There are as many love spells as there are people who wish to cast them. The most powerful spells are those that influence the chakras (spiritual pathways) of another or create love bonds between two souls. These spells can be challenging and even dangerous, however, so it is often better to rely on magic that embraces the natural world and only subtly creates the opportunity for others to recognize one's inner beauty. There are also spells that rely on a magical focus (like stones, candles, or mirrors) in order to draw the inherent magical forces into a shape moldable by the spell caster. This manner of spell has been in use for ages and, even in an increasingly cynical society, which has largely turned its back on the spirit world, persist today because of their proven effectiveness. There are spells crafted to find the love of others and to open our souls to the love of self; without the confidence in oneself and the love of oneself,

how can one hope to harness the energies needed to gain the love of another? There are also spells designed to request the help of the goddess, in her many forms, should one be able to supplicate to her and prove their cause worthy. Included here are a range of love spells of various type and description. These have been drawn from ancient traditions the world over and some will appeal to certain kinds of casters while others may seem at odds with their nature. You must always remember that casting is done with the heart and soul and that magic exists in the world of spirit, so you should only try the magic that speaks to you on a mystical level. If you cannot believe a spell will work, it most certainly will not. Please read the spells in this book and experiment with them responsibly. Love is the most powerful force in the universe and it is unwise to use magic to toy with it unjustly. Keep your heart pure in your pursuits and let your spirit guide you on a righteous path. Blessed Be!

Political satire as deeper truth: Donald Trump's presidential memoir, as recorded by two world-renowned Trump scholars, and experts on greatness generally "I have the best words, beautiful words, as everybody has been talking and talking about for a long time. Also? The best sentences and, what do you call them, paragraphs. My previous books were great and sold extremely, unbelievably well--even the ones by dishonest, disgusting so-called journalists. But those writers didn't understand Trump, because quite frankly they were major losers. People say if you want it done right you have to do it yourself, even when 'it' is a 'memoir.' So

every word of this book was written by me, using a special advanced word processing system during the many, many nights I've been forced to stay alone in the White House--only me, just me, trust me, nobody helped. And it's all 100% true, so true--people are already saying it may be the truest book ever published. Enjoy." Until Donald Trump publishes the ultimate account of his entire four or eight or one-and-a-half years in the White House, the definitive chronicle will be *You Can't Spell America Without Me: The Really Tremendous Inside Story of My Fantastic First Year As President*. Trump was elected because he was the most frank presidential candidate in history, a man eager to tell the unvarnished truth about others' flaws and tout his own amazing excellence. Now he levels his refreshingly compulsive, un-PC candor at his landslide election victory as well as his role as commander-in-chief and leader of the free world. There are intimate, powerful, mind-boggling revelations on every page. You are there with him during his private encounters with world leaders, a few of whom he does not insult. You are there at the genius Oval Office strategy sessions with his advisers. You are there in his White House bedroom as he crafts the pre-dawn Twitter pronouncements that rock the world. And, of course, you are there on the golf course as Trump attempts to manage the burdens of his office. President Trump explains each of the historic decisions that have already made America great again, and how he always triumphs over the fake news media. You'll learn what he really thinks of his cabinet members and top aides not related to him, of the First Lady and the First Daughter

Included at no extra charge is a lavish and exclusive portfolio of spectacular, historic and intimate color photographs of President Trump in private – inside the White House, inside Mar-a-Lago, at Trump Tower, and more. startles the senses out of habitual ways of perception. For a thousand generations, human beings viewed themselves as part of the wider community of nature, and they carried on active relationships not only with other people with other animals, plants, and natural objects (including mountains, rivers, winds, and weather patters) that we have only lately come to think of as "inanimate." How, then, did humans come to sever their ancient reciprocity with the natural world? What will it take for us to recover a sustaining relation with the breathing earth? In *The Spell of the Sensuous* David Abram draws on sources as diverse as the philosophy of Merleau-Ponty, Balinese shamanism, Apache storytelling, and his own experience as an accomplished sleight-of-hand of magician to reveal the subtle dependence of human cognition on the natural environment. He explores the character of perception and excavates the sensual foundations of language, which--even at its most abstract--echoes the calls and cries of the earth. On every page of this lyrical work, Abram weaves his arguments with a passion, a precision, and an intellectual daring that recall such writers as Loren Eiseley, Annie Dillard, and Barry Lopez. Inscrutable Belongings brings together formalist and contextual modes of critique to consider narrative strategies that emerge in queer Asian North American literature. Stephen Hong Sohn provides extended readings of fictions involving queer Asian

