

The Sean Wyatt Series Books 1 3 Box Set A Sean Wyatt Archaeological Thriller Sean Wyatt Adventure

Nearly seven thousand years ago, a priceless piece of history vanished in the Caucasus Mountains near Armenia. Former government agent Sean Wyatt and his sidekick Tommy Schultz go deep into the heart of some of the oldest mountains in the world in search of a treasure that many believed was lost to antiquity. While they and their new friend, Adriana Villa, race toward their goal, they encounter deadly villains and a man with an evil plan that could wipe out most of civilization.

At the end of World War II, the greatest Samurai sword of all time vanished without a trace. Rumors abound as to its whereabouts. Some historians claim it was destroyed with the rest of Japan's weapons. Others believe it is hidden somewhere. Theories about its location vary from intricate cave systems to monks protecting the blade in a shrine somewhere in the mountains. When Sean Wyatt and his longtime friend Tommy Schultz try to help a troubled Japanese woman, they find themselves right in the thick of a power struggle between some of the most dangerous gangsters in the world. Now Sean and company must race across Japan, unravel clues that were left decades before, and discover the true location of a blade made by the greatest sword maker of all time: Honjo Masamune.

In the final days of World War II, a mysterious German U-boat was seen by a United States naval vessel in the Atlantic Ocean, just north of South America. Before the ship could fire upon the sub, it vanished. History tells us that, after the war, the German high command scattered across world hoping to evade punishment for their crimes. What it doesn't tell us is what they took with them. Priceless paintings? Rare sculptures? Vast treasures? Many of these things have been discovered but there is one that remains hidden. It was one of the most well-hidden, secretive experiments the Nazis carried out during the war and now someone is trying to unearth it. If they succeed, it could bring civilization to its knees.

Sometimes a terrorist threat comes from the least expected place. Beyond the plains of the Serengeti, in the distant shadows of Kilimanjaro, a new new evil has risen. A warlord is building an army with child soldiers he abducted from Tanzanian towns. But the threat he poses isn't just to East Africa. Somehow this rebel has acquired powerful missiles armed with enough nerve gas to wipe out entire cities. Join the adventure in this exhilarating prequel to the series with Government Agent Sean Wyatt and his partner Emily Starks as they travel to Tanzania to foil a warlord's evil scheme and bring his reign of terror to an end, but what they find is that there is more to the mission than they first believed. Go back in time to the years just after the tragic events of 9/11. Follow Sean, Emily, and Tommy Schultz as they race against the clock to figure out who is pulling the strings behind a wicked plan that could bring the world to its knees. Grab this exhilarating thrill-ride now and see why readers are saying Ernest Dempsey is one of the best voices in this genre.

"A tour thousand year old mystery lurks in the hills of Georgia. While investigating a strange series of ancient codes, an archaeologist vanishes, and a professor he entrusted with the secret is murdered. Former government agent, Sean Wyatt, learns of his friend's disappearance as well as the assassinations and must race against the clock to unravel the clues to the ancient mystery. But to save him, he will have to fight off highly trained mercenaries in hand to hand combat, violent shootouts, and high speed car chases through the Blue Ridge Mountains. And in the end, what he learns will change the history books as we know them."--

An old priest dies in the mountains of Ecuador leaving behind a vault of ancient treasures like the world has never seen. Except when his apprentice goes to open the vault, he finds it empty. Three decades later, Sean Wyatt and sidekick Tommy Schultz are on the hunt for the priest's incredible treasure. But were the contents of the cleric's vault the real treasure? Or did they point to something even greater?

