Amelia Peabody is Elizabeth Peters' most brilliant and best-loved creation, a thoroughly Victorian feminist who takes the stuffy world of archaeology by storm with her shocking men's pants and no-nonsense attitude! In this first adventure, our headstrong heroine decides to use her substantial inheritance to see the world. On her travels, she rescues a gentlewoman in distress - Evelyn Barton-Forbes - and the two become friends. The two companions continue to Egypt where they face mysteries, mummies and the redoubtable Radcliffe Emerson, an outspoken archaeologist, who doesn't need women to help him solve mysteries -- at least that's what he thinks!

In 2009, Rachael Cerrotti, a college student pursuing a career in photojournalism, asked her grandmother, Hana, if she could record her story. Rachael knew that her grandmother was a Holocaust survivor and the only one in her family alive at the end of the war. Rachael also knew that she survived because of the kindness of strangers. It wasn't a secret. Hana spoke about her history publicly and regularly. But, Rachael wanted to document it as only a granddaughter could. So, that's what they did: Hana talked and Rachael wrote. Upon Hana's passing in 2010, Rachael discovered an incredible archive of her life. There were preserved albums and hundreds of photographs dating back to the 1920s. There were letters waiting to be translated, journals, diaries, deportation and immigration papers as well as creative writings from various stages of Hana's life. Rachael digitized and organized it all, plucking it from the past and placing it into her present. Then, she began retracing her grandmother's story, following her through Central Europe, Scandinavia, and across the United States. She tracked down the descendants of those who helped save her grandmother's life during the war. Rachael went in pursuit of her grandmother's memory to explore how the retelling of family stories becomes the history itself. *We Share the Same Sky* weaves together the stories of these two young women—Hana as a refugee who remains one step ahead of the Nazis at every turn, and Rachael, whose insatiable curiosity to touch the past guides her into the lives of countless strangers, bringing her love and tragic loss. Throughout the course of her twenties, Hana's history becomes a guidebook for Rachael in how to live a life empowered by grief.

Amid the horrors of World War II, Irena Sendler was an unlikely and unsung hero. While many people lived in fear of the Nazis, Irena defied them, even though it could have meant her life. She kept records of the children she helped smuggle away from the Nazis' grasp, and when she feared her work might be discovered, she buried her lists in jars, hoping to someday recover them and reunite children with their parents. This gripping true story of a woman who took it upon herself to help save 2,500 children from the Warsaw Ghetto during the Holocaust is not only inspirational; it's unforgettable.

Sibert Honor author Deborah Hopkinson unearths the heroic stories of Jewish survivors from different countries so that we may never forget the past. As World War II raged, millions of young Jewish people were caught up in the horrors of the Nazis' Final Solution. Many readers know of Adolf Hitler and the Nazi state's genocidal campaign against European Jews and others of so-called "inferior" races. Yet so many of the individual stories remain buried in time. Of those who endured the Holocaust, some were caught by the Nazis and sent to concentration camps, some hid right under Hitler's nose, some were separated from their parents, some chose to fight back. Against all odds, some survived. They all have stories that must be told. They all have stories we must keep safe in our collective memory. In this thoroughly researched and passionately written narrative nonfiction for upper middle-grade readers, critically acclaimed author Deborah Hopkinson allows the voices of Holocaust survivors to live on the page, recalling their persecution, survival, and resistance. Focusing on testimonies from across Germany, the Netherlands, France, and Poland, Hopkinson paints a moving and diverse portrait of the Jewish youth experience in Europe under the shadow of the Third Reich. With archival images and myriad interviews, this compelling and beautifully told addition to Holocaust history not only honors the courage of the victims, but calls young readers to action -- by reminding them that heroism begins with the ordinary, everyday feat of showing compassion toward our fellow citizens.

In November 1938 on The Night of the Broken Glass, the Jewish people of Germany are terrified as Hitler's men shatter their store windows, steal and destroy their belongings, and arrest many Jewish fathers and brothers. Parents fear for their own lives but their focus is on protecting their children. When England arranges to take the children out of Germany by train, the Kindertransport is organized and parents scramble to get places on the trains for their young family members, worried about what the future will hold. Soon, trains filled with Jewish children escaping the Nazis chug over the border into Holland, where they are ferried across the English Channel to England and to freedom. But for Peter, the shy violin player, his sister Becca, and his friends Stephen and Hans, life in England holds challenges as well. Peter's friend Eva, who did not get a seat on the Kindertransport, is left to the evil plans of Hitler. Peter, working his musician's hands raw at a farm in Coventry, wonders if they should have stayed and fought back instead of escaping. When the Coventry farm is bombed and Nazis have reached England, Peter feels he has nothing left. He decides it's time to stand and fight Hitler. Peter returns to Germany to join the Jewish underground resistance, search for the mother and sister he left behind in Berlin, and rescue his childhood friend Eva.

Jimmy McClean is a Lakota boy—though you wouldn't guess it by his name: his father is part white and part Lakota, and his mother is Lakota. When he embarks on a journey with his grandfather, Nyles High Eagle, he learns more and more about his Lakota heritage—in particular, the story of Crazy Horse, one of the most important figures in Lakota and American history. Drawing references and inspiration from the oral stories of the Lakota tradition, celebrated author Joseph Marshall III juxtaposes the contemporary story of Jimmy with an insider's perspective on the life of Tasunke Witko, better known as Crazy Horse (c. 1840–1877). The book follows the heroic deeds of the Lakota leader who took up arms against the US federal government to fight against encroachments on the territories and way of life of the Lakota people, including leading a war party to victory at the Battle of the Little Bighorn. Along with Sitting Bull, Crazy Horse was the last of the Lakota to surrender his people to the US army. Through his grandfather's tales about the famous warrior, Jimmy learns more about his Lakota heritage and, ultimately, himself.

