Since at least 1939, when daily-strip caveman Alley Oop time-traveled to the Trojan War, comics have been drawing (on) material from Greek and Roman myth, literature and history. At times the connection is cosmetic—as perhaps with Wonder Woman's Amazonian heritage—and at times it is almost irrelevant—as with Hercules' starfaring adventures in the 1982 Marvel miniseries. But all of these make implicit or explicit claims about the place of classics

in modern literary culture. *Classics and Comics* is the first book to explore the engagement of classics with the epitome of modern popular literature, the comic book. This volume collects sixteen articles, all specially commissioned for this volume, that look at how classical content is deployed in comics and reconfigured for a modern audience. It opens with a detailed historical introduction surveying the role of classical material in comics since the 1930s.

Subsequent chapters cover a broad range of topics, including the incorporation of modern theories of myth into the creation and interpretation of comic books, the appropriation of characters from classical literature and myth, and the reconfiguration of motif into a modern literary medium. Among the well-known comics considered in the collection are Frank Miller's *300* and *Sin City*, DC Comics' *Wonder Woman*, Jack Kirby's *The Eternals*, Neil Gaiman's *Sandman*, and examples of Japanese manga. The volume also includes an original 12-page "comics-essay," drawn and written by Eisner Award-winning Eric Shanower, creator of the graphic novel series *Age of Bronze*.

*Nazi Wives* is a fascinating look at the personal lives, psychological profiles, and marriages of the wives of officers in Hitler's inner circle. Goering, Goebbels, Himmler, Heydrich, Hess, Bormann—names synonymous with power and influence in the Third Reich. Perhaps less familiar are Carin, Emmy, Magda, Margaret, Lina, Ilse and Gerda... These are the women behind the infamous men—complex individuals with distinctive personalities who were captivated by Hitler and whose everyday lives were governed by Nazi ideology. Throughout the rise and fall of Nazism these women loved and lost, raised families and quarreled with their husbands and each other, all the while jostling for position with the Fuhrer himself. Until now, they have been treated as minor characters, their significance ignored, as if they were unaware of their husbands' murderous acts, despite the evidence that was all around them: the stolen art on their walls, the slave labor in their homes, and the produce grown in concentration camps on their tables.
