

The Toilet Paper Entrepreneur The Tell It Like It Is Guide To Cleaning Up In Business Even If You Are At The End Of Your Roll

Young serial entrepreneur Scott Gerber is not the product of a wealthy family or storied entrepreneurial heritage. Nor is he the outcome of a traditional business school education or a corporate executive turned entrepreneur. Rather, he is a hard-working, self-taught 26-year-old hustler, rainmaker, and bootstrapper who has survived and thrived despite never having held the proverbial "real" job. In *Never Get a "Real" Job: How to Dump Your Boss, Build a Business, and Not Go Broke*, Gerber challenges the social conventions behind the "real" job and empowers young people to take control of their lives and dump their nine-to-fives—or their quest to attain them. Drawing upon case studies, experiences, and observations, Scott dissects failures, shares hard-learned lessons, and presents practical, affordable, and systematic action steps to building, managing, and marketing a successful business on a shoestring budget. The proven, no-b.s. methodology presented in *Never Get a "Real" Job* teaches unemployed and underemployed Gen-Yers, aspiring small business owners, students, and recent college graduates how to quit 9-to-5s, become their own bosses, and achieve financial independence.

From the co-founder of THINX and hellotushy.com, start-ups collectively valued at more than \$150 million, comes DISRUPT-HER, a rallying cry for women to radically question the status quo. Miki Agrawal has faced patriarchal pushback, fought girl-on-girl hate, ridden the roller coaster of building businesses as a female CEO, and even overcome an attempt to burn her for witchcraft (figuratively). In order to navigate the complicated--at times maddening--struggles of contemporary femininity, we need an unabashed manifesto for the modern woman that inspires us to move past outrage and take positive steps on the personal, professional, and societal levels. This manifesto galvanizes us to action in 13 major areas of our lives with as much fire power as possible. These are the credos we live by, the advice we give to friends, the tenets we instill in our companies and peers on a daily basis. Stories of badass female movers and shakers are shared in this book too to give you an extra jolt of "I've got this." It's a whole body F*CK YES to your work, your love, your relationships, and your mission--while doing it all authentically, unapologetically, and with full integrity.

There are four critical areas that today's ecommerce sellers struggle with in growing their businesses - managing inventory relying on debt; understanding their financial data; and maintaining focus. Cyndi Thomason has taken the core concepts of the Profit First methodology created by Mike Michalowicz and customized them to ecommerce.

The biggest ingredient to success is timing, yet everyone ignores it. *Surge* is a step by step guide to position your business directly in front of surging customer demand. You can time the market, after all. Do you worry that your business will collapse without your constant presence? Are you sacrificing your family, friendships, and freedom to keep your business alive? What if instead your business could run itself, freeing you to do what you love when you want, while it continues to grow and turn a profit? It's possible. And it's easier than you think. If you're like most entrepreneurs, you started your business so you could be your own boss, make the money you deserve, and live life on your own terms. In reality, you're bogged down in the daily grind, constantly putting out fires, answering an endless stream of questions, and continually hunting for cash. Now, Mike Michalowicz, the author of *Profit First* and other small-business bestsellers, offers a straightforward step-by-step path out of this dilemma. In *Clockwork*, he draws on more than six years of research and real life examples to explain his simple approach to making your business ultra-efficient. Among other powerful strategies, you will discover how to:

- Make your employees act like owners: Free yourself from micromanaging by using a simple technique to empower your people to make smart decisions without you.
- Pinpoint your business's most important function: Unleash incredible efficiency by identifying and focusing everyone on the one function that is most crucial to your business.
- Know what to fix next: Most entrepreneurs try to fix every inefficiency at once and end up fixing nothing. Use the "weakest link in the chain" method to find the one fix that will add the most value now. Whether you have a staff of one, one hundred, or somewhere in between, whether you're a new entrepreneur or have been overworked and overstressed for years, *Clockwork* is your path to finally making your business work for you.

