In the wake of the monstrous projects of Hitler, Stalin, Mao, and others in the twentieth century, the idea of utopia has been discredited. Yet, historian Jay Winter suggests, alongside the “major utopians” who murdered millions in their attempts to transform the world were disparate groups of people trying in their own separate ways to imagine a radically better world. This original book focuses on some of the twentieth-century’s “minor utopias” whose stories, overshadowed by the horrors of the Holocaust and the Gulag, suggest that the future need not be as catastrophic as the past. The book is organized around six key moments when utopian ideas and projects flourished in

Europe: 1900 (the Paris World's Fair), 1919 (the Paris Peace Conference), 1937 (the Paris exhibition celebrating science and light), 1948 (the Universal Declaration of Human Rights), 1968 (moral indictments and student revolt), and 1992 (the emergence of visions of global citizenship). Winter considers the dreamers and the nature of their dreams as well as their connections to one another and to the history of utopian thought. By restoring minor utopias to their rightful place in the recent past, Winter fills an important gap in the history of social thought and action in the twentieth century. A powerful but intimate book explores the sacrifices and triumphs of African-Americans in their pursuit of social and political equality, and takes a hard, painful look at the often violent resistance they met from white Americans.

Shortlisted for the Penderyn Music Book Prize 2017. In this first installment of acclaimed music writer David Toop's interdisciplinary and sweeping overview of free improvisation, *Into the Maelstrom: Music, Improvisation and the Dream of Freedom: Before 1970* introduces the philosophy and practice of improvisation (both musical and otherwise) within the historical context of the post-World War II era. Neither strictly chronological, or exclusively a history, *Into the Maelstrom* investigates a wide range of improvisational tendencies: from surrealist automatism to stream-of-consciousness in

literature and vocalization; from the free music of Percy Grainger to the free improvising groups emerging out of the early 1960s (Group Ongaku, Nuova Consonanza, MEV, AMM, the Spontaneous Music Ensemble); and from free jazz to the strands of free improvisation that sought to distance itself from jazz. In exploring the diverse ways in which spontaneity became a core value in the early twentieth century as well as free improvisation's connection to both 1960s rock (The Beatles, Cream, Pink Floyd) and the era of post-Cagean indeterminacy in composition, Toop provides a definitive and all-encompassing exploration of free improvisation up to 1970, ending with the late 1960s international developments of free music from Roscoe Mitchell in Chicago, Peter Brötzmann in Berlin and Han Bennink and Misha Mengelberg in Amsterdam.

Chicago Tribune • New York • Newsday • Library Journal • Publishers Weekly In a profound work that pivots from the biggest questions about American history and ideals to the most intimate concerns of a father for his son, Ta-Nehisi Coates offers a powerful new framework for understanding our nation's history and current crisis. Americans have built an empire on the idea of "race," a falsehood that damages us all but falls most heavily on the bodies of black women and men—bodies exploited through slavery and segregation, and, today, threatened, locked up, and murdered out of all proportion. What is it like to inhabit a black body and find a way to live within it? And how can we all honestly reckon with this fraught history and free ourselves from its burden? *Between the World and Me* is Ta-Nehisi Coates's attempt to answer these questions in a letter to his adolescent son. Coates shares with his son—and readers—the story of his awakening to the truth about his place in the world through a series of revelatory experiences, from Howard University to Civil War battlefields, from the South Side of Chicago to Paris, from his childhood home to the living rooms of mothers whose children's lives were taken as American plunder. Beautifully woven from personal narrative, reimagined history, and fresh, emotionally charged reportage, *Between the World and Me* clearly illuminates the past, bravely confronts our present, and offers a transcendent vision for a way forward.

Now with a new afterword, the Pulitzer Prize-winning dramatic account of the civil rights era's climactic battle in Birmingham as the movement, led by Martin Luther King, Jr., brought down the institutions of segregation. "The Year of Birmingham," 1963, was a cataclysmic turning point in America's long civil rights struggle. Child demonstrators faced down police dogs and fire hoses in huge nonviolent marches against segregation. Ku Klux Klansmen retaliated by bombing the Sixteenth Street Baptist Church, killing four young black girls. Diane McWhorter, daughter of a prominent Birmingham family, weaves together police and FBI records, archival documents, interviews with black activists and Klansmen, and personal memories into an extraordinary narrative of the personalities and events that brought about America's second emancipation. In a new afterword—reporting last encounters with hero Reverend Fred Shuttlesworth and describing the current drastic anti-immigration laws in Alabama—the author demonstrates that Alabama remains a civil rights crucible.
