

When I Was A Prostitute Based On Real Life Story

The Bible contains many stories of prostitution. Feminist and liberation readings of these biblical narratives have often made sex workers invisible. 'Sex Working and the Bible' examines stories of biblical prostitution through the experiences and understanding of sex workers today. The Bible narratives - ranging across Rahab in the Book of Joshua, the story of Solomon and the two prostitutes, the anointing women traditions, and the apocalyptic vision of the whore of Babylon in Revelation - are set within both a practical and theoretical framework. This radical book offers a new, more inclusive way of approaching issues of gender, sexuality and prostitution in the Bible.

My name is Carmen. I am thirty three years old now. I was a prostitute for the most time of my life. I have a child named Sam. My life was a mess until now. I changed men, dealers even countries. I was disgusting little toy that men was playing around with. I was beaten, offended, arrested. I can't count the men I had sex with. I know that my book will probably receive tons of negative comments and discussion about the whore that costs nothing. But, believe it or now "It is never too late to start a new chapter in your life". I am happy now. Sometimes there are nights that are pushing me back in the hell that I was living in but now I have a strong man hand that holds me tight until I fall asleep again. I have a heart that is beating for me now and the best thing is that I can hear it now. I have my son's eyes happiest than ever. And this kiss that he gave me every morning is melting my hearth, giving me the power never to come back in the past where I have nothing, I was nothing...

As an ex-prostitute, the author penned a collection of letters addressed to johns and other significant figures in her life from start-to-finish as a trafficked victim, confronting each individual with words on a page. "It required me to tell myself the truth and then get to a place where I could tell others as well. It was a journey through shame, through anger, through grief. Writing these letters made me push through just simply being "mad" at someone... It made me truly discover why. This book has been the foundation of my recovery." Though non a memoir, the book reads more like a collection of short stories of true crime, collectively taking you through one woman's eleven year journey in the sex trade, written by a survivor of human trafficking. The author's intent is to bring awareness to the role of demand on those entrapped and enslaved in the sex trade.

The critically lauded memoir about being a john. Now in paperback! Paying for It was easily the most talked-about and controversial graphic novel of 2011, a critical success so innovative and complex that it received two rave reviews in the New York Times, and sold out of its first print run in just six months. Chester Brown's eloquent, spare artwork stands out in this paperback edition. Paying for It combines the personal and sexual aspects of Brown's autobiographical work (I Never Liked You, The Playboy) with the polemical drive of Louis Riel. Brown calmly lays out the facts of how he became not only a willing participant in, but a vocal proponent of one of the world's most hot-button topics—prostitution. While this may appear overly sensational and just plain implausible to some, Brown's story stands for itself. Paying for It offers an entirely contemporary exploration of sex work—from the timid john who rides his bike to his escorts, wonders how to tip so as not to offend, and reads Dan Savage for advice, to the modern-day transactions complete with online reviews, seemingly willing participants, and clean apartments devoid of clichéd street corners, drugs, or pimps. Complete with a surprise ending, Paying for It continues to provide endless debate and conversation about sex work.

A self-help book for sex workers. Sex work is ?easy money? Hardly. The adult industry is riddled with pitfalls and dangers. Erotic labor is often emotionally demanding, draining, and complex. It can be hard to know who to turn to for advice on keeping yourself safe and sane. Lola Davina, former stripper, dominatrix, porn actress and escort, provides the life skills you need to prosper, including: ? Cultivating friendships, community, and romance ? Mastering money? Debunking sex industry myths such as you have to be flawless, or clients hate to hear ?no? Avoiding trigger states, like loneliness, fatigue, boredom, anxiety and depression, that lead to bad decision-making and burnout? Surviving bad calls, shifts, and shoots ? and so much more? Thriving in sex work means having a healthy body, mind, heart, and bank account. No matter your job title or gender, whether you're independent or work for someone else, if you want to succeed in sex work, then this book is for you.

Eleven Minutes is the story of Maria, a young girl from a Brazilian village, whose first innocent brushes with love leave her heartbroken. At a tender age, she becomes convinced that she will never find true love, instead believing that "love is a terrible thing that will make you suffer. . . ." A chance meeting in Rio takes her to Geneva, where she dreams of finding fame and fortune. Maria's despairing view of love is put to the test when she meets a handsome young painter. In this odyssey of self-discovery, Maria has to choose between pursuing a path of darkness -- sexual pleasure for its own sake -- or risking everything to find her own "inner light" and the possibility of sacred sex, sex in the context of love. This P.S. edition features an extra 16 pages of insights into the book, including author interviews, recommended reading, and more.