Author of cult classics *The Pumpkin Plan* and *The Toilet Paper Entrepreneur* offers a simple, counterintuitive cash management solution that will help small businesses break out of the doom spiral and achieve instant profitability. Conventional accounting uses the logical (albeit, flawed) formula: Sales - Expenses = Profit. The problem is, businesses are run by humans, and humans aren't always logical. Serial entrepreneur Mike Michalowicz has developed a behavioral approach to accounting to flip the formula: Sales - Profit = Expenses. Just as the most effective weight loss strategy is to limit portions by using smaller plates, Michalowicz shows that by taking profit first and apportioning only what remains for expenses, entrepreneurs will transform their businesses from cash-eating monsters to profitable cash cows. Using Michalowicz's Profit First system, readers will learn that:

- Following 4 simple principles can simplify accounting and make it easier to manage a profitable business by looking at bank account balances.
- A small, profitable business can be worth much more than a large business surviving on its top line.
- Businesses that attain early and sustained profitability have a better shot at achieving long-term growth.

With dozens of case studies, practical, step-by-step advice, and his signature sense of humor, Michalowicz has the game-changing roadmap for any entrepreneur to make money they always dreamed of.

How do you turn website visitors into customers? *Conversion Optimization* offers practical advice on how to persuade visitors to make a buying decision -- without driving them away through data overload or tedious navigation. You'll learn how to use marketing principles, design, usability, and analytics on your site to increase your buyer-to-visitor ratio, whether you're involved with marketing or designing a large ecommerce site, or managing a modest online operation. Based on the authors' broad experience in helping businesses attract online customers, this book addresses every aspect of the process, from landing visitors to finalizing the sale. You'll learn several techniques for blending successful sales approaches with the particular needs of the people you want to attract. Are you ready to do what it takes to get a double-digit conversion rate? Explore case studies involving significant conversion rate improvements Walk through different stages of a sale and understand the value of each Understand your website visitors through persona creation Connect with potential customers and guide them toward a conversion Learn how to deal with FUDs -- customer fears, uncertainties, and doubts Examine the path that visitors take from landing page to checkout Test any change you make against your original design "The Web is unique in its ability to deliver this almost improbable win-win: You can increase revenue AND make your customers happy. Yet most websites stink. Worry not, Khalid and Ayat to the rescue! Buy this book to follow their practical advice on how to create high converting websites that your visitors love."--Avinash Kaushik, author of *Web Analytics 2.0* and *Web Analytics: An Hour A Day* (both Sybex)

Internationally published bestselling author Femke Hogema shows how entrepreneurs can realize their plans and make their businesses profitable in 7 steps.

As a small-business owner or solopreneur, you wear many hats--perhaps the most important of which is marketer. But these days, with so many new ways to reach customers and clients and only so much time in the day, it's hard to know where to start. Should you be using social media? Email? Blogs? Video? SEO? Small-business marketing doesn't have to be a mystery. It's just a series of simple decisions (and the action steps to implement those decisions) that will help you regain the clarity, confidence, and control you need to succeed. *Do It! Marketing* is a quick read and an encouraging kick in the pants that will reignite your marketing mojo. The underlying premise is that "only action creates

results." Packed with do-this-now ideas to attract, engage, and win more customers and clients, this no-nonsense book reveals how to: Avoid blah, blah, blah marketing * Use magnetic marketing strategies that pull-not push-qualified decision-makers into your world * Get noticed * Position yourself as an expert * Become the obvious choice in your market * Do social media right * Zero in on your customers' pain/gain factors * Learn to speak their language * Get a steady stream of referrals * Identify and focus on high-payoff activities * Cultivate and leverage enthusiastic advocates * And more! Energetic, inspiring, and filled with concrete strategies, tactics, templates, and tools, Do It! Marketing shows you how to stop "marketing by accident" and start outsmarting, out-positioning, and out-executing the competition.

The firebrand conservative columnist and best-selling author of In Defense of Internment shares lesser-known stories about inventors who have shaped American technological progress through the innovation of everyday objects, from bottle caps to bridge cables.

All compelling ideas, stories and insights contained in one volume: How to Win Friends and influence People and How To Stop Worrying and Start Living. A step by step voice of self discover and improvement which can be applied to your personal and professional life.

