

## Wall Paper Repair

Old-House Journal is the original magazine devoted to restoring and preserving old houses. For more than 35 years, our mission has been to help old-house owners repair, restore, update, and decorate buildings of every age and architectural style. Each issue explores hands-on restoration techniques, practical architectural guidelines, historical overviews, and homeowner stories--all in a trusted, authoritative voice.

Explains how to fix common problems with the roofing, siding, windows, doors, floors, walls, plumbing, heating, appliances, and electrical system of a house

Architectural heritage is now recognised to be of great importance to the historical identity. In order to take care of the architectural heritage of a region, town or nation, now recognised as of great importance to their historical identity, we need to share experiences and knowledge regarding heritage preservation in many parts of the world. Covering advances in this field presented at the thirteenth in a series of now-biennial conferences that began in 1989, this book covers such topics as Heritage architecture and historical aspects; Learning from the past; Surveying and monitoring; Performance and maintenance; Structural restoration of metallic structures; Preservation and monitoring; Earth construction; Modern (19th/20th century) heritage; Maritime heritage; Heritage masonry buildings; Stone masonry walls; Wooden structures; Simulation and modelling; Material characterization; New technologies or materials; Corrosion and material Decay; Seismic vulnerability; Non-destructive techniques; Assessment and re-use of heritage buildings; Heritage and tourism; Social and economic aspects in heritage; Guidelines, codes and regulations for heritage.

Popular Science gives our readers the information and tools to improve their technology and their world. The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better.