This book is an anthropological study of the unusual coincidence of prostitution and patriarchy among an extremely marginalized group in north India, the Bedias, who are also a de-notified community. It is the first detailed account of the implications of a systematic practice of familial prostitution on the kinship structures and marriage practices of a community. This starkly manifests among the Bedias in the clear separation between sisters and daughters who engage in prostitution and wives and daughters-in-law who do not. The Bedias exemplify a situation in which prostitution of young unmarried women is the mainstay of the familial economy of an entire social group. Tracing the recent origins of the practice in the community, the author goes on to explore the manner in which this familial economy manifests itself in the lives of individual women and the kind of family groupings it produces. She then examines the repercussion this economy has on the lives of Bedia men, how the problem of their marriage is resolved, and how the Bedia wives become repositories of female purity which otherwise stands jeopardized by Bedia sisters engaged in prostitution.

Warning – The Scarlett series is erotica. If you have a problem with hot, steamy sex, then this short story isn't for you! Book 1-When Scarlett's sister gives her a diary for Christmas, Scarlett decides New Year's Day is the best time to start logging her sexual experiences. Scarlett loves her job and records all the dirty details into this diary. What happens, though, when one of Scarlett's clients begins to step over the professional boundary, leaving Scarlett questioning the very job she loves? Book 2-In book two, Scarlett continues to recount her steamy encounters in her diary, revealing just how much fun her job is. We follow her through the month of February and find out exactly what a high class prostitute does for Valentine's Day. Scarlett also decides to take a chance with Jake. Will she be able to let him into her life and maintain the profession she loves so much? Book 3-Going to work on Valentine's Day seemed like a drag at first until Scarlett receives the surprise of a lifetime from a special someone. Scarlett crosses a professional boundary, leaving her with conflicting emotions. As Scarlett writes in her diary, she tries to figure out her feelings for two men. Meanwhile, trouble is brewing at home, and Scarlett may be too late to help. Book 4- With her sister missing and a dangerous ex-boyfriend out to hurt her, Scarlett's life just got a little crazier. However, Scarlett insists on continuing the job she loves. After a couple of rather interesting clients, Scarlett is realizing more and more how much James means to her. Is the life of a high class prostitute becoming boring and tedious? Book 5- May rolls around, and Scarlett is going about business as usual. She finds herself dreading the job she always loved and is missing James more than she would ever have imagined. It becomes clear to Scarlett what she really wants in life, but will it be too late?

Slammerkin: A loose gown; a loose woman. Born to rough cloth in Hogarth's London, but longing for silk, Mary Saunders's eye for a shiny red ribbon leads her to prostitution at a young age. A dangerous misstep sends her fleeing to Monmouth, and the position of household seamstress, the ordinary life of an ordinary girl with no expectations. But Mary has known freedom, and having never known love, it is freedom that motivates her. Mary asks herself if the prostitute who hires out her body is more or less free than the "honest woman" locked into marriage, or the servant who runs a household not her own? And is either as free as a man? Ultimately, Mary remains true only to the three rules she learned on the streets: Never give up your liberty. Clothes make the woman. Clothes are the greatest lie ever told.

