachrony, and locates the various Indo-European traditions and ideologies of the spoken word. Further, his overview presents case studies on the forms of verbal art, with selected texts drawn from Indic, Iranian, Greek, Latin, Hittite, Armenian, Celtic, and Germanic languages. In the remainder of the book, Watkins examines in detail the structure of the dragon/serpent-slaying myths, which recur in various guises throughout the Indo-European poetic tradition. He finds the "signature" formula for the myth--the divine hero who slays the serpent or overcomes adversaries--occurs in the same linguistic form in a wide range of sources and over millennia, including Old and Middle Iranian holy books, Greek epic, Celtic and Germanic sagas, down to Armenian oral folk epic of the last century. Watkins argues that this formula is the vehicle for the central theme of a proto-text, and a central part of the symbolic culture of speakers of the Proto-Indo-European language: the relation of humans to their universe, the values and expectations of their society. Therefore, he further argues, poetry was a social necessity for Indo-European society, where the poet could confer on patrons what they and their culture valued above all else: "imperishable fame."

China has become a world economic giant in just three decades. Its central bank

holds more than \$3.5 trillion in foreign exchange reserves, mostly in dollars. Without the Chinese colossus, the USA might have long ago gone bankrupt, unable to finance its exploding national debt. Now that China has emerged as the world's second largest economy, powerful circles in Wall Street and Washington fear the Chinese may no longer follow the agenda, and decide for themselves what is best for China. They see China as a threat to their global power. The result is growing tension in the Middle East, Africa, and in Asia. Especially alarming is covert US backing of Japan in a conflict with China over remote Pacific islands. China feels escalating hostility, and not only from the Pentagon. Open conflict between the two superpowers could deal a death-blow to the fragile world economy. This book explains in clear terms what is at stake if the US continues to make the Chinese Dragon an enemy.

In the captivating start to a new, darkly lyrical fantasy series for readers of Leigh Bardugo and Sabaa Tahir, Tea can raise the dead, but resurrection comes at a price... Let me be clear: I never intended to raise my brother from his grave, though he may claim otherwise. If there's anything I've learned from him in the years since, it's that the dead hide truths as well as the living. When Tea accidentally resurrects her brother from the dead, she learns she is different from the other witches in her family. Her gift for necromancy means that she's a bone witch, a title that makes her feared and ostracized by her community. But Tea finds solace and guidance with an older, wiser bone witch, who takes Tea and her brother to another land for training. In her new home, Tea puts all her energy into becoming an asha—one who can wield elemental magic. But dark forces are approaching quickly, and in the face of danger, Tea will have to overcome her obstacles...and make a powerful choice. *Memoirs of a Geisha* meets *The Name of the Wind* in this brilliant new fantasy series by Rin Chupeco!

Foxmask is the second book of a fantasy duet from Juliet Marillier, weaving history and folklore into a saga of adventure, romance, and magic. The Norseman Eyvind, a fierce and loyal Wolfskin, came to a new land on top of the world to find his destiny. With his priestess bride Nessa he saved the land and

weathered the treachery that was caused by Eyvind's blood-sworn friend Somerled. After much pain and sorrow the two lovers have managed to create a society where the Norse warriors and the gentle folks of the Orkney Isles live and thrive in contentment at last. A decade and more has passed since the devastating events of the creation of the settlement and Eyvind and Nessa have watched their children grow and thrive in peace. But not all on the islands are content or at peace. Thorvald, the young son of Margaret, widow of the slain king and Eyvind's war leader, has always felt apart and at odds with all he knows. He learns upon his coming to manhood that he is not his father's son but that of the love that Margaret bore for the hated Somerled and that Somerled was not killed for his treachery but sent on a boat, adrift with little more than a knife and skein of water, doomed to the god's will. Thorvald is determined to find a boat and cast off to the West in a desperate bid to find a father he never knew...and to find out if he is made of the same stuff as the heinous traitor. The tragedy of this scheme would be horrific enough...if it were not for the fact that Creidhe, the winsome daughter of Eyvind and Nessa has loved Thorvald since birth and unbeknownst to him conspires to go along on this most perilous of quests. What happens to them on their journey of discovery will ultimately change the lives of all they know and love...and will doom (or redeem) an entire people. They say no man can rob a dragon. Good thing I'm not a man. There's an underground magical vault, protected by sorcery, security cameras, guards and whatnot. Think of the most impenetrable place in the world. Now triple it. Here comes the bad news. It belongs to a dragon, and I was hired to break into it and steal his hoard. Suicidal? Insane? Maybe, but... actually, there's no but. It's suicidal and insane. Still, fortune favors the bold. Let's hope fortune has a good disposition toward the crazy as well. I might be an alchemist extraordinaire, and the best burglar on the East Coast, but this is not a solo job. I'll need a team for this one. Accompanied by a powerful sorcerer, a fortune teller, a scam artist, and a hacker, I embark on the heist of the century. If we succeed, we'll be legends. If not - crispy dragon snacks.

Possess the Land: The Believer's Guide to Home Buying parallels the journey that the Children of Israel took with the journey of home buying. This step by step guide will teach you how to apply biblical principles to conquer the giants that have inhabited your promised land, increase your credit scores, decrease debt, and grow your savings account so that you can walk in the authority of God and receive the property that He has promised you.