The world's economy has been transformed from a twentieth-century materials-based economy to the Age of the Knowledge-Based Economy - and the currency of this realm is ideas, imagination, creativity, and knowledge. According The World Bank, 80% of the developed world's wealth now resides in human capital. Perhaps President Ronald Reagan said it best in his address to Moscow State University on May 31, 1988: "Like a chrysalis, we're emerging from the economy of the Industrial Revolution - an economy confined and limited by the Earth's physical resources - into, as one economist titled his book, "the economy in mind," in which there are no bounds on human imagination and the freedom to create is the most precious natural resource." Written by Ronald Baker and Ed Kless, hosts of The Soul of Enterprise: Business in the Knowledge Economy, the popular radio show on Voice America's Business Channel, The Soul of Enterprise: Dialogues on Business in the Knowledge Economy sounds the clarion call that organizations can no longer ignore this seismic shift that has occurred in the economy since 1959. The Soul of Enterprise introduces the three components of Intellectual Capital - human capital, social capital, and structural capital - and how to leverage them to create wealth in today's economy, by revealing: The physical fallacy - why wealth no longer consists of tangible things, but of ideas, imagination and knowledge from human minds The best learning tool ever invented: After Action Reviews Why Frederick Taylor and the Scientific Management movement was a fraud and the wrong focus for knowledge workers The fact that effectiveness always and everywhere trumps efficiency The First Law of Pricing: All value is subjective The Second Law of Pricing: All prices are contextual The Morality of Markets: Doing well and doing good Why your organization - and you - need to be driven by a higher purpose than profit The Soul of Enterprise will inspire and challenge readers to unlock the enormous financial and competitive power hidden in the intellectual capital of their organizations and knowledge workers."

"Inspired me to ask myself why and to stop postponing the forgotten dreams." —Geneen Roth, #1 New York Times bestselling author of Women Food and God and This Messy Magnificent Life Full of inspirational insights and advice, lifehacks, and real-world examples, Someday is Not a Day in the Week is CEO Sam Horn's motivational guide to help readers get what they want in life today rather than "someday." Are you: • Working, working, working? • Busy taking care of everyone but yourself? • Wondering what to do with the rest of your life? • Planning to do what makes you happy someday when you have more time, money, or freedom? What if someday never happens? As the Buddha said, "The thing is, we think we have time." Sam Horn is a woman on a mission about not waiting for SOMEDAY ... and this is her manifesto. Her dad's dream was to visit all the National Parks when he retired. He worked six to seven days a week for decades. A week into his long-delayed dream, he had a stroke. Sam doesn't want that to happen to you. She took her business on the road for a Year by the Water. During her travels, she asked people, "Do you like your life? Your job? If so, why? If not, why not?" The surprising insights about what makes people happy or unhappy, what they're doing about it (or not), and why...will inspire you to carve out time for what truly matters now, not later. Life is much too precious to postpone. It's time to put yourself in your own story. The good news is, there are "hacks" you can do right now to make your life more of what you want it to be. And you don't have to be selfish, quit your job, or win the lottery to do them. Sam Horn offers actionable, practical advice in short, snappy chapters to show you how to get started on your best life — now.

A mainstream release of a previously self-published best-seller, written by a successful internet traffic developer best known for his record-breaking sale of the Business.com domain name, shares a wealth of insights, tips and strategies for using online resources to build wealth rapidly.

"Steve Mann is a cyborg. He sees the entire world, including himself, through a video lens--the WearComp system. He can control what he sees, liberating his imaginative space from the visual stimuli-billboards and flashing neon signs--that threaten to overwhelm us. While recognizing the danger that human beings could be controlled by technology and the corporations that produce it for profit, Mann is also fascinated by the vast possibilities presented by the wearable computer"--Back cover.

Each year Americans start one million new businesses, nearly 80 percent of which fail within the first five years. Under such pressure to stay alive—let alone grow—it's easy for entrepreneurs to get caught up in a never-ending cycle of "sell it—do it, sell it—do it" that leaves them exhausted, frustrated, and unable to get ahead no matter how hard they try. This is the exact situation Mike Michalowicz found himself in when he was trying to grow his first company. Although it was making steady money, there was never very much left over and he was chasing customers left and right, putting in twenty-eight-hour days, eight days a week. The punishing grind never let up. His company was alive but stunted, and he was barely breathing. That's when he discovered an unlikely source of inspiration—pumpkin farmers. After reading an article about a local farmer who had dedicated his life to

growing giant pumpkins, Michalowicz realized the same process could apply to growing a business. He tested the Pumpkin Plan on his own company and transformed it into a remarkable, multimillion-dollar industry leader. First he did it for himself. Then for others. And now you. So what is the Pumpkin Plan? Plant the right seeds: Don't waste time doing a bunch of different things just to please your customers. Instead, identify the thing you do better than anyone else and focus all of your attention, money, and time on figuring out how to grow your company doing it. Weed out the losers: In a pumpkin patch small, rotten pumpkins stunt the growth of the robust, healthy ones. The same is true of customers. Figure out which customers add the most value and provide the best opportunities for sustained growth. Then ditch the worst of the worst. Nurture the winners: Once you figure out who your best customers are, blow their minds with care. Discover their unfulfilled needs, innovate to make their wishes come true, and overdeliver on every single promise. Full of stories of other successful entrepreneurs, The Pumpkin Plan guides you through unconventional strategies to help you build a truly profitable blue-ribbon company that is the best in its field.