On any given day, the experts at Atlanta's International Archaeological Agency crisscross the globe to rescue ancient relics long feared lost to time, war, or thieves. IAA agents have recovered billions' worth of missing antiquities, have wiped out entire networks of smugglers, and have even solved a murder at the Vatican. Their successes have made headlines from Tokyo to Turin to Tulsa. But some mysteries require deeper investigation-enigmas so puzzling that they've defied the explanations of history, science, and faith for millennia. Enter the IAA's top two researchers, Alex Simms and Tara Watson, among the brightest, most dogged investigators ever to unearth a secret. This husband-and-wife duo has played a key role in every major success at the agency, but they've never been tested like this before. Their first assignment? To track down and stop a resurgent order of neo-Nazis who believe a cache of ancient stones holds the key to a new, eternal German Reich. Alex and Tara-whose "weapons" normally include computers, lab equipment, and reference books-are about to face an entirely new brand of war: in the real world, against real criminals...with real guns. They'll need every bit of skill, luck, and maybe a miracle to stop these madmen who are hell-bent on opening Hell's Gate. USA Today best-selling author Ernest Dempsey, creator of the popular Sean Wyatt series, unlocks a new realm of danger in this, his first in a new collection of thrillers. Archaeology has gone paranormal. Ernest Dempsey has written and published archaeological thrillers since 2010 and his catalog continues to grow every year. Discover a world of some of the best action adventure fiction Kindle Unlimited has to offer and find yourself stealing a glance at the clock as you burn through the pages late into the night, telling yourself "just one more."

Some doors should remain unopened. India, a continent of culture, passion, and mystery. For thousands of years this vast and wondrous nation has harbored vast treasures, inexhaustible history, and unimaginable secrets. Now a pre-eminent expert on Indian history has gone missing. One of his colleagues secures the help of Sean Wyatt and sidekick Tommy Schultz to uncover the truth behind the disappearance. In doing so, however, they discover a mystery surrounding an ancient Indian Temple, a puzzle that could

lead to nearly infinite wealth and power or worldwide destruction. They aren't the only ones who seek the treasure, though, and if it falls into the wrong hands, the entire planet could be brought to its knees. Don't miss this installment of the USA Today Bestselling archaeological thriller series by Ernest Dempsey. Grab yours today.

Jack Howard is about to discover a secret. Perhaps the greatest secret ever kept. What if one of the Ancient World's greatest libraries was buried in volcanic ash and then re-discovered two thousand years later? What if what was found there was a document that could shatter the very foundations of the Western World? What if you were the one who discovered this secret? And were then forced to confront terrifying enemies determined to destroy you to ensure it goes no further? This is the story of one last Gospel, left behind in the age of the New Testament, in the greatest days of the Roman Empire, and of its extraordinary secret, one that has lain concealed for years. Follow Jack Howard as he discovers the secret and must prevent others from doing the same...

Northern New Jersey has a new local hero on its cultural crime turf. He's Andy Carpenter, the Paterson defense attorney who can sling a quip as fast as he can outmaneuver a snarling prosecutor. Acclaimed author David Rosenfelt's first novel, was nominated for an Edgar Award, now in this new novel, the intrepid lawyer is thrust into the spotlight where he risks becoming a media victim...of the most fatal kind. His streak of murder case acquittals made him a regular on cable talk shows. His recent \$22 million inheritance bought him a dog rescue operation named the Tara Foundation after his own beloved golden retriever. Yet after turning down cases left and right, Andy Carpenter thinks he's facing a midlife crisis. When a friend, a newspaper owner, calls in a favor and asks him to protect his star reporter, Andy is less than thrilled. His new client is Daniel Cummings, a journalist who is being used as a mouthpiece by a brutal serial killer. Things only get worse when Daniel is discovered near the body of the murderer's latest victim. And after Andy himself starts collecting anonymous death threats, he hears the news every defense lawyer dreads...and moves to within a dangerous keystroke of becoming tomorrow's obituary.

Washington is at a standstill, but it's not political gridlock that's paralyzed the nation's capital this time. A ruthless killer is assassinating members of Congress, leaving authorities with neither clues nor hope to stop the slaughter. Fear grips the city as the federal government grinds to a halt. So, where are former government agent Sean Wyatt and his sidekick, Tommy Schultz? They're thousands of miles away in the middle of the Mexican rain forest, leading a private mission for one of the congresswomen targeted by the murderer. The congresswoman is convinced ancient documents in her possession hold the keys to a new world—a golden age without murder, scandal, or lust for power. Sean and Tommy should be so lucky. In their quest to solve another ancient, deadly series of riddles, Sean and Tommy take on Mexican drug cartels, counterrevolutionary guerrillas, and shady mercenaries—and learn that, yet again, nothing in either the modern or the ancient world is what it appears to be. In his grittiest thriller yet, Ernest Dempsey again thrusts readers into the heart of the global criminal underworld. Swarmed by spies, shysters, and professional slayers, Dempsey's vision of international treasure hunting would send even Indiana Jones running for retirement.