In this humorous and offbeat fantasy, magic is rarely perfect, heroes are rarely honorable, and you just might wake up in a body that's not your own... Frank Blackthorne's most recent heist did not end optimally. The sacrificial virgin survived, but the whole incident left Frank, a respectable career thief, on the run from a kingdom full of evil cultists eager to replace their sacrifice. So, when the Court Wizard of Lendwyn, Elhared the Unwise, comes to him intending to hire someone to save Lendwyn's princess from an evil dragon in return for riches, glory, and help with the bloodthirsty cultists problem, Frank is rightfully suspicious. Frank is also not in a position to refuse. Perhaps unsurprisingly, Frank's rescue fails—in an explosion of spectacularly misapplied magic. When the dust settles, all parties involved find themselves body-swapped. Frank is left stranded in the Princess Lucille's body, halfway across the kingdom. The understandably angry Princess Lucille finds herself inhabiting the body of the dragon. In order to set things right, they will have to team up and face down thugs, slavers, elvish bookies, knights in shining armor, an evil Queen, and the hordes of the Dark Lord Nâtalc.

"Jessica's perspective of global sisterhood and the power of lifting each other up in the midst of fear and scarcity is exactly what we need today. This book is both an invitation and a challenge to bravely show up for ourselves, for the people we love, and for the strangers that we will one day call family. I say, Amen!" —Brené Brown, Ph.D., Author of the #1 New York Times bestseller *Braving the Wilderness In Imperfect Courage*, the founder of the popular fair trade jewelry brand Noonday Collection shares her story of starting the rapid-growing business that impacts over 4,500 artisans in vulnerable communities across the globe—and invites readers on a journey of transformation, challenging them to trade their comfort zones for a life of impact and adventure. In 2015, *Inc. magazine* recognized Noonday Collection as one of the fastest-growing companies in America. But years earlier, as Jessica Honegger stood at a pawn-shop counter in Austin, Texas, and handed over her grandmother's gold jewelry, her goal was much more personal: to fund the adoption of her Rwandan son, Jack, by selling artisan-made jewelry. This first step launched an unexpected side-hustle that would grow into Noonday Collection. Jessica embarked on this new journey and teamed up with her first artisan partner, Jalia, a Ugandan jewelry maker. She saw the meaningful impact Noonday brought to Jalia's community and knew it was the right move. Fear crept into Jessica's heart as she realized her success, or failure, meant the same for Jalia. But refusing to let fear hinder her goals, Jessica found the necessary (if imperfect) courage she needed along the way--the courage to leave comfort and embrace a life of risk and impact. Discover *Your Imperfect Courage In Imperfect Courage*, Jessica takes you by the hand and invites you to trade your comfort zone for a life of impact and meaning. • First, she invites you to draw a circle of compassion around yourself and leads you through some soul-searching aimed at setting you free from shame. • Next, she challenges all of us to come together, dare to be vulnerable with one another, and commit to building a culture of collaboration. • Finally, Jessica calls on you to broaden your circle of compassion to embrace the entire globe--and to bring your beautifully imperfect courage to a world that needs you.

In this brief but wide-ranging interview, Dr. Rivlin offers her perspective on the changing importance of budget deficits and national debt since the Second World War. The real fight is the one you can't see. The supernatural realm is very real, and it directly impacts our day-to-day lives. Often spiritual battles lie behind our everyday struggles. Though the spiritual world is invisible, we are not unaware of the enemy's schemes. Through God's Word and the power of the Holy Spirit we are equipped to be more than conquerors through Christ! With doctrinally sound, practical teaching, *Slaying Dragons* shows how the demonic realm fits into orthodox thoughts on salvation, redemption, and kingdom life. Daniel Kolenda demystifies spiritual warfare to shine light on what the enemy is doing in readers' lives and what they can do to slay every dragon they encounter. It also contains real-world examples of encounters with spiritual darkness, demonstrating examples of how "the light shines in the darkness, and the darkness has not overcome it" (John 1:5, NIV). It's easy to lose sight of the big picture as we focus on our everyday struggles. But our daily battles are part of a much bigger war, and we have been given all we need to win. *Slaying Dragons* will show readers what the enemy is trying to accomplish and how they can slay every dragon they encounter--in their lives and in the world. This book will teach you to see and overcome the spiritual battles behind your everyday struggles. ? A brand new novella in the New York Times bestselling series featuring vampires in the Windy City. Merit, the Sentinel of Chicago's Cadogan House, is pregnant. She's ready to meet her daughter, but also excited to see her feet again. While out on an evening walk, Merit stops to help a man in need, only to find herself the victim of a kidnapping attempt. Someone with a serious debt to some very serious people thinks Cadogan House will pay a rich reward for Merit's return. Jonah, the handsome captain of Grey House's guards, is on his way to a meeting at Cadogan--and if he's honest with himself, to drop in on Cadogan's gorgeous and brilliant chef, Margot--when he stumbles on the aftermath of the attack. He'll stop at nothing to help the Cadogan vampires, including Margot, face down the threat.

More than mere whimsy, joy is the weapon we can use to fight life's greatest battles.