Fresh, funny, and fearless, The Middle Finger Project is a point-by-point primer on how to get unstuck, slay imposter syndrome, trust in your own worth and ability, and become a strong, capable, wonderful, weird, brilliant, ballsy, unfuckwithable YOU. "Don't worry, this isn't a book about God, nor is it a book about Ryan Gosling (second in command). But it is a book about authority and becoming your own." --Ash Ambirge After a string of dead-end jobs and a death in the family, Ash Ambirge was down to her last \$26 and sleeping in a Kmart parking lot when she faced the truth: No one was coming to her rescue. It was up to her to appoint herself. That night led to what eventually became a six-figure freelance career as a sought-after marketing and copywriting consultant, all while sipping coffee from her front porch in Costa Rica. She then launched The Middle Finger Project, a blog and online course hub, which has provided tens of thousands of young "women who disobey" with the tools and mindset to give everyone else's expectations the finger and get on your own path to happiness, wealth, independence, and adventure. In her first book, Ash draws on her unconventional personal story to offer a fun, bracing, and occasionally potty-mouthed manifesto for the transformative power of radical self-reliance. Employing the signature wit and wordsmithing she's used to build an avid following, she offers paradigm-shifting advice along the lines of: • The best feeling in the world is knowing who you are and what you're capable of doing. • Life circumstances are not life sentences. If a Scranton girl who grew up in a trailer park can make it, so can you. • What you believe about yourself will either murder your chances or save your life. So why not believe something good? • You don't need a high-ranking job title to be authorized to contribute. You just need to contribute. • Be your own authority. Authority only works as long as you trust that someone smarter than you is making the rules. • The way you become a force is by being the most radically real version of yourself that you can be. • You only have 12 fucks a day to give, so use them wisely.

In this book, we have hand-picked the most sophisticated, unanticipated, absorbing (if not at times crackpot!), original and musing book reviews of "The Toilet Paper Entrepreneur: The tell-it-like-it-is guide to cleaning up in business, even if you are at the end of your roll.." Don't say we didn't warn you: these reviews are known to shock with their unconventionality or intimacy. Some may be startled by their biting sincerity; others may be spellbound by their unbridled flights of fantasy. Don't buy this book if: 1. You don't have nerves of steel. 2. You expect to get pregnant in the next five minutes. 3. You've heard it all.

Become a millionaire by learning from millionaires An Eventual Millionaire is someone who knows they will be a millionaire, eventually. But they want to do it on their own terms—with an enjoyable life and an enjoyable business. Contains the insights of more than 100 millionaires and their various experiences Written by Jaime Tardy, founder of eventualmillionaire.com and a business coach for entrepreneurs A companion website includes an "Eventual Millionaire Starter Kit" with worksheets, business plan documents, and much more We all want to be successful and enjoy financial security, but we might not know how or don't think we can do it. The Eventual Millionaire will show you what it takes.

Hurting people ask heart-felt questions about God and suffering. Some "answers" they receive appeal to mystery: "God's ways are not our ways". Some answers say God allows evil for a greater purpose. Some say evil is God's punishment. The usual answers fail. They don't support the truth that God loves everyone all the time. God Can't gives a believable answer to why a good and powerful God doesn't prevent evil. Author Thomas Jay Oord says God's love is inherently uncontrolling. God loves everyone and everything, so God can't control anyone or anything. This means God cannot prevent evil singlehandedly. God can't stop evildoers, whether human, animal, organism, or inanimate objects and forces. In God Can't, Oord gives a plausible reason why some are healed, but many others are not. God always works to heal everyone, but sometimes our bodies, organisms, or other creatures do not cooperate with God's healing work. Or the conditions of creation are not right for the healing God wants to do. Some people think God causes or allows suffering to teach us lessons or build our character. God Can't disagrees. Oord says God squeezes good from the evil God didn't want in the first place. God uses pain and suffering without willing or even allowing it. Most people think God can overcome evil singlehandedly. In God Can't, Oord says God needs cooperation for love to reign now and later. This leads to a better view of the afterlife called "relentless love." It rejects traditional ideas of heaven, hell, and annihilation. Relentless love holds to the possibility all creatures and all creation will respond to God's love. God Can't is written in understandable language. As a world-renown theologian, Thomas Jay Oord

