

The In Between Days

Envious of her best friends lavish lifestyle, a young woman wonders how different her life would be if she had an opportunity to change her past.

A teenage boy uncovers a horrific family secret. A widower seeks vengeance on the creatures that killed his wife. A drug addled writer stalks the woman of his dreams, a woman much more sinister than she appears. A federal agent races to find the cursed relic powering this city full of spooks, spirits, and serial killers. The lives of these and others will collide in the dark and dangerous streets of Adderlass. A seed of evil was planted under Adderlass, a city where monsters hide behind masks of humanity and ordinary people shuffle anesthetized and addicted by the sickly supernatural power wafting up from below. The city was built over the crystalline skull of a bloodthirsty beast. Now, the hunt is on for this lost treasure and whoever finds it first will control the fate not only of Adderlass but of the entire world. Sixteen-year-old Simon Cubbins, young and naive, may be the key to unlocking the mystery buried in this twisted labyrinth of hidden agendas. He also unknowingly harbors a secret that could destroy the Cubbins bloodline. As different characters fight for control over Simon, he will have to decide whether or not to carry on his family's legacy. So Hannah rose up after they had eaten in Shi-loh, and after they had drunk....and she was in bitterness of soul, prayed unto God." 1 Sam. 1:9:10 Hannah represents the weak bullied by the strong, Peninnah. God hears and rescues the Hannahs of the world. Hannah discovered

God was always present and ready to help during those moments in life when she felt there was no one she could turn to, no one who would understand and simply feared being judged by the world. Transparency gives us not only an insight into Michelle's heart for God, but reveals how she learned through her caterpillar stage of growing pains, to trust Him with all her imperfections. Daily she turned to Him with her weaknesses, fears, desires, and gratitude, faithfully praying "Lord here I am with You. I surrender my mind, body and soul to You. Lead, guide, and instruct me the way You will have me to go." Many times, we do not understand why things happen, but we can find comfort in knowing God knows each of our stories from the beginning to the end. He knows what He purposed and created us for. His strength is made known through our weakness. He is waiting with outstretched arms to save us. We can give it all to Him! Hannah prayed, "My heart exults in the Lord; my strength is exalted in the Lord." Like Hannah, we must recognize our strength comes from God and not ourselves. God hears our prayers and will show us how He can use our weakness to complete the work He began in us. In the words of Ana Claudia Antunes all we need to do is, "Keep up our faith to go high and fly, even after so many pains and sorrow. You can turn from a caterpillar to a butterfly."

A dense black cloud boiled up in the southeastern sky. It rose high and fast, like a time-lapse movie of the birth of a thunderhead. But it was no rain cloud. Wholly black, it reached up and up until it loomed over her, blocking out the sun. Somehow, she knew, it was Death coming for her. Pre-med student Coral is on vacation in Idaho when something terrible happens. The black cloud is followed by a wildfire and searing heat that lasts for days. She survives deep in a cave but emerges days later to find the world transformed, with blackened trees, an ash-filled sky, and no living creatures stirring--except for her. So begins her desperate journey: to find water, and food, and other survivors...and the answer to the mystery of what happened. Gray I is the first novel in a series.

An epic memoir of heartbreaks, travel, comedy and the search for meaning, *In Between Days* charts Luciana's journey from childhood to maturity, feeling stuck and hopeless in her home country, to finally taking the plunge to build her life away from the known. Leaving family and friends behind and daring to chase her dreams, she jumps out of every comfort box in her path, with the single aim of becoming a filmmaker in London. "I was recruited as one of the Elegant Post couriers that June and was wondering whether to overcome my boring shyness and maybe send Goblin a small note. That thought came to me as I was returning to the main stalls area from my latest delivery, and I was determined to act on it. Fate, however, had other plans. Within my field of

vision, the party continued on, but like a time lapse there stood in the middle of the square my crush, Goblin, facing another girl I didn't know, very close. He had his hands around her waist and hers were around his neck. Only they seemed to exist in that moment, and although he had his back to me, I could see the look of love in her eyes. It seemed to happen in slow motion, but they kissed and stayed in that spell for a long while. I remember the scene like a shock, as if it was suspended emotion in my heart, like I could not feel the discomfort, but I knew it was coming. I don't know how long I stood there, probably long enough to make sure I wasn't imagining things. Phew, what if I had sent him a note? I would have scrambled egg all over my face, for the shame of it, to become vulnerable and expose myself and direct my affections where they were unwanted. For me these events elicited high drama, but mostly in my head. I never shared it with anyone, but just collected the shattered pieces of my vanity and tried to quieten my heart until things turned out the way I wanted."