Outspoken Russian writer Alexander Kurbsky wanted to "disappear" into the West. To avoid the wrath of the ruling elite, he makes elaborate plans with covert experts Charles Ferguson and Sean Dillon for his escape. It's a real coup for the West—except for one thing: Kurbsky is still working for the Russians. And his master plan is about to unfold.

A desperate race to find the Ark of the Covenant and save the world from a devastating Holy War. ARKANE agent Morgan Sierra must travel across Egypt and Jordan, retracing the steps of the Biblical Exodus and following a trail of clues that takes her into the mists of history - and mortal danger.

For readers of Mozart in the Jungle and Year of Wonder, a new history of and guide to classical music. Paul Morley made his name as a journalist covering the rock and pop of the 1970s and 1980s. But as his career progressed, he found himself drawn toward developing technologies, streaming platforms, and, increasingly, the music from the past that streaming services now made available. Suddenly able to access every piece Mozart or Bach had ever written and to curate playlists that worked with these musicians' themes across different performers, composers, and eras, he began to understand classical music in a whole new way and to believe that it was music at its most dramatic and revealing. In *A Sound Mind*, Morley takes readers along on his journey into the history and future of classical music. His descriptions, explanations, and guidance make this seemingly arcane genre more friendly to listeners and show the music's power, depth, and timeless beauty. In Morley's capable hands, the history of the classical genre is shown to be the history of all music, with these long-ago pieces influencing everyone from jazz greats to punk rockers and the pop musicians of today.

Could you sacrifice the lives of millions to save your daughter? When an archaeologist's daughter is abducted, he must help them find a powerful ancient relic to save her life but at the cost of millions of lives. Or is there another option? Enter Sean Wyatt. Thousands of years ago, Babylonian armies invaded Jerusalem. They ripped through the city, leaving a swath of destruction in their wake and taking almost everything Israel held sacred. Almost. Under the cover of darkness, the high priest dispatched two of his most trusted friends to the far reaches of the empire and beyond to hide three of their most powerful relics. But now the relics are being sought by a modern evil. Sean Wyatt and his band of part-time heroes are thrown into a global conspiracy that could mean the end of civilization as we know it. Race from Tennessee to England, Scotland, Bhutan, and Iran with Sean and his sidekick Tommy Schultz as they unravel ancient clues, fight their way through assassination attempts, and takes on a band of terrorists who are plotting their own kind of world war. Will Sean be able to track down the ancient relics before the terrorists? Will he save the archaeologist's daughter? Or will the killers recover one of the ancient world's most powerful and mysterious combination of artifacts? There's only one way to find out.

The Norse Directive A Sean Wyatt Thriller Enclave Publishing

A blistering new thriller about the horrors of war and the struggle to survive in the face of pure evil. Foreign correspondent Connie Burns is hunting a British mercenary that she believes is responsible for the rape and murder of five women in Sierra Leone in 2002. Two years later she finds him training Iraqi police in Baghdad. Connie is determined to expose his crimes, but then she is kidnapped and released after three days of unspeakable torture. Silently, she returns to England and attempts to isolate herself, but it soon becomes apparent that the horrors of the world and her own nightmarish past aren't so easy to escape from.

What if the greatest secret of the US Civil War never made the history books? What if the Union and the Confederacy had fought not just for country and principle but for a source of unlimited, unimaginable wealth and power? While on a classified mission from the president, secret agent turned treasure hunter Sean Wyatt and his sidekick, Tommy Schultz, stumble upon these darkest American mysteries long

thought to be lost to history. To guard these truths and the power they conceal, Sean and Tommy must battle a rich and powerful secret society bent on unearthing these secrets for themselves—a clandestine cabal willing to lie, steal, and kill—even the president himself—for a shot at limitless power. Their goal is simple: reshaping the country according to their dark, dangerous plans.