brings credibility to the book's radical ideas. He explains these ideas through true stories, illustrations, and scripture. God Can't is for those who want answers to tragedy, abuse, and other evils that make sense! What They're Saying... "If conventional notions of God make less and less sense to you, you'll find Thomas Jay Oord's new book a breath of fresh air. Simply put, "God Can't" presents an understanding of God that thoughtful, ethical people can believe in." -- Brian D. McLaren, author of The Great Spiritual Migration "I did not want this book to end. I wish Dr. Oord had written it 100 years ago, or 1000 years ago... To find your understanding of life and your love for God renewed, read this book." -- Dr. Karen Strand Winslow, Ph.D., Biblical and Jewish Studies Professor of Bible, Azusa Pacific University "As a clinical psychologist working with people in trauma, I owe Thomas Jay Oord an enormous debt of gratitude for recasting the so-called problem of evil in terms that are conceptually satisfying, theologically consistent, and pastorally liberating." -- Dr Roger Bretherton- Principal Lecturer at the University of Lincoln (UK), Chair of the British Association of Christians in Psychology "Victims of trauma sometimes hear theological responses that imply their suffering is somehow "God's will." A more careful theological reflection on the nature of the power of a God who is love can help. Oord gives us a clear and compelling alternative in this profoundly insightful and admirably concrete and accessible book." -- Dr. Anna Case-Winters, Professor of Theology at McCormick Theological Seminary "I know of no book that speaks to suffering with the depth of theological sophistication and psychological sensitivity as God Can't. This book is a rare combination of depth and accessibility, truly written for the wounded. I recommend it to my students, parishioners, and therapy clients." -- Dr. Brad D. Strawn, Professor of the Integration of Psychology and Theology, Fuller Theological Seminary

From Mike Michalowicz, the author of PROFIT FIRST, CLOCKWORK, and THE PUMPKIN PLAN, comes the ultimate diagnostic tool for every entrepreneur. The biggest problem entrepreneurs have is that they don't know what their biggest problem is. If you find yourself trapped between stagnating sales, staff turnover, and unhappy customers, what do you fix first? Every issue seems urgent -- but there's no way to address all of them at once. The result? A business that continues to go in endless circles putting out urgent fires and prioritizing the wrong things. Fortunately, Mike Michalowicz has a simple system to help you eradicate these frustrations and get your business moving forward, fast. Mike himself has lived through the struggles and countless distractions of entrepreneurship, and devoted years to finding a simple way to pinpoint exactly where to direct attention for rapid growth. He figured out that every business has a hierarchy of needs, and if you can understand where you are in that hierarchy, you can identify what needs immediate attention. Simply fix that one thing next, and your business will naturally and effortlessly level-up. Over the past decade, Mike has developed an ardent following for his funny, honest, and actionable insights told through the stories of real entrepreneurs. Now, Fix This Next offers a simple, unique, and wildly powerful business compass that has already helped hundreds of companies get to the next level, and will do the same for you. Immediately.

The Beginner's Guide to Low-Risk Entrepreneurship You want to start your own business, but "risk" isn't your middle name. You're not alone. Many successful entrepreneurs are averse to risk--but they have learned the tricks to working around it. And now you can too, with School for Startups. This practical guide shows you how to build a business the smart way--without risking major assets such as your house, savings account, or health insurance. You'll learn how to increase your chance of success by: Funding your venture without investors Entering international markets Taking full advantage of tools on the Web Marketing your product or service for little or no cost Deploying a third party to package and ship products Taking control of an existing business or franchise The authors present hundreds of the best ideas for new businesses, along with case studies proving the effectiveness of their approach. Also included with the book is a code you can use to register for The Entrepreneur School (www.theentrepreneurschool.com), where you can access exclusive webinars and supplementary material.