This case study explores the operation of a brothel community in Frontier City, Mexico during a period of economic prosperity (1969-1972). Participant observation provides a typology of the major forms of prostitution practiced and the characteristics of the clientele (American, Mexican-American, Mexican) are discussed. The literature on prostitution is fairly extensive and this monograph is intended to add to those portions of it that favor a sociological interpretation of an ancient social institution. The research for this study was conducted more than two decades¹ ago and is now being released for publication since it is highly unlikely that I (or anyone else) would now be able to recognize any of the hundreds of prostitutes and their clients that I interacted with during 1969-1972/Summer: 1974--much less for me to be able to release discrediting information that may cause them harm of any kind. As a further precaution I assigned fictitious names to all of my informants (including Evangelina) in the process of transcribing my field notes. This was necessary because La Zona also serves as a center for night life and underworld recreation. illicit deals, contraband was touted, and sometimes agents of social control (police, assorted officials) and otherwise respectable citizens of both Mexico and the U.S. were observed in situations which would tarnish their reputations and conventional identities, and certain military personnel - just by being on-site, or by living in Mexico - were breaking military regulations. As a double safeguard I then took the fictitious names and, for the most part, eliminated them entirely by specifying the context of the interaction. For those irritated by the phrases according to informants and an informant said, I apologize. While this may seem a bit paranoid - and it is somewhat awkward - it must be noted that the Mexican government did not authorize my research and the keen reader of footnotes will discover that the risks of being identified as one freely talking to the American asking questions are not imaginary. The danger lies in being misidentified as a tool of the police, or the underworld, since both have contacts on the scene. when dealing with U.S./Mexico border crossing inspectors and the on-site Mexican police who engage in routine searches for weapons and suspicious materials. The initial field research was conducted when I was in my early to mid-twenties--without benefit of any form of sponsorship, research grants, or official recognition--and was an important part of my forming a professional identity as a sociologist. While the research served as an ethnographic rite of passage for me, premature release of the study could have generated controversy and proved damaging for those who had become part of my extended family (many of whom were still active on La Zona or currently in the American military). Moreover, the political and media climates of the times favored the superficial exposure of cosmetic issues internal to Mexico, i.e., drug busts, street shoot-outs, and corruption which, while real enough, often understate--and possibly deflect--the importance of overriding U.S. interests. certain kinds of deviance research and the cutbacks in funding at many universities in the eighties saw labyrinthine administrative requirements in the area of human subjects research grow in direct proportion to the dwindling amounts of funds available. At best, the study of social deviance was losing some of the luster it had acquired in the late sixties and, at worst, there were growing suspicions--according to detractors--that deviance research, itself, was a questionable activity since such study was perceived as either being irrelevant to imagined larger issues--which were increasingly seen as exclusively the result of political contests of one kind or another - or that such study, of necessity, would serve to reinforce a particular status quo. tendentiousness which is antithetical to the conduct of any actual research: either one's subjects must be shown to experience the requisite amounts of victimization, false consciousness, or oppression so as to make the research liberating (and, hence, unnecessary, since this conclusion is known before the data are gathered), or the inside story of the life-world of one's subjects is assumed to be so fragile that it must not be made public lest they become further discredited than they already are. In any event, I did not want to muddle my fledgling academic career in controversy², so I used my materials from La Zona in classroom lectures over the years and pursued other areas of research until my field notes acquired a wholesome shade of yellow--and were thus harmless. What results is a study of those structural features of La

Zona that make the social meaning of the practice of prostitution--as experienced by clients and the women themselves--clearest in the eyes of an outside observer. A few caveats, however, are in order. that, in fact, a period of prosperity characterized the years 1969-1972. This was only apparent when I returned in the summer of 1974. It is important to mention, however, that during 1969-1972 the Mexican peso traded at roughly seven to the U.S. dollar; the Vietnam War was being waged; there was no gasoline shortage; the local bull ring was typically packed to capacity on the weekends; during rush hours one could walk across the International Bridge faster (in either direction) than traffic could proceed, and it would be a decade before AIDS would receive substantial public attention. Second, I was very close in age to most of my informants and also unmarried. This facilitated a range of social contacts that would have been quite difficult to both experience and achieve had a larger number of years--and social statuses - separated me from those with whom I regularly socialized and recreated. For example: hitching a ride to and from Mexico - and La Zona - allowed me to capture the impressions of the journey common to both prostitutes and clients who were age-peers. on both sides of the border limit such activities to the young. I experienced friends, colleagues or objectionable folks and settings, depending on the circumstances, which became a subject matter only in the process of writing. Thus, many taken-for-granted gestures, impressions and ways of behaving, e.g., being almost totally innocent of risks, were not initially seen as problematic. At another level, prostitution embodies the essence of sexism - without which the institution could not survive, much less flourish. Yet, in everyday interaction, both on and off-site, the prostitutes refer to themselves as the girls - in part, due to cultural conventions; in part, because some are not yet adults; in part, because the word prostitute is an outsider's term and is never used as a form of self-referral. This, at times, produces politically incorrect prose. While I defer to, and appreciate, norms governing non-sexist language wherever possible, I should note (to linguists and others) that this polite convention strains credulity in a setting, which is characterized by racist and sexist contours. or to break the monotony of the region, fashion a language shared by their social peers--whatever the larger society may dictate. For example, no prostitute on La Zona conceives of herself euphemistically as a sex worker - no matter how much those in certain academic circles may wish this to be so - and virtually all prostitutes refer to a large percentage of men as boys. Moreover, affectionate monikers which are conventionally applied only to significant others, i.e., my love; my hero; dear; honey; my only one; are part of the general vocabulary of intimacy that surrounds settings where prostitution is practiced. Such verbiage is decidedly left at the door when the work-role ends. Intimate language is truly shared only among a small circle of confidants - or may be mentioned (along with Mexican curse words and certain forms of slang) in a joking manner