What does it mean to lack it? Why do you think you're not as disciplined as you would like? Is it becauseYou manage your time poorly?You lack organizational skills?You lack motivation?Procrastination is your greatest enemy?You're just too lazy?What many people don't realize is that all of these issues, which they see as causes of poor self-discipline, are actually symptoms. Are you confronting one or more of them?If you're contemplating purchasing the book, then you've decided it's time for a change of significant proportions, a change that might take only 30 days to implement, but that will last you for a lifetime. Your conviction

is admirable, but to undergo such a change, you must first understand what self-discipline is and what it is not. Self-discipline is not: A personality trait that some people have and others don't. Using willpower to force yourself into action. On the contrary, self-discipline is: A skill that anyone can learn and train. becoming aware of your conscious or subconscious resistance to action and using different techniques to overcome, but not to crush that resistance. As you go through this life-changing 30 days challenge, remember that what you are doing is exercising your willpower muscle for the long run. Good luck!

From a commanding new voice in fiction comes a novel as perceptive as it is generous: a portrait of an American family trying to cope in our world today, a story of choices and doubts and transgressions. The Hardings are teetering on the brink. Elson—once one of Houston’s most promising architects, who never quite lived up to expectations—is recently divorced from his wife of thirty years, Cadence. Their grown son, Richard, is still living at home: driving his mother’s minivan, working at a local coffee shop, resisting the career as a writer that beckons him. But when Chloe Harding gets kicked out of her East Coast college, for reasons she can’t explain to either her parents or her older brother, the Hardings’ lives start to unravel. Chloe returns to Houston, but the dangers set in motion back at school prove inescapable. Told with piercing insight, taut psychological suspense, and the wisdom of a true master of character, this is a novel about the vagaries of love and family, about betrayal and forgiveness, about the possibility and impossibility of coming home. This eBook edition includes a Reading Group Guide.

As Ruben Wells kneels with a gun pointed at his head all he can do is reflect on the life he spoiled. What has led him here? The moment a choice is made it only takes a second for a life to change. Ruben made a choice to initiate a relationship with the alluring Bianca Jones. She makes heads turn and every man's dream. "Time is no more for the fifteen hundred souls who perished with them; but Honour and Glory, by strange ways and unlooked-for events, have come into their own. It was not Time, nor the creatures and things of Time, that received their final crown there; but things that have nothing to do with Time, qualities that, in their power of rising beyond all human limitations, we must needs call divine." "To say that all the men who died on the Titanic were heroes would be as absurd as to say that all who were saved were cowards. There were heroes among both groups and cowards among both groups, as there must be among any large number of men." "In such moments all artificial bonds are useless. It is what men are in themselves that determines their conduct; and discipline and conduct like this are proofs, not of the superiority of one race over another, but that in the core of human nature itself there is an abiding sweetness and soundness that fear cannot embitter nor death corrupt." The story of the sinking of the Titanic based on first hand accounts collected in the days and weeks following the disaster. The story of the Titanic is now well known, but in the months following the disaster wild speculation was rife. On Thursday 22 May 1912, a mere 37 days after the sinking, respected London publisher Grant Richards, delivered Filson Young's book to booksellers around the capital. It was the first attempt to plot the demise of the unsinkable ship from a well-respected writer who had already argued in the light of the Oceana sinking, for proper use of the wireless on board ships. Both Filson and Grant knew victims of the sinking and both worked hard to gather

first-hand testimony to use in the book. Much of his telling of the story still stands today and his speculations about the feeling of daily life aboard the doomed ship are used in books and films on the subject.