Jump Start Your Business Brain details data-proven methods that can make your sales, marketing and business development measurably more effective. What makes this book unique is that the methods detailed are backed up with hard data. They're grounded in statistical analysis of the success and failures of more than 4,000 new products and services, and more than 6,000 innovation teams. The research quantifies the impact of a back-to-basic, customer-focused approach to sales, marketing and business development. The research also uncovers news regarding how you can measurably increase effectiveness in today's super-competitive, time-compressed and overstressed marketplace. It's the perfect book for today's up-and-coming executive.

How can business owners find the common legal landmines hidden all around them, when business law is so complicated and difficult to understand? By reading Attorney Nancy Greene's book where she demystifies the legal-mumbo jumbo to help entrepreneurs leverage the law, run their businesses with confidence, and protect their dreams.

In his new marketing book, Mike Michalowicz offers a proven, no-bullsh*t method to position your business, service, or brand to get noticed, attract the best prospects, and convert those opportunities into sales. Told with the same humour and straight-talk that's gained Michalowicz an army of ardent followers, with actionable insights drawn from stories of real life entrepreneurs, this book lays out a simple, doable system based on three critical questions every entrepreneur and business owner must ask about their marketing: 1. Does it differentiate?, 2. Does it attract?, 3. Does it direct?

LEARN:: How to be Successful and Take Your Business to the Next Level Does your business struggle to generate a decent income? Having trouble landing clients or attracting customers? Want to become a freelancer or start a side hustle? Pay close attention if you said "Yes" to any of these questions... Entrepreneurship can be exciting. > "[McCullough] shares fresh ideas, content, and strategies for creating a life and a business that you love. Reading this book will elevate your life!" —Tiffany Peterson, professional speaker, TiffanySpeaks.com The managing director for Startup Princess—listed by Forbes as "One of the Top 10 Resources for Women Entrepreneurs"—Michelle McCullough is a popular small business influencer who runs her own consulting firms. Now, in *Make It Happen Blueprint*, she "lifts the curtain on success to show there is no secret genetic code for high performers, and, in fact, everyone has what it takes to be successful" (Richie Norton, #1 bestselling author, from the foreword). Sharing her own stories of triumphs and failures, she includes eighteen easy principles that will help you overcome mundane dissatisfactions to create a life—and a career—filled with purpose and passion. "As entrepreneurs we often feel alone. McCullough's book *Make It Happen* reminds us that we are all in this together. She manages to rekindle your purpose as well as provides pertinent ideas and strategies to help you perform at your best. I love the way she provides a section at the end of each chapter to help you implement the things you read and learn in *Make It Happen*. Every purposeful entrepreneur should have this book on their nightstand!" —Nicole Carpenter, CEO of MOMentity.com and bestselling author of *52 Weeks to Fortify Your Family* "Michelle's chapter 'Raising High Performers' is great! . . . [Her] suggestions and principles really resonated with me and I believe they would absolutely help parents to raise children who thrive!" —Tara Kennedy-Kline, author of *Stop Raising Einstein* Best-selling author Chris Guillebeau presents a full-color ideabook featuring 100 stories of regular people launching successful side businesses that almost anyone can do. This unique guide features the startup stories of regular people launching side businesses that almost anyone can do: an urban tour guide, an artist inspired by maps, a travel site founder, an ice pop maker, a confetti photographer, a group of friends who sell hammocks to support local economies, and many more. In *100 Side Hustles*, best-selling author of *The \$100 Startup* Chris Guillebeau presents a colorful "idea book" filled with inspiration for your next big idea. Distilled from Guillebeau's popular *Side Hustle School* podcast, these case studies feature teachers, artists, coders, and even entire families who've found ways to create new sources of income. With insights, takeaways, and photography that reveals the human element behind the hustles, this playbook covers every important step of launching a side hustle, from identifying underserved markets to crafting unique products and services that spring from your passions. Soon you'll find yourself joining the ranks of these innovative entrepreneurs--making money on the side while living your best life.

