The Jaguar XJR-9 is the Group C sports racing car built by Jaguar for the 1988 racing season, winning on its debut at the Daytona 24 Hours, and going on to take victory at the Le Mans 24 Hours (Jaguar's first win at the French classic since 1957). The car also took Jaguar to victory in the 1988 Teams' World Championship, and Drivers' World Championship with Martin Brundle. Works cars ran in the American IMSA Championship (running in Castrol livery), as well as the World Sports Car Championship. The XJR-9 is one of the most evocative sports-racing cars of the 1980s, thanks to its success, instantly recognizable Silk Cut livery, and unforgettable V12 engine note. This Manual tells the complete design and engineering story of the XJR series of sports-racing cars, focusing on the XJR-9, and featuring extensive input from many of the engineers and drivers involved.

This book tells the story of how John Egan gradually overcame the odds and, piece by piece, rebuilt this great company, winning over the workforce, the overseas dealers and, most important of all, the customers. Working with Margaret Thatcher and her Government, Egan and his team of managers overcame every obstacle, every setback, every challenge. Again and again, it looked impossible. Yet using innovative techniques, intelligence, eloquence, openness, motor racing and much more, they saved this most charismatic company which has created some of the finest and most loved motor cars of all time. It is an amazing story that will appeal equally to car enthusiasts, those in business and readers interested in social history.