Explore the past 150 years through the eyes of Indigenous creators in this groundbreaking graphic novel anthology. Beautifully illustrated, these stories are an emotional and enlightening journey through Indigenous wonderworks, psychic battles, and time travel. See how Indigenous peoples have survived a post-apocalyptic world since Contact. This is one of the 200 exceptional projects funded through the Canada Council for the Arts' New Chapter initiative. With this \$35M initiative, the Council supports the creation and sharing of the arts in communities across Canada.

Throughout the course of human warfare, no weapon has been as feared, as deadly, as the Ark of the Covenant. Legend claims that this mysterious, supernatural force, first carried into battle by the ancient Israelites, was so powerful that the Ark could lay waste to entire armies, entire cities in moments—thousands of years before the advent of nuclear bombs. So, when an ancient order of killers reemerges from the shadows after centuries of hiding—convinced that other secret societies took the Ark from Jerusalem to hide it in early America—international treasure hunter Sean Wyatt knows exactly what they seek and why. And that realization terrifies him. Together with his best friend and sidekick, Tommy Schultz, Sean must track down the Ark before the Order of the Assassin can. Before their order can pervert this heavenly power and wield it to enslave all of humanity. In a life-or-death fight to save both themselves and free people everywhere, Sean and Tommy must again beat the clock, this group of murderous villains, and a series of cryptic traces left by the ancients both to throw these bloodthirsty men off the trail and to save us all. In his latest Sean Wyatt thriller, USA Today best-selling author Ernest Dempsey again rips the veil from history to throw readers headlong into a hidden world of clues, secrets, and danger. Readers, hold fast to Wyatt and Schultz, or you too might be lost to the deadly Templar Curse. The Gunfight at the OK Corral on 26 October 1881 is one of the most enduring stories of the Old West. It led to a series of violent incidents that culminated in the Vendetta Ride, in which Wyatt Earp, Doc Holliday, and several other gunslingers went after their rivals the Cowboys. Like most tales of the Wild West, the facts are buried under layers of myth, and the line between good guys and bad guys is blurry. Wyatt Earp, leader of the so-called “good guys”, was charged with stealing horses in the Indian Territory in 1870 and jumped bail. Becoming a buffalo hunter and gambler, he got into several scrapes and earned a reputation as a gunfighter. Several times he helped lawmen arrest outlaws, but usually his assistance came more because of a personal grudge against the criminal than any real respect for law and order. He even got fired from a police job in Wichita for beating up a political rival.

The Point After paints an excruciatingly vivid picture of the game of football beyond the macho stereotypes and the shallow knowledge all those Sunday afternoon armchair quarterbacks hold dear. The book describes how kickers—despite being the leading scorers on every team in the league—are disdained by other players and coaches, and treated as if they have the cushiest ride in the sport. Teams see players as disposable corporate assets with an expiration date—kickers more so than anyone.

They thought he was dead. They were dead wrong. Dak Harper's Delta Force team stumbles upon an ancient treasure trove in the mountains of Iraq. But when Dak suggests they report their findings to command, the team steals the loot and leaves him for dead. Faced with certain death, Dak must find a way out of the darkness, and onto a path of revenge to settle the score with the men who betrayed him. This box set contains the entire six book series of short stories called The Relic Runner Origin Story. Join Dak as he scours the world, from the beaches of Portugal and Miami, to the jungles of Mexico, the Rocky Mountains of Colorado, the hills of Southern Kentucky, and the wilderness of Turkey.