It's time to drop the rose-colored glasses and face the facts: most new businesses fail, with often devastating consequences for the would-be entrepreneur. The *New York Times*, *Wall Street Journal*, and *USA TODAY* bestseller *The Entrepreneur Equation* helps you do the math before you set down the entrepreneurial path so that you can answer more than just "Could I be an entrepreneur?" but rather "Should I be an entrepreneur?". By understanding what it takes to build a valuable business as well as how to assess the risks and rewards of business ownership based on your personal circumstances, you can learn how to stack the odds of success in your favor and ultimately decide if business ownership is the best possible path for you, now or ever. Through illustrative examples and personalized exercises, *tell-it-like-it-is* Carol Roth helps you create and evaluate your own personal Entrepreneur Equation as you: • Learn what it takes to be a successful entrepreneur in today's competitive environment. • Save money, time and effort by avoiding business ownership when the time isn't right for you. • Identify and evaluate the risks and rewards of a new business based on your goals and circumstances. • Evaluate whether your dreams are best served by a hobby, job or business. • Gain the tools that you need to maximize your business success. *The Entrepreneur Equation* is essential reading for the aspiring entrepreneur. Before you invest your life savings, invest in this book!

Trying to start a business in this economy? Struggling with little or no cash? Have no experience, no baseline to judge your progress against? Whether you're just starting out or have been at it for years, the Toilet Paper Entrepreneur's "get real", actionable approach to business is a much-needed swift kick in the pants.

Toilet Paper Entrepreneur *The Tell-It-like-it-Is Guide to Cleaning Up in Business, Even If You Are at the End of Your Roll*

Conventional wisdom once told us big companies are unbeatable... and eat smaller competitors for breakfast. Not anymore. These days It's Not the Big that Eat the Small... It's the FAST that Eat the Slow! Jason Jennings and Laurence Haughton discovered what separates today's icons of speed from everybody else. They asked questions like: What is the difference between speed and haste? Where does business go to spot trends before the competition? How can leaders help people stop dreading high velocity and rediscover the thrill of deciding, acting and staying fast? And studied the world's fastest companies like: H&M Europe's fast fashion phenomenon now poised to threaten apparel stores in America. AOL who gulped down Netscape and Time Warner in record time. Charles Schwab the new dominant name in discount and on-line financial services. The results are in this sensational book... a national bestseller, translated all over the globe and universally praised. Would you like to make speed a competitive tool in your business? Here's your roadmap!

"Never started a company before? Struggling with little or no cash? Have no experience, no baseline to judge your progress against? Thank God! You've got a shot at making this work." So says Mike Michalowicz, author of *The Toilet Paper Entrepreneur*, a business book that is so uniquely useful, so raw and entertaining, it reads like the brainchild of Steve Jobs and Chris

Rock. The founder of three multimillion-dollar companies, including Obsidian Launch, a company that partners with first-time entrepreneurs to grow their concepts into industry leaders, Mike Michalowicz knows what it really takes to spin your great idea into pure gold. Whether you're just starting out or have been at this for years, Mike's "get real" approach to business is a much-needed swift kick in the pants. In this book, you'll discover:

- * Why a business plan is a total waste of your time.
- * Why fulfilling your own needs is the first and last order of business.
- * Which three sheets of paper you need to successfully launch, manage and grow your business.
- * How to get started in business with little or no money.
- * How to find and exploit resources that no one else knows about.
- * How to stop procrastinating and take action NOW!

NOW A USA TODAY AND WALL STREET JOURNAL BESTSELLER! What are your limits? Care to break them? To inspire change in yourself and your team, you must break free from what's holding you down. In *Elevate*, Robert Glazer reveals four life-changing principles — or capacities — that will allow you to overcome self-limiting beliefs, establish positive habits, and find your "why." As we look to elevate ourselves, we mean so much more than beating the competition. After all, our greatest competition is ourselves! We need to find ways to consistently outperform ourselves and our own expectations. Robert Glazer has built a career on accelerating productivity and careers. *ELEVATE* is based on his five foundational elements necessary for increasing our capacity: Finding Your Why, Overcoming Self-Limiting Beliefs, Setting Goals and Creating Accountability, Maintaining Health and Wellness, and Establishing Routine and Positive Habits. The key is elevating yourself beyond the edge of your current abilities. Challenge yourself, and the result will inspire others to rise along with you. It's time to break free of your limits.

Explores how a personal relationship with money affects financial stability and presents advice on getting out of debt, setting up a savings plan, and devising a realistic budget which reflects personal values and long term goals.