Transgressive, transformative short stories that explore the margins of trans lives. Building on the success of *All City*, here is a wry, and at the same time dark and risk-taking, story collection from author (and baker) Alex DiFrancesco that pushes the boundaries of transgender awareness and filial bonds. Here is the hate between 16-year-old Junie,

who is transitioning, and their mom's boyfriend Chad when the family moves into Chad's house on Lake Erie. And here is the love being tested between Sawyer and his dad, who named his boat after his child and resists changing it from Sara to Sawyer now. There is DiFrancesco's willingness to enter lands that are violent and comfortless in some of these stories, testing the limits of what it means to be human, sometimes returning stronger and wiser and sometimes not returning at all as their characters surge forward into unknown spaces. DiFrancesco's first novel *All City* (Seven Stories 2019) was praised by Publishers Weekly as a "loving, grieving warning [that] thoughtfully traces the resilience, fragility, and joy of precarious communities in an immediate, compassionate voice." *All City* was one of BookRiot's "Best Post-Apocalyptic Books of 2019," Entropy Mag's "Best of 2019," and Largehearted Boy's "Favorite Novels of 2019." It was a finalist for the 2019 Ohioana Book Award for Fiction.

When a ventilator prevented her from speaking during her final hours, Jennifer started writing. After her death, her husband turns to those pages to tell her story of courage and faith. James had just walked through the door after a day's work when Jennifer told him the news that changed everything: it was cancer. In the following two years they would lose their sense of normalcy and their dreams for the future. But along the way, they would gain something

even greater than their loss. Told through the eyes of a grieving husband is this true story of a young woman's fight for her life. Jennifer's final words, penned by hand when a ventilator prevented her from speaking, provide a powerful backdrop to this journey of faith and hope. A memoir that also offers a practical pathway for those struggling with loss, *The Last Seven Pages* is a testimony of a God who is present in our darkest moments, and who turned a devastating illness into a life-changing promise. From the author of *Something Like Happy* comes an uplifting and emotionally compelling novel about a woman in a coma fighting for a second chance at life, love and happiness. Rosie Cooke is “in between.” In between consciousness and oblivion. Life and death. And though some say that when you're near death your entire life flashes before your eyes, Rosie can't remember anything at all—not even how she ended up in a coma. At least not at first. Then something strange starts to happen. Rosie finds herself revisiting scattered moments from her past: a beach vacation, a play rehearsal, the day her brother was born. But why these memories? And what do they mean? As each piece of the puzzle comes into focus, Rosie struggles to face the picture of her life that forms. But with every look backward comes a glimpse of what might be: A relationship with her sister. The opportunity to pursue her passion. A second chance at love. And

Rosie just might discover that she has much to live for. With bighearted emotion and comic sensibility, *The Inbetween Days* is a life-affirming novel about the little choices that determine our fate and our ever-enduring hope for the future.

They call me Friday. It has been foretold that on a Saturday I will drown ... Friday Brown was saved by Silence. Brought up travelling the endless roads of the Australian wilds, Friday's past was shaped by stories, told dreamily by her mother around glowing campfires and on the edge of endless plains. But her mother's death left Friday lost, and running from a family curse that may or may not be real. Desperate and alone in the middle of a strange city, a voiceless boy with white-blond hair and silver eyes appeared from nowhere, stole her heart and took her home. Friday is welcomed by a strange gang of lost kids and runaways. Led by the beautiful but fearsome Arden, the group live an underground life in the city, begging, stealing and performing to keep themselves alive. But when Silence returns to the house covered in someone else's blood and terrified, the gang escape to an outback ghost town, leaving everything behind. Murungal Creek is abandoned, desolate and full of empty promises. Life in Arden's gang starts to unravel, and the anger, lies and deceit that have been hidden for so long start to float to the surface. Having been swept along by the currents of life for as long as she can remember, Friday suddenly finds

herself struggling to stay afloat, and alive. As devastation threatens, Friday must face up to her past, and fight, for the first time in her life. From the winner of the Adelaide Festival Award for Literature, 2012, FRIDAY BROWN is a remarkable story, described by the Weekend Australian as a story with 'characters so palpable you can imagine passing them in the street.'

