

Where Do Steam Trains Sleep At Night

12-year-old Veronica Swan's idyllic life in a close-knit Mormon community is shattered when her two younger sisters are brutally murdered. Although her parents find the strength to forgive the deranged killer, Scott Early, Veronica cannot do the same. Years later, she sets out alone to avenge her sisters' deaths, dropping her identity and severing ties in the process. As she closes in on Early, Veronica will discover the true meaning of sin and compassion, before she makes a decision that will change her and her family's lives forever.

An unflinching memoir from the six-time NBA Champion, two-time Olympic gold medalist, and Hall of Famer—revealing how Scottie Pippen, the youngest of twelve, overcame two family tragedies and universal disregard by college scouts to become an essential component of the greatest basketball dynasty of the last fifty years. Scottie Pippen has been called one of the greatest NBA players for good reason. Simply put, without Pippen, there are no championship banners—let alone six—hanging from the United Center rafters. There's no *Last Dance* documentary. There's no "Michael Jordan" as we know him. The 1990s Chicago Bulls teams would not exist as we know them. So how did the youngest of twelve go from growing up poor in the small town of Hamburg, Arkansas, enduring two family tragedies along the way, to become a revered NBA legend? How did the scrawny teen, overlooked by every major collegiate basketball program, go on to become the fifth overall pick in the 1987 NBA Draft? And, perhaps most compelling, how did Pippen set aside his ego (and his own limitless professional ceiling) in order for the Bulls to become the most dominant basketball dynasty of the last half century? In *Unguarded*, the six-time champion and two-time Olympic gold medalist finally opens up to offer pointed and transparent takes on Michael Jordan, Phil Jackson, and Dennis Rodman, among others. Pippen details how he cringed at being labeled Jordan's sidekick, and discusses how he could have (and should have) received more respect from the Bulls' management and the media. Pippen reveals never-before-told stories about some of the most famous games in league history, including the 1994 playoff game against the New York Knicks when he took himself out with 1.8 seconds to go. He discusses what it was like dealing with Jordan on a day-to-day basis, while serving as the facilitator for the offense and the anchor for the defense. On the 30th anniversary of the Bulls' first championship, Pippen is finally giving millions of adoring basketball fans what they crave; a raw, unvarnished look into his life, and role within one of the greatest, most popular teams of all time.

A Caldecott Honor Book Red caboose at the back, orange tank car, green cattle car, purple box car, black tender and a black steam engine . . . freight train. In simple, powerful words and vibrant illustrations, Donald Crews evokes the rolling wheels of that childhood favorite: a train. This Caldecott Honor Book features bright colors and bold shapes. Even a child not lucky enough to

have counted freight cars will feel he or she has watched a freight train passing after reading *Freight Train*. Donald Crews used childhood memories of trains seen during his travels to his grandparents' farm in the American South as the inspiration for this timeless favorite.

Come along for the ride as a busy toy locomotive makes its rounds through a bustling playroom. Featuring rhyming couplets and bright, bold illustrations, this story is sure to be a hit with young train lovers.

"Imagines the bedtime rituals of different types of trains"--

Little Elephant LOVES trains. One day, Mommy and Daddy take Little Elephant for a ride on a real train, and Little Elephant is so excited! "Lot's of amazing trains are inside!" -- Cover.

After the Beeching cuts of the 1960s, many railways were 'rationalised' and gradually shut down. Rural communities were isolated without ready access to the main lines and steam trains slowly gave way to diesel and electric traction. But some people were not prepared to let the romance of train travel die. Thanks to their efforts, many of these lines passed into community ownership and are now booming with new armies of dedicated volunteers. Andrew Martin goes out to meet these enthusiasts and find out just what it is about preserved railways which makes people so devoted. From the inspiration for *Thomas the Tank Engine* to John Betjeman's battle against encroaching modernity, *Steam Trains Today* is a wonderful journey across Britain from Aviemore to Epping.