"Warning: Your career might be in danger of going off the rails. You probably have blind spots that are leaving you closer to the edge than you realize. Fortunately, Carter Cast has the solution. In this smart, engaging book he shows you how to avoid career derailment by becoming more self-aware, more agile, and more effective. This is the book you wish you had twenty years ago, which is why you should read it now." -- Daniel H. Pink, New York Times bestselling author of *Drive* and *To Sell Is Human* The Right -- and Wrong -- Stuff is a candid, unvarnished guide to the bumpy road to success. The shocking truth is that 98 percent of us have at least one career-derailment risk factor, and half to two-thirds actually go off the rails. And the reason why people get fired, demoted, or plateau is because they let the wrong stuff act out, not because they lack talent, energy, experience, or credentials. Carter Cast himself had all the right stuff for a brilliant career, when he was called into his boss's office and berated for being obstinate, resistant, and insubordinate. That defining moment led to a years-long effort to understand why he came so close to getting fired, and what it takes to build a successful career. His wide range of experiences as a rising, falling, and then rising star again at PepsiCo, an entrepreneur, the CEO of Walmart.com, and now a professor and venture capitalist enables him to identify the five archetypes found in every workplace. You'll recognize people you work with (maybe even yourself) in *Captain Fantastic*, the *Solo Flyer*, *Version 1.0*, the *One-Trick Pony*, and the *Whirling Dervish*, and, thanks to Cast's insights, they won't be able to trip up your future.

In this book, we have hand-picked the most sophisticated, unanticipated, absorbing (if not at times crackpot!), original and musing book reviews of "The Toilet Paper Entrepreneur." Don't say we didn't warn you: these reviews are known to shock with their unconventionality or intimacy. Some may be startled by their biting sincerity; others may be spellbound by their unbridled flights of fantasy. Don't buy this book if: 1. You don't have nerves of steel. 2. You expect to get pregnant in the next five minutes. 3. You've heard it all.

It's time to level the playing field! You are accustomed to being the first-the first to go to college, the first to start a business. You often enter rooms where no one else looks like you. You're a trailblazer on a mission to create a new legacy for your family. And yet, despite your success, you still work too hard for too little cash. In *Profit First for Minority Business Enterprises*, Susanne Mariga, CPA, shows you how to implement the proven Profit First cash management system that has lifted thousands of entrepreneurs out of the struggle and into success. This book is designed to give you the mentorship you need to scale smart into an independent, seven-figure, minority business enterprise. In this book, you'll learn: How to apply Profit First to improve cash flow, reduce debt, and grow profit Strategies for revenue generation, target pricing, and margin maximization Expense prioritization techniques Power alignment and team building tools Secrets of-and common illusions about-successful government contracting Tax strategies designed to build generational wealth while maximizing business profitability How to make an impact in your industry when no one else looks like you We have committed a percentage of the proceeds from this book to send girls to school in Zimbabwe. So, when you purchase *Profit First for Minority Business Enterprises*, you contribute to an education that will alter the life of a Zimbabwean girl. By allowing young women to receive an education, not only do you alter their future, but you pivot the future of their offspring for generations to come. Thank you for being part of our mission of changing legacies.

Author of cult classics *The Pumpkin Plan* and *The Toilet Paper Entrepreneur* offers a simple, counterintuitive cash management solution that will help small businesses break out of the doom spiral and achieve instant profitability. Conventional accounting uses the logical (albeit, flawed) formula: Sales - Expenses = Profit. The problem is, businesses are run by humans, and humans aren't always logical. Serial entrepreneur Mike Michalowicz has developed a behavioral approach to accounting to flip the formula: Sales - Profit = Expenses. Just as the most effective weight loss strategy is to limit portions by using smaller plates, Michalowicz shows that by taking profit first and apportioning only what remains for expenses, entrepreneurs will transform their businesses from cash-eating monsters to profitable cash cows. Using Michalowicz's Profit First system, readers will learn that:

- Following 4 simple principles can simplify accounting and make it easier to manage a profitable business by looking at bank account balances.
- A small, profitable business can be worth much more than a large business surviving on its top line.
- Businesses that attain early and sustained profitability have a better shot at achieving long-term growth.

With dozens of case studies, practical, step-by-step advice, and his signature sense of humor, Michalowicz has the game-changing roadmap for any entrepreneur to make money they always dreamed of.

Entrepreneurship is the process of starting a business or other organization. The entrepreneur develops a business model, acquires the human and other required resources, and is fully responsible for its success or failure. Entrepreneurship operates within an entrepreneurship ecosystem.