"Do you know why I write so much? Because as long as you read, we are together." -- Raizel Garncarz (Sala's sister), April 24, 1941 Few family secrets have the power both to transform lives and to fill in crucial gaps in world history. But then, few families

have a mother and a daughter quite like Sala and Ann Kirschner. For nearly fifty years, Sala kept a secret: She had survived five years as a slave in seven different Nazi work camps. Living in America after the war, she kept from her children any hint of her epic, inhuman odyssey. She held on to more than 350 letters, photographs, and a diary without ever mentioning them. Only in 1991, on the eve of heart surgery, did she suddenly present them to Ann and offer to answer any questions her daughter wished to ask. It was a life-changing moment for her scholar, writer, and entrepreneur daughter. We know surprisingly little about the vast network of Nazi labor camps, where imprisoned Jews built railroads and highways, churned out munitions and materiel, and otherwise supported the limitless needs of the Nazi war machine. This book gives us an insider's account: Conditions were brutal. Death rates were high. As the war dragged on and the Nazis retreated, inmates were force-marched across hundreds of miles, or packed into cattle cars for grim journeys from one camp to another. When Sala first reported to a camp in Geppersdorf, Poland, at the age of sixteen, she thought it would be for six weeks. Five years later, she was still at a labor camp and only she and two of her sisters remained alive of an extended family of fifty. In the first years of the conflict, Sala was aided by her close friend Ala Gertner, who would later lead an uprising at Auschwitz and be executed just weeks before the liberation of that camp. Sala was also helped by other key friends. Yet above all, she survived thanks to the slender threads of support expressed in the letters of her friends and family. She kept them at great personal risk, and it is astonishing that she was able to receive as many as she did. With their heartwrenching expressions of longing, love, and hope, they offer a testament to the human spirit, an indomitable impulse even in the face of monstrosity. *Sala's Gift* is a rare book, a gift from Ann to her mother, and a great gift from both women to the world.

(Technical Reference). More than simply the book of the award-winning DVD set, *Art & Science of Sound Recording*, the Book takes legendary engineer, producer, and artist Alan Parsons' approaches to sound recording to the next level. In book form, Parsons has the space to include more technical background information, more detailed diagrams, plus a complete set of course notes on each of the 24 topics, from "The Brief History of Recording" to the now-classic "Dealing with Disasters." Written with the DVD's coproducer, musician, and author Julian Colbeck, ASSR, the Book offers readers a classic "big picture" view of modern recording technology in conjunction with an almost encyclopedic list of specific techniques, processes, and equipment. For all its heft and authority authored by a man trained at London's famed Abbey Road studios in the 1970s ASSR, the Book is also written in plain English and is packed with priceless anecdotes from Alan Parsons' own career working with the Beatles, Pink Floyd, and countless others. Not just informative, but also highly entertaining and inspirational, ASSR, the Book is the perfect platform on which to build expertise in the art and science of sound recording.

This important book tells the story of how ten thousand Jewish children were rescued out of Nazi Europe just before the outbreak of World War 2. They were saved by the Kindertransport — a rescue mission that transported the children (or Kinder) from Nazi-ruled countries to safety in Britain. The book includes real-life accounts of the children and is illustrated with archival photographs, paintings of pre-war Nazi Germany by artist, Hans Jackson, and original art by the Kinder commemorating their rescue.

Suppose your country began to change. Suppose that without your noticing, it became dangerous for some people to live in Germany any longer. Suppose you found, to your complete surprise, that your own father was one of those people. That is what happened to Anna in 1933. She was nine years old when it began, too busy with her schoolwork and tobogganing to take much notice of political posters, but out of them glared the face of Adolf Hitler, the man who would soon change the whole of Europe - starting with her own small life. Anna suddenly found things moving too fast for her to understand. One day, her father was unaccountably missing. Then she herself and her brother Max were being rushed by their mother, in alarming secrecy, away from everything they knew - home and schoolmates and well-loved toys - right out of Germany...

With a preface by Lord Richard Attenborough, a collection of accounts from some of the 10,000 children rescued from the Nazi Regime and brought to the UK by the Kindertransport scheme. In November 1938, international public opinion was shocked by the news of Kristallnacht - the anti-Jewish pogrom that led to the burning of synagogues and the first mass arrests of Jewish men. Twelve days later, the British government implemented the Kindertransport plan, which allowed many children to leave the horrors of the Nazi regime and find temporary refuge within British families and hostels. By the time war was declared in September 1939, this brave undertaking had saved 10,000 lives. This book, based on the Academy Award-winning feature documentary of the same name, reveals what it was like to grow up in the shadow of the Nazi threat, to escape danger and fear, but also to leave family and friends, perhaps for ever. It is poignantly told in the words of those directly involved. It is both an astonishing insight into a remarkable moment of history and a timely reminder of how welcoming our country has been in the past to those who need welcome, shelter and hope.