Since the dawn of civilization, a hidden hand has gripped mankind. Operating in darkness with limitless wealth and power, this ancient Shadow Caste has controlled every major event in human history—mass migrations, revolutions, plagues, even two world wars. But now these ancient “caretakers” want to change the global experiment. Civilization is too successful, they believe, and our overpopulation threatens the existence of all life on earth. Their solution? To cull humanity's ever-growing herd. They've tried it before—slashing our numbers with wars and pandemics, even propping up murderous dictators to gauge the results—but the new scale of death they desire far exceeds even their unlimited resources. What this cult seeks is supernatural intervention. And they think they may have found it in a collection of ancient stones, hidden by time and faded from memory, that together can ignite a global cataclysm to kill billions in moments. Luckily, former secret agent turned adventurer Sean Wyatt has no intention of letting this secret global cabal commit genocide. Armed to the teeth and racing across the world to stop this disaster, Wyatt and his crew will fight to the death so that, finally, humanity can live free. From the first chapter, USA Today best-selling author Ernest Dempsey grabs you and never lets go. This latest novel in the fan-favorite Sean Wyatt series will keep you guessing until the end and leave you wondering: Is this just fiction? Or could we actually face a similar dark future?

For millennia, stories of God's greatest prophets have inspired Christians across the world, urging them toward the kind of faith that compelled these celebrated sages of old. But one modern madman wants that power for himself, to conquer a world he views as filled with unrepentant sinners as he ushers in a new age of religious rule. To get it, he threatens to kill a handful of select religious leaders until the experts at the International Archaeology Association find what he wants: a fabled ancient relic that he believes helped the prophets perform some of their greatest miracles. Sean Wyatt and Tommy Schultz along with their team at the IAA, however, have no intention of allowing that kind of power to fall into the fanatic's hands. They've faced down their share of power-hungry maniacs before, but with this bloodthirsty lunatic Sean and his best friend, Tommy Schultz, know they're up against the toughest odds of their lives. USA Today best-selling author Ernest Dempsey returns with the latest electrifying installment in his beloved Sean Wyatt series. A tale of belief and its power, The Second Sign is Dempsey's most powerful saga yet.

Faulkner County native Red Hall was a serial killer who confessed to murdering at least twenty-four people. Most of his victims were motorists who picked him up as he hitchhiked around the United States. In the closing months of World War II, he beat his wife to death and went on a killing spree across the state. His signature smile lured his victims to their doom, and even after his capture, he maintained a friendly manner, being described by one lawman as “a pleasant conversationalist.” Author Janie Nesbitt Jones chronicles his life for the first time and explores reasons why he became Arkansas's Hitchhike Killer.

This short story by Ernest Dempsey is an origins story for the Sean Wyatt Series.

Sean Wyatt and his sidekick Tommy Schultz take on their toughest challenge yet when they receive a mysterious email from a friend in Australia. The email contains information about an ancient Aborigine treasure that lies hidden somewhere in the wilds of the Australian outback. After a museum curator goes missing, and another murdered, Sean and Tommy must decipher the code from a 120 year old document that could alter the course of history in Australia and put incredible power in the hands of a madman.

When Nina Wilde is kidnapped by the Prophet, who needs her expert archeological skills, she is forced to hunt down a series of ancient stone figures across the world while waiting for her husband Eddie Chase to rescue her before the world meets its prophesized end.

In 1801, a British officer discovered a clue to one of the most coveted relics in history. When Sean Wyatt rescues a friend from being executed in the mountains of Tennessee, Sean Wyatt and his sidekick, Tommy Shultz are thrown into a high octane game of cat and mouse with a wealthy Frenchman named Gerard Dufort who will stop at nothing to get his next prize. The two friends find themselves zipping across the globe to southern England, Copenhagen, Scotland, and the American Southwest in a race against the clock and a man with sinister plans of his own. This action packed story is sure to keep you turning the pages until you reach the end and send an email to the author telling him to hurry up and write the next installment.