First published in 1997, this study aims to forge new connections between debates on prostitution, media processes and everyday life in its exploration of depictions of female prostitution in British and Irish broadsheet newspapers between 1987 and 1991. Lorna Ryan first examines a range of discourses on prostitution before proceeding to areas including signals of prostitution and images in the press. Encompassing both textual and visual analyses, Ryan demonstrates that these newspapers relied on appearance, place, time, motive and intent in categorising women as prostitutes.

The disconnection between spirituality and passionate love leaves a broad sense of dissatisfaction and boredom in relationships. The author illustrates how our vitality and capacity for joy depend on restoring the soul of the sacred prostitute to its rightful place in consciousness.

The author claims that the world and the modern church "have rejected the message of Jesus Christ and have perverted the biblical blueprint God has set forth for the family." In particular he believes that "when a woman works outside of her home under the authority of someone other than her husband, she is spiritually and physically placing herself under the authority of someone else," which violates the biblical teaching on the proper roles of husbands and wives.

WorkingMy Life as a ProstituteVictor GollanczA Prostitute, So What!

This study of the Book of Revelation is intended not only to challenge some popular interpretations, but also to challenge the church with the in-depth treatment given to the Letters to the Churches. Christians and non-Christians will want to read this book as the Bible is full of predictions which have never failed to come to pass, and what the apostle John saw in the Revelation covers the past, the present and the future.

"In 1910, sixteen-year-old Lydia Harvey boarded a steamship bound for Buenos Aires amid a global panic about sex trafficking. Pimps, politicians and moral reformers expected her to 'vanish forever into the slims of the underworld.' Instead, she reappeared on the grey streets of Londons Soho, and made a choice that meant she wouldn't be forgotten. Historian Julia Laite traces not only Lydia's life, but the lives of those who shaped her story, who were brought together by one dramatic trial at London's Old Bailey, the flamboyant border-crossing criminals who entrapped her, the detective who tracked them down, the reporter who stoked the scandal and the social worker who made it her life's mission to help young women be heard."--Book jacket.

The book offers a detailed analysis of the design and implementation of prostitution policy at the local level.

A Political Insider's Account of How Britain's Democracy Has Been Bought. Donnachadh McCarthy, former Deputy Chair of the Liberal Democrats, describes how a corporate elite have captured Britain's democracy. Legions of former and current British politicians are in the pay of corporations. Party political funding is awash with tax-haven donors. Our media has been hijacked by 5 right-wing billionaires. Academia is being captured by corporate interests. The production of thought, the dissemination of thought, the implementation of thought and the wealth arising from those thoughts, are now controlled by a tiny,rich elite. The UK is no longer a functioning democracy but The Prostitute State. This State has 4 Pillars: A Corrupted Political System, A Prostituted Media, A Perverted Academia and A Thieving Tax-Haven System. It has resulted in wealth flooding

from the poor to the top 1% and in ecological destruction. This book is a clarion call for A Great 21st Century Democratic Reform Act.

California's gold country, 1850. Angel expects nothing from men but betrayal. Sold into prostitution as a child, she survives by keeping her hatred alive. Then she meets Michael Hosea, a man who seeks his Father's heart in everything. He obeys God's call to marry Angel and to love her unconditionally. Defying Angel's every bitter expectations, despite her resistance her frozen heart begins to thaw. But overcome by feelings of unworthiness and fear, Angel runs away from her husband's love. She is terrified of the truth she can no longer deny: Her final healing must come from the One who loves her even more than Michael Hosea does-- the One who will never let her go.

How the law harms sex workers—and what they want instead Do you have to endorse prostitution in order to support sex worker rights? Should clients be criminalized, and can the police deliver justice? In *Revolting Prostitutes*, sex workers Juno Mac and Molly Smith bring a fresh perspective to questions that have long been contentious. Speaking from a growing global sex worker rights movement, and situating their argument firmly within wider questions of migration, work, feminism, and resistance to white supremacy, they make it clear that anyone committed to working towards justice and freedom should be in support of the sex worker rights movement.