North American storytellers, looking to texts including Russell Leong's "Camouflage," Lydia Kwa's *Pulse*, Alexander Chee's *Edinburgh*, Nina Revoyr's *Wingshooters*, and Noël Alumit's *Letters to Montgomery Clift*. Despite many antagonistic forces, these works' protagonists achieve a revolutionary form of narrative centrality through the defiant act of speaking out, recounting their "survival plots," and enduring to the very last page. These feats are made possible through their construction of alternative social structures Sohn calls "inscrutable belongings." Collectively, the texts that Sohn examines bring to mind foundational struggles for queer Asian North Americans (and other socially marginalized groups) and confront a broad range of issues, including interracial desire, the AIDS/HIV epidemic, transnational mobility, and postcolonial trauma. In these texts, Asian North American queer people are often excluded from normative family structures and must contend with multiple histories of oppression, erasure, and physical violence, involving homophobia, racism, and social death. Sohn's work makes clear that for such writers and their imagined communities, questions of survival, kinship, and narrative development are more than representational—they are directly tied to lived experience.

but when the sorcery of ages past calls forth a spell woven through the sisterhood, it is difficult for the forces of nature to ignore. That spell will be granted. A spell of black magic had been cast. The call came unexpectedly, but at the necessary time. Our sorceress, her great psychic ability challenged, called up a spell for the sake of love...a Love Spell, perchance. That particular night, the words were woven, the die was cast. The witch chanted...carefully, the words she had conjured up. This was important...someone was in need. The spell of love rose up over the skyscrapers. The sultry glowing red mist was seen for hundreds of miles away. Weaving in and around the tall buildings it lent to the fun and mystery of the city. Some people looked at it as something odd, but in a city like this nothing was beyond the norm. Magic was everywhere. One might have thought someone was filming. The networks were always captivating their audiences. It was just another ordinary day in the "Big Apple." If one thought it to be unusual, it was never reported. Pilots did comment on the strange red glow. Captains in the harbor guided their ships through the mist. Only Miss Liberty noticed the workings of a sister, a witch, but then, of course, she had nothing to say. Susanna and Jayden swam there in the water off the coast of Brittany, France. They made love there in the crested waves. He held her...he kissed her...but most of all he loved her. His

touch as always set her on fire. Her blood began to boil...bubble bubble...oh, what trouble? He guided her hands down. And then she touched his source...his magnificent power. They held each other...clung to each other. This was their great love. And then she found herself back in the castle...Croix's castle. She was trying to escape...somehow her magic did not work anymore. She was in love! That love was her downfall. She could not conjure up any more magic. She was captivated...under his spell. His eyes were dark and diabolic. They flashed with the very fire from the depths of Hell. He looked at her and just his glance burned a hole through her flesh and into her soul. He was her master. His hand tightened and they surged forward. There was no escape. He had fought, even killed for her. He had sought out the dark side. She was his...she had always been his. She would never belong to anyone else, be they man or devil. All the hatred, locked away for two hundred years, had been loosed by his sword. His brother, his mirror image, had been sent to Purgatory. He would burn there forever but never be consumed. Her hand trembled, and she seemed to falter. He grabbed her...this was no time for innocence. Their destiny lay up those stairs...in the Bridal Chamber. And she would, most certainly, without any doubt, be his bride! But then, again, exactly whose bride would she be?