For nearly two thousand years, the Catholic Church has revered and protected its priceless, sprawling inventory of holy relics. From the bones of apostles to pieces of the cross Jesus died on, Catholics worldwide have long viewed their cherished relics as sacred-reminders of the possibility of miracles, of the power of the Almighty. But some of the holiest relics in all of Christendom have been lost down through the centuries to war, thieves, or worse. And the Catholic Church has spent untold blood and treasure to recover them—often to no avail. So, when a high-ranking cardinal is murdered in his Vatican apartment over clues he might possess to the whereabouts of a relic considered truly divine, the Vatican calls in the experts. They enlist former secret agent Sean Wyatt; his wife, Adriana; and his best friend, the renowned archaeologist Tommy Schultz, to help find both the cardinal's killer and, if at all possible, the missing relic, thought to have been hidden by Napoléon Bonaparte two hundred years ago. This relic—a ring worn by John the Baptist—is rumored to possess unfathomable power, rendering its wearer nearly invincible, able to wield the very power of God. And the grand master of a once-powerful order of medieval Catholic knights wants it to help his twisted holy warriors regain their former glory. They'll stop at nothing until they possess the ring, kill Wyatt and his friends, overthrow the pope, and enlist believers worldwide into their unholy New Crusade. USA Today best-selling author Ernest Dempsey delivers his most taught thriller to date. The Napoléon Affair will keep you guessing until all of its secrets are finally revealed.

Meet Odd Thomas, the unassuming young hero of Dean Koontz's dazzling New York Times bestseller, a gallant sentinel at the crossroads of life and death who offers up his heart in these pages and will forever capture yours. "The dead don't talk. I don't know why." But they do try to communicate, with a short-order cook in a small desert town serving as their reluctant confidant. Sometimes the silent souls who seek out Odd want justice. Occasionally their otherworldly tips help him prevent a crime. But this time it's different. A stranger comes to Pico Mundo, accompanied by a horde of hyena-like shades who herald an imminent catastrophe. Aided by his soul mate, Stormy Llewellyn, and an unlikely community of allies that includes the King of Rock 'n' Roll, Odd will race against time to thwart the gathering evil. His account of these shattering hours, in which past and present, fate and destiny, converge, is a testament by which to live—an unforgettable fable for our time destined to rank among Dean Koontz's most enduring works.

Unimaginable wealth. The authority to command nations. Eternal life. The god-like power promised by the lost desert city of Zerzura is as frightening as it is alluring. Former secret agent Sean Wyatt and his best friend, Tommy Schultz, have never hunted anything like it. But the legend and the unlimited power it promises are so improbable that other archeologists—including Tommy's parents—gave up looking for Zerzura decades ago. Most call it a myth. That all changes when a chance discovery in the Middle East reveals long-hidden clues about the possible truth behind the Zerzura legend and catapults Sean and Tommy smack in the middle of a race to find the lost city and to protect humanity from its dark, unlimited dominion. Unfortunately for Sean and Tommy, some very evil, very powerful men are also on the trail. To keep Zerzura's near-limitless power from falling into the wrong hands, they must outwit a dark nemesis from their past, blast through his legions of gun-toting assassins, and forge new and unstable alliances that threaten their mission nearly from the start. A breathless sprint across two continents, *The Sahara Legacy* is both a gripping tale of intrigue and an imagining of ancient powers that lie just beyond the limits of human control and comprehension. Join the adventure.

A young girl discovers that playtime is as boundless as imagination in this empowering, rhyming picture book from Rachael MacFarlane and Spencer Laudiero. I can be anything that I want to be, I'm a princess, a pirate, and I'm also just me! Her name is Eleanor Wyatt, and some days she's a princess, some days she's a pirate. Eleanor's parents have taught her she can be anything she wants to be, from a ninja to a cowgirl to a fairy with wings. She can even star in her own book! Join Eleanor and her friends as they romp through tea parties and sword fights and to discover the best treasure of all—being yourself! An Imprint Book