The spread of prostitution is both a national and international problem. In this book, you will: See reasons why prostitution thrives Destructive effects of prostitution. Dramatic demonstration of how we are prostitutes too 29 countries where it is illegal but still a problem. True life stories of ladies who have come out. God's heart of love concerning the issue. What we can all do to help reduce the problem as an individual and as a government. Practical solutions to prostitution. This is a book you must read and buy for others to empower you to be a solution.

Twenty-six-year-old Ricardo Taylor is handsome and cunning, with a high sex drive and a taste for the finer things of life--a taste he satisfies by working as a successful prostitute in his hometown of Atlanta, Georgia. Known as "Rico Suave," he has a list of clientele from all walks of life--from lonely and insecure wives to successful, high-powered corporate executives--and they all pay well for his services. Sometimes clients' personal issues complicate things, but Rico's got it under control--that is, until he meets Kelly. His match in many ways, she is smart, sexy, ambitious, and extremely wealthy. As the two grow closer, Rico finds himself unexpectedly falling in love. But the transition from prostitute to committed man will be difficult, and life throws plenty of obstacles in his way. Only time will tell if he'll be able to find true happiness outside the game. In this novel, a young male prostitute finds himself unexpectedly falling in love and working toward leaving his profession behind to commit to the relationship of a lifetime.

'But now, having travelled to the frontier of the world of sins, I no longer hesitated in trampling over the remnants of the goodness in my heart.' Manada, Maani didi, Feroza Bibi, Miss Mukherjee – the jostling identities of our beguiling and charming protagonist as she glides through a life that can be seen as exploitative yet, also, curiously, empowering and honest. Manada's fascinating life story takes her from her wealthy cossetted upbringing to a life of debauchery and prostitution after she elopes with her married lover when in her mid-teens. She is capable, attractive and doesn't ask for pity as she struggles with illness, poverty and abandonment, but ensures that she emerges relatively unscathed and carves a niche for herself in her profession. Manada matures and settles into a life of prostitution, entertains barristers, doctors and other men of high society. She describes her colourful life with relish but is often introspective as she places her own position as a sex worker in the context of the times, calling out young sanctimonious patriotic men who maintain a high standing in society yet secretly fancy prostitutes. Rather tantalisingly she takes no names, only occasionally hinting at their identities, to avoid scandals and protect the double lives of men who are well-known in Calcutta in the 1920s. Weaving together multiple strands, looking beyond ideas of morality and accusations, we are presented a life of immense beauty and endurance, which is both grand in its scope and deeply intimate in its portrait.

"A haunting peek at the life of a teenage girl in 1950s New Orleans."--Entertainment Weekly It's 1950, and as the French Quarter of New Orleans simmers with secrets, seventeen-year-old Josie Moraine is silently stirring a pot of her own. Known among locals as the daughter of a brothel prostitute, Josie wants more out of life than the Big Easy has to offer. She devises a plan get out, but a mysterious death in the Quarter leaves Josie tangled in an investigation that will challenge her allegiance to her mother, her conscience, and Willie Woodley, the brusque madam on Conti Street. Josie is caught between the dream of an elite college and a clandestine underworld. New Orleans lures her in her quest for truth, dangling temptation at every turn, and escalating to the ultimate test. With characters as captivating as those in her internationally bestselling novel *Between Shades of Gray*, Ruta Sepetys skillfully creates a rich story of secrets, lies, and the haunting reminder that decisions can shape our destiny.

"Present can create remarkable past For the other persons and unforgettable future for generations, Who are ready to travel with the thought of creating something new to be in the past" ~ JOHNSON DAVID

Why would someone ever voluntarily become a sex worker? Liara Roux writes about the salacious details leading up to her decision to become a career sex worker, and the unexpected truths she learned while working in the industry. Liara Roux is accustomed to being mislabelled and misunderstood. As a child, Liara's inquisitive, instinctive, and rebellious nature was frequently problematised in a world designed around the requirements of their neurotypical, cis, heterosexual male colleagues. Coming of age in an oppressively restrictive home, they shuffled tarot and explored self portraiture to rationalise the injustice of chronic pain, toxic lovers, and the cruel silence of divinity. Critiquing capitalism's mechanisms of exploitation, the conservatism of Western medicine, and the politics surrounding sex work, *Whore of New York: Confessions of a Sinful Woman* is a candid study of artistic awakening, and both spiritual and sexual growth after abuse, seen through the eyes of a proud outsider.