Paris in 1851. Fr. Hamon turned down the office of Bishop all three times it was offered to him, preferring instead to work with the poor and write spiritual works. "On our first day of school, Robert and I stood at the designated stop at Hevers Avenue with our mothers, and that's when we met for the very first time. We were five years old." So began a lifelong friendship that fourteen years later would result in the formation of The Cure, a quintessential post-punk band whose albums-such as *Three Imaginary Boys*, *Pornography*, and *Kiss Me, Kiss Me, Kiss Me*-remain among the best-loved and most influential of all time. As two of the first punks in the provincial English town of Crawley, Lol Tolhurst and Robert Smith didn't have it easy. Outsiders from the start, theirs was a friendship based initially on proximity and a shared love of music, from the punk that was raging in nearby London to the groundbreaking experimentation of David Bowie's "Berlin Trilogy." First known as The Easy Cure, they began playing in pubs and soon developed their own unique style and approach to songwriting, resulting in timeless songs that sparked a deep sense of identification and empathy in listeners, songs like "Boys Don't Cry," "Just Like Heaven," and "Why Can't I Be You?," spearheading a new subculture dubbed "Goth" by the press. The music of The Cure was not only accessible but also deeply subversive, challenging conventional notions of pop music and gender roles while inspiring a generation of devoted fans and a

revolution in style. Cured is not only the first insider account of the early days of the band, it is a revealing look at the artistic evolution of the enigmatic Robert Smith, the iconic lead singer, songwriter, and innovative guitarist at the heart of The Cure. A deeply rebellious, sensitive, tough, and often surprisingly "normal" young man, Smith was from the start destined for stardom, a fearless non-conformist and provocateur who soon found his own musical language through which to express his considerable and unique talent. But there was also a dark side to The Cure's intense and bewildering success. Tolhurst, on drums and keyboards, was nursing a growing alcoholism that would destroy his place in The Cure and nearly end his life. Cured tells the harrowing and unforgettable story of his crash-and-burn, recovery, and rebirth. Intensely lyrical and evocative, gripping and unforgettable, Cured is the definitive story of a singular band whose legacy endures many decades hence, told from the point of view of a participant and eyewitness who was there when it happened-and even before it all began. Originally published in Australia in 2015.

Nancy Cain began playing with video as a member of Videofreex, the radical video collective in New York City that shot footage of Woodstock and the Chicago Eight. She worked on the first video pilot ever shot for network television with the Videofreex at CBS in 1969, and ran an offbeat video show at the Videofreex loft in Soho. She cofounded Lanesville TV--known as "Probably America's Smallest TV Station." The pirate broadcasts were made possible by a transmitter donated by Yippie activist Abbie Hoffman. Along with TVTV, she defined the video documentary movement of the 70s, known as "guerilla television." Cain was a co-creator and producer of The '90s, a weekly hour-long alternative show for PBS, which the New York Post called "refreshingly irreverent, opinionated and outlandish." She was the co-creator and producer of CamNet The Camcorder Network, America's first all-camcorder station. Rolling Stone designated CamNet second only to HBO in their list of "the ten things in 1993 that didn't suck," and heralded CamNet as "a brilliant and democratic vision...a people's CNN," and "the inevitable next step in the liberation of television from network owners and broadcasters." -- taken from back cover.

The shark was pale, shiny grey and quite

magnificent. Hypnotised by the creature's eyes, like large black discs, he was hardly aware of other people gathering tightly around him. It's the last summer of the 1970s, and as 12-year-old Toby heads to the coast on a longed-for summer holiday, he finds himself almost invisible to his newly-wed father and step-mum. Toby's loneliness lifts when he meets Tara, the daughter of the local shark fisherman, who is dealing with family issues of her own. A terrifying incident on the old wharf begins a dramatic chain of events within the small coastal town—revealing secrets and creating ripples through both Toby's and Tara's families. A lyrical novel of the joys of childhood, friendship, facing truths, the trials of growing up...and the days of in between.

Teva Harrison was diagnosed with metastatic breast cancer at the age of 37. In this brilliant and inspiring graphic memoir, she documents through comic illustration and short personal essays what it means to live with the disease. She confronts with heartbreaking honesty the crises of identity that cancer brings: a lifelong vegetarian, Teva agrees to use experimental drugs that have been tested on animals. She struggles to reconcile her long-term goals with an uncertain future, balancing the innate sadness of cancer with everyday acts of hope and wonder. She also

examines those quiet moments of helplessness and loving with her husband, her family, and her friends, while they all adjust to the new normal. Ultimately, In-Between Days is redemptive and uplifting, reminding each one of us of how beautiful life is, and what a gift.