Carnegie Medal Winner * New York Public Library Books for the Teen Age * VOYA Best Science Fiction, Fantasy, and Horror * ALA Best Fiction for Young Adults * Book Sense Pick *The Amazing Maurice* runs the perfect Pied Piper scam. This streetwise alley cat knows the value of cold, hard cash and can talk his way into and out of anything. But when Maurice and his cohorts decide to con the town of Bad Blinitz, it will take more than fast talking to survive the danger that awaits. For this is a town where food is scarce and rats are hated, where cellars are lined with deadly traps, and where a terrifying evil lurks beneath the hunger-stricken streets.... Set in Terry Pratchett's beloved Discworld, this masterfully crafted, gripping read is both compelling and funny. When one of the world's most acclaimed fantasy writers turns a classic fairy tale on its head, no one will ever look at the Pied Piper—or rats—the same way again! Trained to protect against all danger, a professional bodyguard can provide all the muscle a woman needs. But when their hearts are on the line, love is the riskiest business . . . Someone to Watch Over Me Former child star Sierra Blake is making a stunning Hollywood comeback—and attracting a scary amount of attention. When her home is vandalized and her safety threatened, she knows it's time to bring in the professionals. But from the moment she sets eyes on her indecently sexy new bodyguard, Sierra's thoughts are anything but professional . . . Few things in this world scare Sean Owens—until he realizes he's in serious danger of losing his heart to his new client. No matter how much he wants to, Sean won't let his feelings for the smart and gorgeous Sierra get in the way of doing his job. Because as the attacks against her escalate, crossing the line between business and pleasure could get them both killed.

Spain 1057: During a thunderous battle, the first King of Aragon wrestles Alexander the Great's priceless Egyptian weapon from the Moors, but finds it holds a terrifying and mysterious power. A thousand years later, Maddy Marshall, and her twin brother Will Argones, re sent on an arcane quest to recover Alexander's ancient weapon.

Teaching Gradually is a guide for anyone new to teaching and learning in higher education. Written for graduate student instructors, by graduate students with substantive teaching experience, this resource is among the first of its kind to speak to graduate students as comrades-in-arms with voices from alongside them in the trenches, rather than from far behind the lines. Each author featured in this book was a graduate student at the time they wrote their contribution. Consequently, the following chapters give scope to a newer, diverse generation of educators who are closer in experience and professional age to the book's intended audience. The tools, methods, and ideas discussed here are ones that the authors have found most useful in teaching today's students. Each chapter offers a variety of strategies for successful classroom practices that are often not explicitly covered in graduate training. Overall, this book consists of 42 chapters written by 51 authors who speak from a vast array of backgrounds and viewpoints, and who represent a broad spectrum of experience spanning small, large, public, and private institutions of higher education. Each chapter offers targeted advice that speaks to the learning curve inherent to early-career teaching, while presenting tangible strategies that readers can leverage to address the dynamic professional landscape they inhabit. The contributors' stories and reflections provide the context to build the reader's confidence in trying new approaches in their his or her teaching. This book covers a wide range of topics designed to appeal to graduate student instructors across disciplines, from those teaching discussion sections, to those managing studio classes and lab sessions, to those serving as the instructor of record for their own course. Despite the medley of content, two common threads run throughout this volume: a strong focus on diversity and inclusion, and an acknowledgment of the increasing shift to online teaching. As a result of engaging with Teaching Gradually, readers will be able to:

- Identify best teaching practices to enhance student learning
- Develop a plan to implement these strategies in their teaching
- Expand their conception of contexts in which teaching and learning can take place
- Evaluate and refine their approaches to fostering inclusion in and out of the classroom
- Assess student learning and the efficacy of their own teaching practices
- Practice professional self-reflection

A nuclear chain reaction is one of the most powerful forces known to mankind. Its energy feeds other reactions, creating endless possibilities for self-sustaining growth. Imagine harnessing this kind of energy in business-what if you could create your own nuclear effect? It's easy to feel trapped when you start an online business, stuck in a tug-of-war between success and the requirements for continued growth. The more you progress, the more money you need. Your company's bank account mirrors your own emotions in a rollercoaster of inconsistency and instability-you've left the rat race, only to find yourself on a 6- or 7-figure hamster wheel. In The Nuclear Effect, Scott Oldford shows you how to free yourself from this cycle, scale a profitable, multimillion-dollar business, and keep the money you make. By following Scott's 6 pillars of sustainable growth, you will create the momentum your business needs to become an unstoppable force.