A Product of a Pimp and a Prostitute is a heart-warming memoir about forgiveness. The tales of drug-induced theft and other crimes will capture you. The story of grace and forgiveness will change you.

"An astonishing book. . . .Maimie wrote like a dream"--New York Times Book Review

A new cover edition of Michel Faber's bestselling blockbuster about a 19th century London prostitute

The idiosyncratic master Chester Brown continues his thoughts on sex work The iconoclastic and bestselling cartoonist of Paying for It: A comic-strip memoir about being a john returns with a polemical interpretation of the Bible that will be one of the most controversial and talked-about graphic novels of 2016. Mary Wept over the Feet of Jesus is the retelling in comics form of nine biblical stories that present Chester Brown's fascinating and startling thesis about biblical representations of prostitution. Brown weaves a connecting line between Bathsheba, Ruth, Rahab, Tamar, Mary of Bethany, and the Virgin Mother and reassesses the Christian moral code by examining the cultural implications of the Bible's representations of sex work. Mary Wept over the Feet of Jesus is a fitting follow-up to Brown's sui generis graphic memoir Paying for It, which was reviewed twice in the New York Times and hailed by sex workers for Brown's advocacy for the decriminalization and normalization of prostitution. Brown approaches the Bible as he did the life of Louis Riel, making these stories compellingly readable and utterly pertinent to a modern audience. In classic Chester Brown fashion, he provides extensive handwritten endnotes that delve into the biblical lore that informs Mary Wept Over the Feet of Jesus.

Attwood examines Victorian attitudes to prostitution across a number of sources: medical, literary, pornographic.

An astonishingly brave memoir of prostitution and its lingering influence on a woman's psyche and life. "The best work by anyone on prostitution ever, Rachel Moran's Paid For fuses the memoirist's lived poignancy with the philosopher's conceptual sophistication. The result is riveting, compelling, incontestable. Impossible to put down. This book provides all anyone needs to know about the reality of prostitution in moving, insightful prose that engages and disposes of every argument ever raised in its favor." —Catharine A. MacKinnon, law professor, University of Michigan and Harvard University Born into a troubled family, Rachel Moran left home at the age of fourteen. Being homeless, she was driven into prostitution to survive. With intelligence and empathy, she describes the exploitation she and others endured on the streets and in the brothels. Moran also speaks to the psychological damage inherent to prostitution and the inevitable estrangement from one's body. At twenty-two, Moran escaped the sex trade. She has since become a writer and an abolitionist activist.

Don't 'Kill' That Marriage or Take Your Life Until You've Read This Book! Steve Davies, a strict, disciplined and morally upright company executive suddenly fell in love with a notorious, long-term prostitute, Serena. Despite strict warnings from his friends and relatives, Steve took this strange love to another level - he proposed marriage to Serena and went ahead to marry her. This unusual engagement sparked off lots of matrimonial troubles, yet Steve was glad to put his love, his name, his home and his reputation on the line for Serena. Did the forces that bind such engagements come to the aid of Steve as he became a husband to a wife-prostitute? Did Serena act like a pig who always returns to the mud? Was Steve able to sustain his intimate love for his unusual wife? A story of extreme love, fury, and jealousy. This is a painful personal love story. A story of what deep and true love can do when gross infidelity and contrary societal opinions hold sway in a relationship. Find Below the Many Benefits to You If You Read this Novel Today: •This Christian Romance novel will help you to finally find the love that will save your ailing marriage. •This book will help you to discover the mysterious extent of God's love for you. •Please don't 'kill' that marriage until you have read the last word or statement in this book. •You will learn the patience, perseverance, deep love, forgiveness that will save your marriage, family and children's future. •You will find the love that is needed to believe in yourself, your ability, and your future. Your life will become more precious to you. Get a copy today.

In this seductive, wistful masterpiece, Truman Capote created a woman whose name has entered the American idiom and whose style is a part of the literary landscape. Holly Golightly knows that nothing bad can ever happen to you at Tiffany's; her poignancy, wit, and naïveté continue to charm. This volume also includes three of Capote's best-known stories, "House of Flowers," "A Diamond Guitar," and "A Christmas Memory," which the Saturday Review called "one of the most moving stories in our language." It is a tale of two innocents—a small boy and the old woman who is his best friend—whose sweetness contains a hard, sharp kernel of truth.
